

STABLE FOUNDATION

Annual Report 2022

BOUSTEAD
Projects

STABLE FOUNDATION

With a stable foundation created over the years, Boustead Projects delivered a credible performance in FY2022 in the face of multi-faceted challenges.

Following the record profit in FY2021 which was boosted by the Boustead Industrial Fund (“BIF”) value-unlocking transaction one-off gain of S\$134.8 million (“BIF Value-Unlocking Gain”), our focus for FY2022 was to remain profitable amid the challenging business environment, and to progressively complete pre-pandemic projects that had faced unprecedented pandemic-related cost escalations. Under the guidance of the Board and the leadership of senior management, we were able to prevail during this difficult period and achieved a net profit of S\$11.3 million. After adjusting for the BIF Value-Unlocking Gain, net profit compared favourably to the post-adjustment loss of S\$3.2 million for FY2021, due largely to the commitment and focus of our management team. Our team’s commitment and dedication have allowed us to adapt to the challenges and stay focused on creating value for our stakeholders.

During FY2022, we continued to embrace various ConTech and PropTech initiatives to improve productivity and reduce reliance on labour, and forged ahead with our regional expansion plans to build a stronger presence in Vietnam. Having built a stable foundation on which we will gradually recover from the pandemic, we possess the financial strength and resilience to embrace multiple opportunities in the future.

Cover-to-Cover – See the Bigger Picture

This year, Boustead Projects Limited shares about our stable foundation which has helped us prevail in challenging times, while Boustead Singapore Limited shares about their fundamentally robust businesses.

Corporate Profile

Established in 1996 and listed on the SGX Mainboard, Boustead Projects Limited (SGX:AVM) is a leading provider of innovative eco-sustainable real estate solutions with a regional presence across Singapore, China, Malaysia and Vietnam. Our core businesses are uniquely integrated to support the ecosystem of diversified classes of real estate, comprising:

- Turnkey engineering, full-fledged integrated digital delivery (“IDD”), and project and construction management encompassing design-and-build;
- Real estate development, asset and leasing management; and
- Real estate fund management including being the sponsor and manager of Boustead Industrial Fund, a scalable private real estate trust platform for business park, logistics and industrial properties, and joint owner of Echo Base-BP Capital Pte Ltd, an Asia-centric fund management and services platform focused on smart buildings and integrated developments.

To date, we have constructed and/or developed more than 3,000,000 square metres of real estate for clients including Fortune 500, S&P 500 and Euronext 100 corporations, across diverse sectors like aerospace, business park, food, healthcare and pharmaceutical, high-tech manufacturing, logistics, research & development, technology and waste management, among others. Under the Boustead Development Partnership with a reputable Middle East sovereign wealth fund, we have developed or redeveloped more than half a million square metres of real estate in Singapore including landmark developments like ALICE@Mediapolis and GSK Asia House.

Our in-house capabilities are backed by core engineering expertise, the progressive adoption of transformative methodologies including full-fledged IDD and Industry 4.0 technologies and augmented by strategic partnerships which enable the co-creation of smart, eco-sustainable and future-ready developments. Our wholly-owned Engineering & Construction subsidiary in Singapore, Boustead Projects E&C Pte Ltd (“BP E&C”) is the eco-sustainability leader in pioneering Green Mark Platinum-rated new private sector industrial developments under the Building & Construction Authority (“BCA”) Green Mark Certification Scheme and a national champion of best practices for transformation, quality, environmental, and workplace safety and health (“WSH”) management. BP E&C’s related achievements include being the first SkillsFuture Queen Bee for the built environment sector, quality leader on the BCA CONQUAS all-time top 100 industrial projects list and one of only eight bizSAFE Mentors, receiving numerous awards for exemplary WSH performance.

We were awarded the Corporate Excellence & Resilience Award at the Singapore Corporate Awards 2021 Special Edition, a recognition of our best practices in corporate governance and leadership, innovation and resilience during the COVID-19 pandemic. We were also awarded the Singapore Corporate Governance Award in the Newly Listed Category at the Securities Investors Association (Singapore) Investors’ Choice Awards 2017 and are one of only 92 SGX-listed corporations on the SGX Fast Track Programme.

Boustead Projects is a 54%-owned subsidiary of Boustead Singapore Limited (SGX:F9D), a progressive global infrastructure-related engineering and technology group which is separately listed on the SGX Mainboard.

Company Announcement

BOUSTEAD PROJECTS STRENGTHENS PRESENCE IN VIETNAM VIA STRATEGIC COLLABORATION WITH KHAI TOAN JOINT STOCK COMPANY IN REAL ESTATE ACTIVITIES AND PORTFOLIO

SINGAPORE, 5 MAY 2022

1) Introduction

Boustead Projects Limited ("Boustead Projects" or the "Company") – a leading provider of innovative real estate solutions – is pleased to announce that its wholly-owned subsidiary, BP-Vietnam Development Pte Ltd ("BP-VN") has today entered into strategic collaboration arrangements with Khai Toan Joint Stock Company ("KTG") to acquire, develop and own a portfolio of logistics and industrial properties in Vietnam (the "Strategic Collaboration"). The Strategic Collaboration will strengthen Boustead Projects' business presence in Vietnam and is made in the ordinary course of Boustead Projects' real estate business.

