### **BOUSTEAD PROJECTS AWARDED S\$59M IN DESIGN-AND-BUILD CONTRACTS**

- **Four contracts secured to date in FY2016 (i.e. from 1 April 2015)**
- **17th aerospace facility undertaken by Boustead Projects and 9th project at Seletar Aerospace Park**
- **Contracts strengthen Boustead Projects' leading status as builder of choice with aerospace industry track record of 200,000 square metres**
- **Boustead Projects Group's order book backlog raised to S\$273 million**

**Singapore, 20 October 2015**

*Boustead Projects Limited's admission to and listing on the Singapore Exchange Securities Trading Limited was sponsored by CIMB Bank Berhad, Singapore Branch. CIMB Bank Berhad, Singapore Branch assumes no responsibility for the contents of this announcement.*

Boustead Projects Limited ("Boustead Projects") – a leading specialist in real estate solutions – is pleased to announce that it has been awarded two contracts in Singapore recently, with a total value of S\$59 million.

The first contract involves the delivery of an integrated production and office facility (the "JEP Facility") for JEP Precision Engineering Pte Ltd ("JEP Precision Engineering") at the Seletar Aerospace Park ("SA Park") in Singapore. JEP Precision Engineering is a major supplier of high quality precision-machined products for the aerospace, oil & gas and machine tool industries, with more than half of its production dedicated to aircraft engine components. To be completed in calendar year 4Q 2016, the JEP Facility will house a single-floor production area and adjoining four-floor office.

The second contract involves the delivery of an integrated production, logistics and office facility (the "Markono Facility") for Markono Print Media Pte Ltd ("Markono Print Media") at Pioneer Crescent in Singapore. Markono Print Media creates exceptional value for its clients through the provision of world-class printing, warehousing and fulfilment, and other supply chain solutions. To be completed in calendar year 4Q 2016, the Markono Facility will house eight floors of production, logistics and office space, incorporating an advanced automatic storage and retrieval system within its warehouse.

Mr Thomas Chu, Managing Director of Boustead Projects said, "We are honoured to be the selected design-and-build partner for JEP and Markono, both clients which happen to be relocating from existing facilities and expanding in Singapore. The JEP Facility marks our 17th project in the aerospace industry and our 9th project at the Seletar Aerospace Park, taking our leading track record in the industry to 200,000 square metres."

Mr Chu added, "Even in this more challenging environment, we continue to pursue opportunities on several fronts for design-and-build and development deals here at

home in Singapore, as well as across regional markets where we intend to strengthen our overseas presence.”

The latest contracts will raise the Boustead Projects Group’s order book backlog (as at the end of June plus new orders since) to S\$273 million.

These contracts are not expected to have a material impact on the profitability, earnings per share and net tangible asset value per share of the Boustead Projects Group in the current financial year ending 31 March 2016.

None of the Directors or controlling shareholders of Boustead Projects has any interest, direct or indirect, in the above contracts.

Listed on the Main Board of the SGX on 30 April 2015, Boustead Projects is a 51%-owned subsidiary of Boustead Singapore Limited, a progressive global infrastructure-related engineering services and geo-spatial technology group which is separately listed on the Main Board of the SGX.

## **About Boustead Projects Limited**

Established in 1996, Boustead Projects Limited is a leading industrial real estate solutions provider in Singapore, with core engineering expertise in the design-and-build, and development of industrial facilities for multinational corporations and local enterprises. To date, Boustead Projects has constructed and developed more than 3,000,000 square metres of industrial real estate regionally in Singapore, China, Malaysia and Vietnam. Boustead Projects is approved by the Building & Construction Authority of Singapore for Grade CW01-A1 and General Builder Class One License to execute building construction contracts of unlimited value.

Boustead Projects' in-depth experience in designing and constructing custom-built facilities covers the aviation, commercial, electronics, food processing, high-tech manufacturing, lifestyle, logistics, petrochemical, pharmaceutical, precision engineering and technology industries. It is also the market leader in pioneering advanced environmentally-sustainable industrial facilities under the Building & Construction Authority's Green Mark Programme and the U.S. Green Building Council's Leadership in Energy & Environmental Design Programme. In Singapore, Boustead Projects is one of only 10 bizSAFE Mentors and also a bizSAFE Star, the highest qualification that can be attained in recognition of a company's health, safety and environmental management programmes.

On 30 April 2015, Boustead Projects listed on the Main Board of the SGX.

Boustead Projects is a 51%-owned subsidiary of Boustead Singapore Limited, a progressive global Infrastructure-Related Engineering Services and Geo-Spatial Technology Group which is separately listed on the Main Board of the SGX.
