BOUSTEAD SUBSIDIARY AWARDED S\$12M DESIGN-AND-BUILD CONTRACT FOR HAFARY LOGISTICS FACILITY

- **Over S\$200 million of industrial real estate design-and-build contracts secured in FY2012**
- **Boustead Group's order book backlog raised to S\$311 million**

Singapore, 7 March 2012

Boustead Singapore Limited ("Boustead") is pleased to announce that its wholly-owned subsidiary, Boustead Projects Pte Ltd ("Boustead Projects") – a leading specialist in industrial real estate solutions – has been awarded a S\$12 million contract to design and build a logistics facility (the "Facility") for Hafary Centre Pte Ltd located in Singapore.

The home-grown Catalist-listed Hafary Holdings Limited (the "Hafary Group") is a leading supplier of premium tiles, stones, mosaic, wood flooring and sanitary ware in Singapore. Through its well-established sourcing and procurement network, the Hafary Group imports a wide variety of materials from international manufacturers based in China and Europe and supplies materials to commercial construction, corporate renovation, HDB upgrading, home renovation and redevelopment projects.

To be completed in calendar year 4Q 2012, the Facility will have a gross floor area of approximately 14,600 square metres spread across two floors. The Facility will be the Hafary Group's fourth logistics facility, designed to meet its growing presence.

Mr Thomas Chu, Managing Director of Boustead Projects said, "We are pleased to be selected as the design-and-build partner for Hafary – one of the fastest growing local suppliers of premium tiles, stones, mosaic, wood-flooring, sanitary ware and fittings in Singapore. Hafary's new logistics facility will support their business expansion in Singapore. With the recent contract from Hafary, we have been awarded over S\$200 million in design-and-build contracts in FY2012. We will continue to build on our strong base in niche growth industries locally and regionally."

The Boustead Group's order book backlog (as at the end of December plus new orders since then) currently stands at S\$311 million.

The latest contract is not expected to have a material impact on the profitability, earnings per share and net asset value per share of Boustead in the current financial year ending 31 March 2012.

None of the Directors or controlling shareholders of Boustead has any interest, direct or indirect, in the above contract.