KTG is a strong and reputable local partner with a large industrial real estate footprint in key logistics regions within Vietnam and in particular, has developed and owns numerous industrial real estate assets in the Greater Hanoi and Greater Ho Chi Minh regions. It is Boustead Projects' intention and objective to further bolster its cooperation and business relationship with KTG through exploring in future, other available and attractive opportunities presented by KTG's other assets in Vietnam.

2) Strategic Collaboration

Pursuant to the Strategic Collaboration, BP-VN will own a portfolio of logistics and industrial properties in Vietnam via acquiring and holding 60.0% of the issued and paid-up share capital in KTG & Boustead Joint Stock Company ("KBJSJC"), which will be transferred from KTG at a consideration of Vietnamese Dong ("VND") 651,000,000,000 (equivalent to approximately USD28.2 million)¹ (the "Purchase Price").

KBJSJC is the 100% parent company of KTG & Boustead Industrial Logistics Joint Stock Company ("KBIL"), which owns the following logistics and industrial properties through special purpose vehicles ("KBIL SPVs") where the properties held by the KBIL SPVs have a total market value of USD84.2 million (based on a valuation report by Jones Lang LaSalle Vietnam Co Ltd):

- 54,000 square metres ("m²") of land and buildings (including a building under construction) at Lot A204-205-206-207, Nhon Trach Textile Industrial Park, Hiep Phuoc Commune, Nhon Trach District, Dong Nai Province, Vietnam;
- 33,900 m² of land and buildings (including a building under construction) at Vo Van Tan Street, Nhon Trach 3 Industrial Park – Phase 2, Long Tho Commune, Nhon Trach District, Dong Nai Province, Vietnam;
- 62,429 m² of land at No 2 Street, Nhon Trach 3 Industrial Park – Phase 2, Long Tho Commune, Nhon Trach District, Dong Nai Province, Vietnam;
- 36,000 m² of land and buildings (including a building under construction) at Lot CN13-1, Yen Phong Industrial Park (Expanded Area), Dung Liet Commune, Yen Phong District, Bac Ninh Province, Vietnam;

¹ An exchange rate of USD1 to VND23,283 has been applied for the purpose of this Announcement, which will be adjusted based on the prevailing exchange rate as at the date of transaction.

Company Announcement

BOUSTEAD PROJECTS PROPOSED ACQUISITION OF MEZZANINE DEBT OF PROPERTY GROUP

SINGAPORE, 12 AUGUST 2021

1) Introduction

The Board of Directors ("Board") of Boustead Projects Limited ("Boustead Projects") today announced that its wholly-owned subsidiary, Boustead Projects (Singapore) Pte Ltd ("Boustead Projects (SG)") has entered into a strategic collaboration with the Property Group ("Property Group") to acquire a portfolio of properties in Singapore. The acquisition is subject to the approval of the shareholders of Boustead Projects (SG) and the Property Group. The acquisition is expected to be completed by the end of 2021. The acquisition is expected to be completed by the end of 2021. The acquisition is expected to be completed by the end of 2021.

2) About Boustead Projects and the Property Group

2.1) Boustead Projects

Boustead Projects is a leading provider of innovative real estate solutions. It is a subsidiary of Boustead Projects Limited. It is a subsidiary of Boustead Projects Limited. It is a subsidiary of Boustead Projects Limited.

2.2) The Property Group

REAL ESTATE

ENDURING VALUE

Boustead Projects has delivered enduring value, in line with the *Boustead Way* and our aim to continue creating sustainable shared socio-economic value.

TRACK RECORD

Our Real Estate Business has delivered:

S\$1.3 billion
in total market valuation
of completed pipeline in
our portfolio.

Multiple real estate
platforms including
Boustead Development
Partnership, Boustead
Industrial Fund and Echo
Base-BP Capital Pte Ltd.

Boustead Projects' constantly evolving business model has allowed for the development of multiple long-term recurring income streams. Our market-leading capabilities have expanded to include development management, asset management and fund management.

STRATEGIC PARTNERSHIPS & INVESTMENTS

REPUTABLE PARTNERSHIPS

Boustead Projects has delivered reputable strategic partnerships, enhancing our resilience, competitive position and geographic expansion across Asia – along with that of our strategic partners.

Perspective of Bombardier Singapore Service Centre
Phases 1 and 2, Seletar Aerospace Park, Singapore.

TRACK RECORD

Our strategic partnerships have delivered:

Enhanced capabilities

in development, real estate trust and management, and ConTech and PropTech.

Thousands of mentorships

through our role as bizSAFE Mentor and SkillsFuture Queen Bee, helping small and medium-sized enterprises to transform, strengthen workplace safety, health and security standards, and improve their sustainability.

Working with like-minded, reputable and resilient strategic partners on several fronts has allowed us to pool complementary capabilities and expertise to take on larger-scale projects and broaden our offerings to clients, while simultaneously reducing commercial and operational risks related to a particular geographic market or sector. Activities under strategic partnerships also create value in our Engineering & Construction Business and Real Estate Business.

Mission, Vision & Business Model

The Boustead Way

The **Boustead Way** prioritises the pursuit of business with a greater purpose. It is about creating sustainable shared socio-economic value versus maximising short-term profit; promoting adaptability and resilience; and favouring longevity over sentimentality. It is a position, a value, a commercial sensibility that runs through every layer of our organisation.

Mission

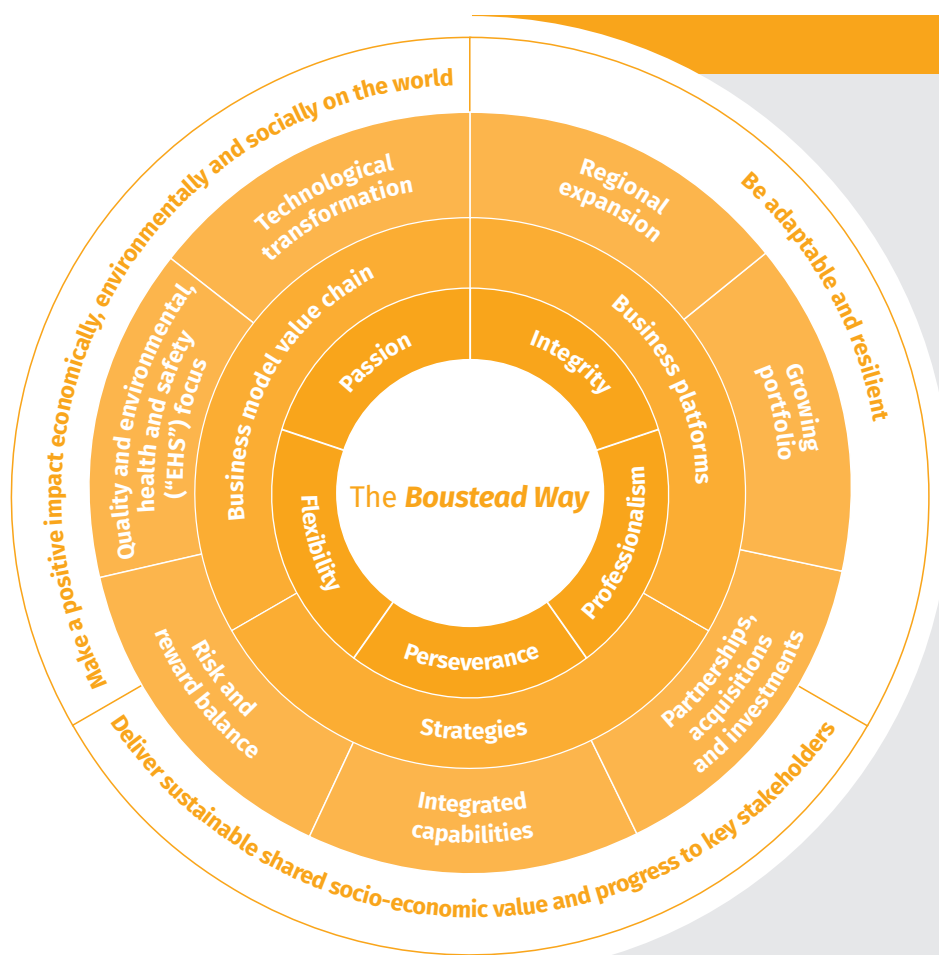

To provide technology-driven design, engineering and delivery of end-to-end smart eco-sustainable real estate solutions that can be deployed in any sector and market.

Vision

To be the leading provider of innovative real estate solutions in Asia, offering a full suite of smart eco-sustainable solutions that enhance built environments and ecosystems.

Business Model

In order to achieve our mission, vision and long-term objectives, we rely on our business drivers: business platforms, strategies and business model value chain – guided by the **Boustead Way**, along with our fundamental principles and strong human-centric corporate values. These business drivers highlight how we combine our core competencies and strategies to allow us to achieve our long-term objectives to be adaptable and resilient, deliver sustainable shared socio-economic value and progress to key stakeholders, and make a positive impact economically, environmentally and socially on the world.

BUSINESS PLATFORMS

Positioning and presence

- Integrated capabilities spanning engineering & construction, development management, asset management and fund management
- Successful spotting and positioning on megatrends
- Growing Asian presence with local market knowledge
- Broad coverage of sectors

Performance

- Real estate market player in Singapore with extensive track record in delivering best-in-class industrial projects
- Green Mark Platinum industrial leader with firsts in heavy industry, aerospace sector and logistics sector categories and first Green Mark Platinum – Super Low Energy large-scale business park and industrial development
- CONQUAS all-time top 100 industrial projects quality leader
- Developer, manager and owner of growing portfolio

People

- Top engineering & construction team for smart, eco-sustainable and future-ready developments
- Empowering culture
- Fair and non-discriminatory employment
- Ability to attract, develop, motivate and retain talent
- Industry technical experts
- bizSAFE Mentor
- SkillsFuture Queen Bee

STRATEGIES

Regional expansion

Our expansion into fast-growing Asian markets rides upon in-depth domain expertise, leading market sector positions and a diversified track record in delivering over 3,000,000 square metres of real estate.

Integrated capabilities

Our integrated capabilities are aimed at helping clients achieve highly effective and cost competitive solutions that improve efficiency and multi-decade building lifecycle sustainability.

Technological transformation

Our transformation is supported by progressive adoption of digitally-enabled, productivity-enhancing approaches like integrated digital delivery, building information modelling, design for manufacturing and assembly, and smart building capabilities. We aim to be a market leader in the world of Industry 4.0.

Growing portfolio

Our growing portfolio of properties contribute under multiple real estate platforms, providing long-term recurring income streams.

Risk and reward balance

We are vigilant in ensuring that our strategies to enhance stakeholders' shared socio-economic value are well-supported by sound risk management.

Partnerships, acquisitions and investments

Our continuous search for strategic partnerships, catalytic acquisitions and investments is aimed at accelerating our business expansion, enhancing capabilities, broadening revenue streams and driving sustainable long-term growth.

Quality and EHS focus

We strive to achieve the highest standards in quality and workplace EHS, for the wellbeing and protection of every individual. We are a leader and active participant in national technology, quality, EHS and ISO programmes.

Business Model Value Chain

Uphold our excellent reputation for integrity, quality, reliability and trust

Design smart eco-sustainable solutions including Green Mark Platinum-rated and LEED-rated developments that meet Industry 4.0 transformation standards

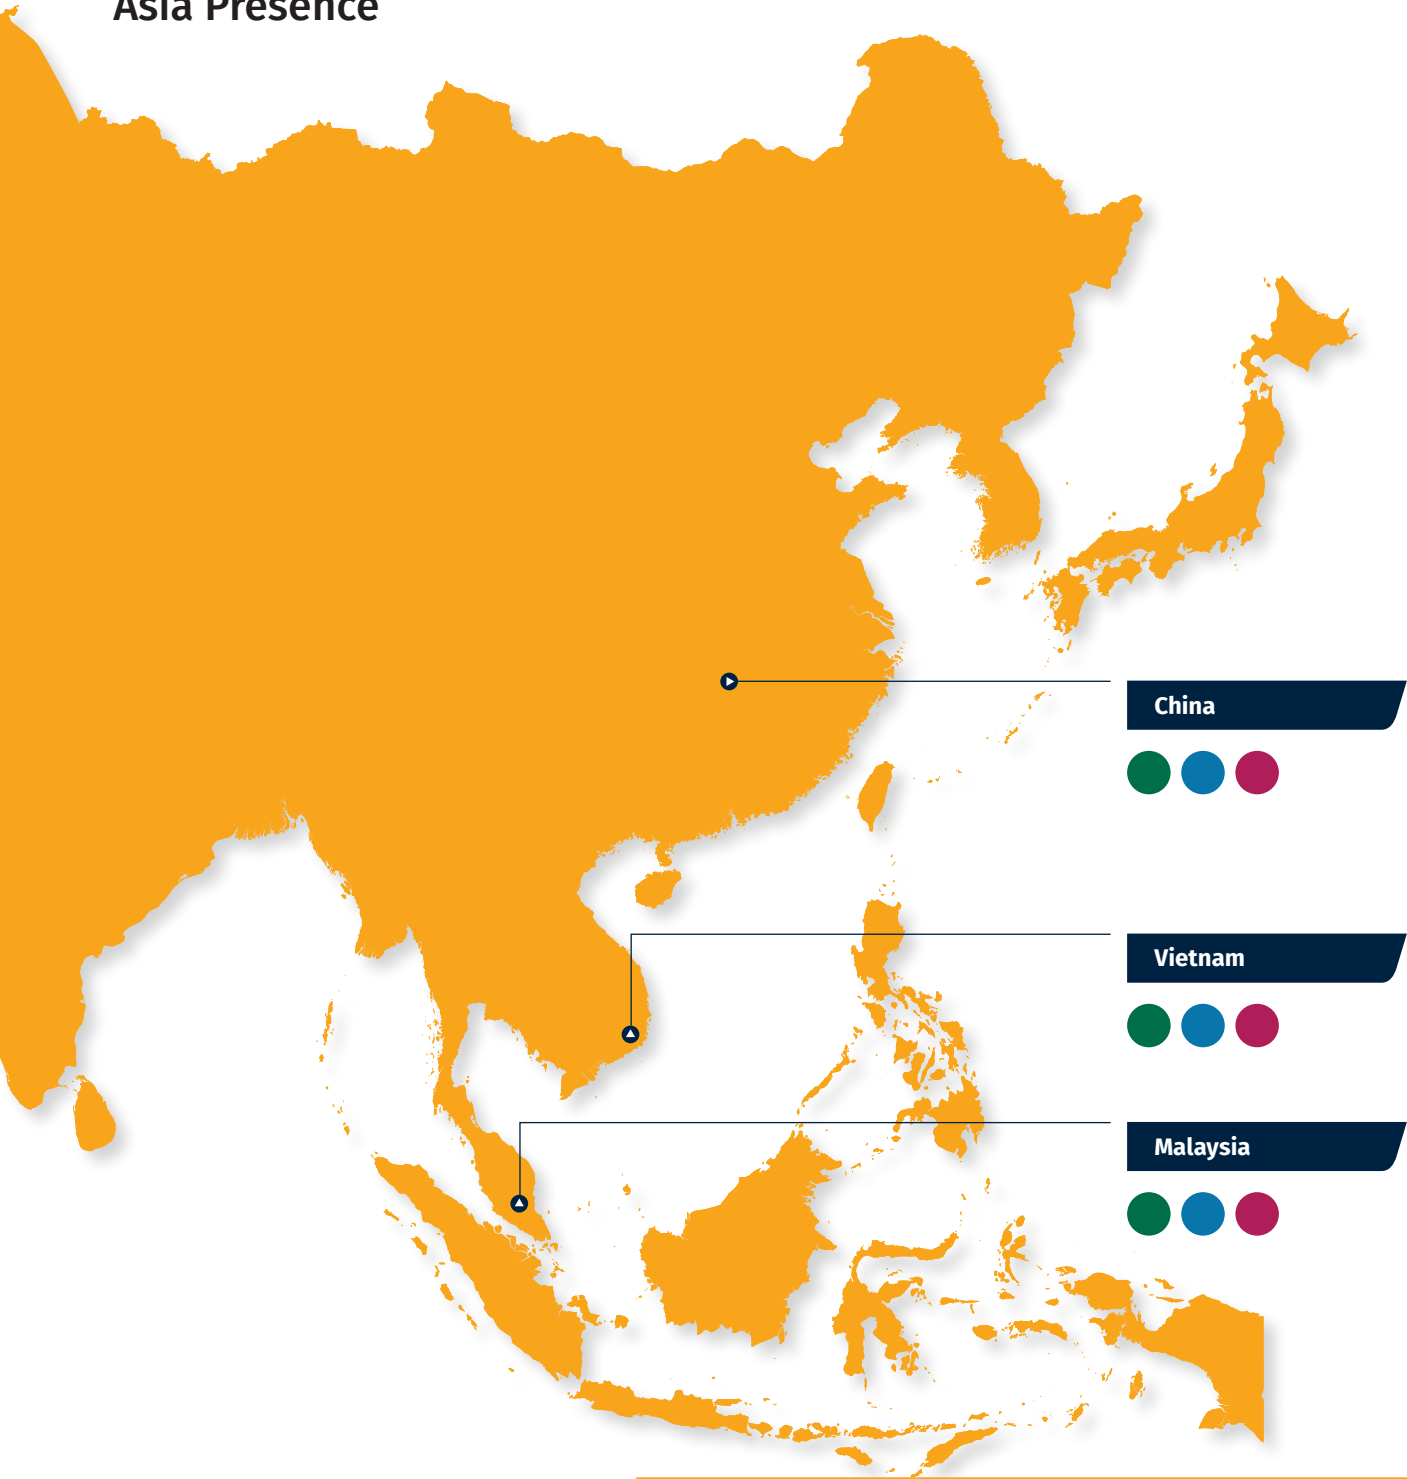

Commit to operational excellence through undertaking technology-driven design, value engineering, project management, construction management, quality and EHS supervision, development management, asset management and fund management

Deliver efficiency, performance and socio-economic value to clients

Generate revenue, profit and cash flow in a sustainable manner

Be adaptable and resilient, deliver sustainable shared socio-economic value and progress, and make a positive impact on the world

Socio-Economic & Sustainability Performance

“Not all profit is equal. Profits involving a social purpose represent a higher form of capitalism, one that creates a positive cycle of company and community prosperity.”

- Professor Michael Porter

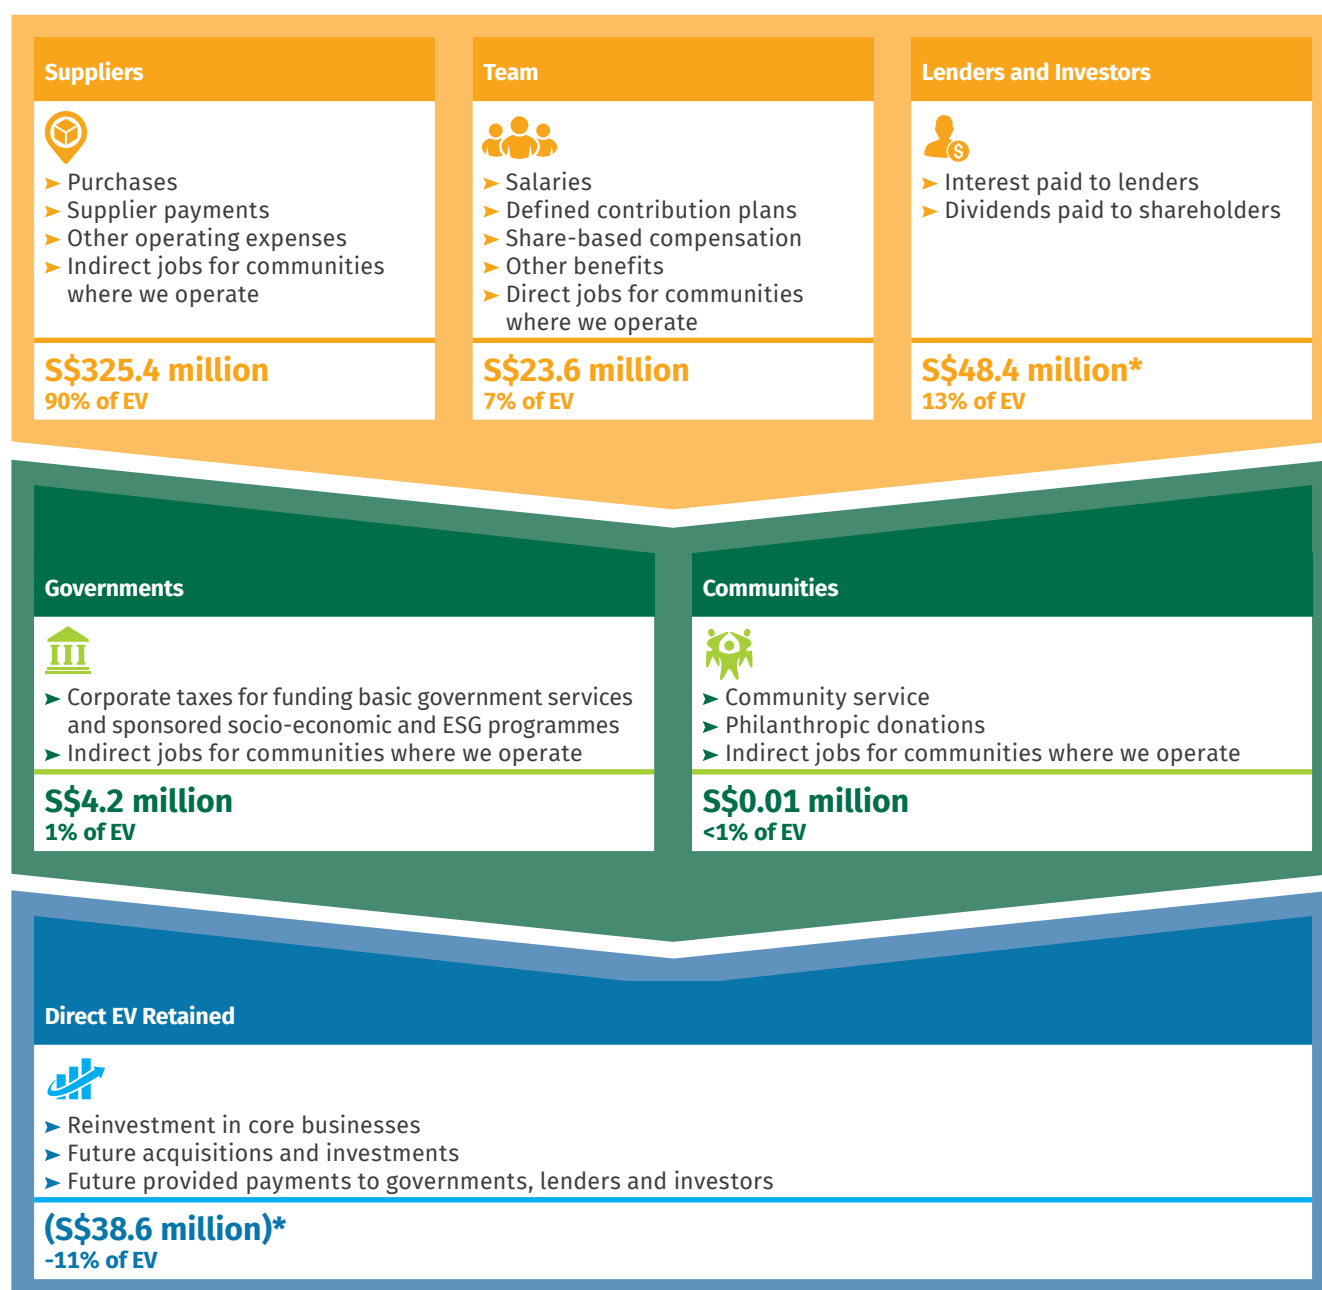

Shared Socio-Economic Value Creation and Distribution in FY2022

For over 25 years, Boustead Projects has been a pioneer and contributor to the transformation of Asia's built environment sector. We have performed our role as a trustworthy corporate citizen, building businesses with a greater purpose – creating sustainable shared socio-economic value in the

process – and developing trusting relationships with key stakeholders. We have generated and distributed tremendous direct economic value (“EV”) and environmental, social and governance (“ESG”) benefits to key stakeholders including our team, clients, partners, suppliers, lenders, shareholders, the media, governments and communities.

Our continuous profitability every year has enabled us to reinvest in creating sustainable shared socio-economic value and delivering progress to key stakeholders, laying the cornerstones for our long-term success and longevity.

In FY2022, S\$363 million in direct EV was generated, which was shared among key stakeholders as shown here.

* Record dividends paid to shareholders.

Transformative Technologies Deployment

According to Boston Consulting Group (“BCG”), Industry 4.0 – the fourth industrial revolution – affects every manufacturing domain and comprises advanced manufacturing technologies that capture, manage and optimise data. In simple terms, Industry 4.0 makes manufacturing ‘smart’. Technologies such as artificial intelligence (“AI”), cyber-physical systems and industrial IoT interact seamlessly, and communicate and modify continuously. Businesses that fully understand and capture the value of these advantages are best positioned to take on the challenges that lie ahead. BCG went on to name nine technologies that are driving Industry 4.0. We have overlaid our already implemented technologies in seven of these areas.

For over 25 years, we have been a pioneering force in Singapore’s

industrial real estate sector, demonstrating pioneering and transformation in business model and activities including design-and-build (1996), design-build-and-lease (2003), advanced eco-sustainable buildings (2009) and integrated digital delivery (“IDD”) (2017), among others.

As the latest capability in our pioneering approach, our full-fledged IDD platform is guided by Industry 4.0 transformation standards and deploys digitalisation and Cloud-based technology platforms for 7D building information modelling (“BIM”), virtual design and construction (“VDC”), and design for manufacturing and assembly (“DfMA”). Our progressive adoption of transformative technologies – known as ConTech and PropTech – includes 3D scanning, AI and machine learning, augmented reality (“AR”) and virtual reality (“VR”), data analytics and drone technology.

In FY2022, we partnered with TraceSafe, an enterprise location-aware IoT solution to roll out their wearable TraceSafe devices for safety management at project sites to keep our team and subcontractors healthy and safe. We also continued our partnership with Getronics, a smart building management platform and implemented it at ALICE@Mediapolis, Razer SEA HQ and ‘351 on Braddell’, with implementation at other developments in our portfolio in the future.

We have also been appointed as a SkillsFuture Queen Bee, the first and only in the built environment sector. As a SkillsFuture Queen Bee, we drive workforce upskilling and help our partners, particularly small and medium-sized enterprises, to build up their technology skills capabilities to meet business needs. This will allow us to contribute to building up the interdependent built environment ecosystem and resilience of the sector.

Transformation Initiatives Overlay on Nine Technologies of Industry 4.0

We have built **1 out of every 3** Green Mark Platinum-rated new private sector logistics developments.

Renewable Energy (kWp)

As part of our commitment towards eco-sustainability and emissions reduction, we aim to progressively tap on solar energy as a renewable clean energy source to supplement the energy requirements of tenants within our portfolio. Our portfolio's completed kilowatt-peak ("kWp") capacity and committed kWp capacity are as shown above.

Group at a Glance

Socio-Economic & Sustainability Performance

Quality

As a promoter of quality, we are a leader in the BCA Construction Quality Assessment System ("CONQUAS"), which is used to measure the quality achieved in a completed construction project in Singapore in respect of structural, architectural, and mechanical & electrical works.

BCA CONQUAS is a voluntary quality assessment in respect to most private sector industrial projects.

During FY2022, '351 on Braddell' received a CONQUAS score of 93.3%, while ASM Front-End Manufacturing received a CONQUAS score of 92.8%, placing them at 11th and 17th respectively on

the BCA CONQUAS all-time top 100 industrial projects list. To date, our efforts in construction quality have been recognised with 12 projects ranked in the BCA CONQUAS all-time top 100 industrial projects list, making us the top main contractor on the list. Our track record of 15 projects on the BCA CONQUAS list is shown on the next page.

Projects on BCA CONQUAS All-Time Top 100 Industrial Projects List*

* Updated as at 31 March 2022.

Projects on BCA CONQUAS List*

Projects	CONQUAS Scores	Rank on All-Time Top 100 Industrial Projects List (March 2022)

WONG YU WEI

Executive Deputy Chairman

Summary of message

Boustead Projects remained committed to unlocking and delivering value to our stakeholders:

- ▶ Profitable performance in FY2022.
- ▶ Technology investments helped to increase productivity while reducing labour reliance at project sites.
- ▶ First full-year contribution from BIF and strengthened recurring income streams through maximisation of real estate platforms.

Dear Fellow Shareholders,

As we present to you the Boustead Projects Limited FY2022 Annual Report for the financial year ended 31 March 2022, the lingering effects of the pandemic and the volatility of the geoeconomic and geopolitical climate continue to assert pressure on the built environment (“BE”) sector and our operations.

Following the record profit in FY2021 which was boosted by the Boustead Industrial Fund (“BIF”) value-unlocking transaction one-off gain of S\$134.8 million (“BIF Value-Unlocking Gain”), our focus for FY2022 was to remain profitable amid the challenging business environment, and to progressively complete pre-pandemic projects that had faced unprecedented pandemic-related cost escalations. Under the guidance of the Board and the leadership of senior management, we delivered a credible performance in the face of multi-faceted challenges.

Our profitable performance in FY2022 was by no means an easy feat. Since the start of the pandemic, management

has had to continually address evolving challenges while remaining agile and focused. Our progressive mindset, strong resilience and prudent execution have formed a stable foundation for us to prevail during this difficult period.

Overall revenue was 13% higher year-on-year at S\$339.1 million, mainly due to higher revenue recognition on Engineering & Construction (“E&C”) projects arising from a gradual resumption of construction activities in the BE sector, as compared to the previous year’s extended shutdown of project sites, imposed by the Singapore Government to rein in the spread of the pandemic. However, our revenue performance was partially offset by a reduction in rental revenue from the Real Estate Business following the sale of interests in 14 properties to BIF at the end of FY2021.

Our net profit attributable to you – our shareholders – was 91% lower year-on-year at S\$11.3 million, largely due to the absence of the BIF Value-Unlocking Gain. However, adjusting for this gain, net profit for FY2022 compared

Since the start of the pandemic, management has had to continually address evolving challenges while remaining agile and focused. Our progressive mindset, strong resilience and prudent execution have formed a stable foundation for us to prevail during this difficult period.

favourably to the post-adjustment loss of S\$3.2 million for FY2021, due largely to the commitment and focus of our management team. Our team's commitment and dedication have allowed us to adapt to the challenges and stay focused on creating value for our stakeholders.

FY2022 – Navigating the Pandemic

Throughout the pandemic, the BE sector has been challenged by unprecedented delays and significant inflationary pressure in all parts of the supply chain including labour and materials. Prices of key construction materials like steel rebar sharply increased by 43% in 2021, while the sector faced a constricted labour pool due to pandemic restrictions. On a brighter note, the sector regained lost ground with the ability to execute projects all year-round, as seen in the higher revenue on our E&C projects in FY2022. E&C revenue grew 23% year-on-year to S\$324.5 million, although this was partially offset by lower revenue in 2H FY2022 due to a leaner order backlog of E&C projects. The leaner backlog has helped with

managing the risks that have arisen from labour issues, inflation and supply chain disruptions, and has allowed us to focus on clearing our pre-pandemic backlog. Unfortunately, as a result of executing on projects secured pre-pandemic at margins that did not take into account escalated costs, the E&C Business was in a loss position in FY2022.

FY2022 saw the completion of a number of milestone projects, including Bombardier Singapore Service Centre Phase 2, Razer SEA HQ and Wilmar International HQ, with the latter two adding to the innovative landscape of Singapore's thriving research & development hub, one-north.

We also delivered several projects for the pharmaceutical and semiconductor sectors, including a sizeable project for a Fortune 500 technology corporation in Malaysia. Apart from these, we made progress on our two largest projects secured pre-pandemic – JTC Kranji Green and Surbana Jurong Campus – and are expecting their completion in FY2023.

The adoption of construction and real estate technology – commonly known as ConTech and PropTech – to increase productivity and reduce reliance on labour is more critical today than ever before. Technology investments have not only helped us to address the challenges of the pandemic but have also transformed us into the leading technology-driven player within the BE sector. Meaningful partnerships forged with several ConTech and PropTech partners have helped our integrated digital delivery, building information modelling and technology initiatives to be critical platforms that allowed for remote coordination and minimised disruptions during the pandemic. As we continuously improve our productivity and workflows, our partners are simultaneously benefitting from their opportunities to testbed and finetune technological offerings for the BE sector.

Being a leader in smart, eco-sustainable and future-ready industrial real estate solutions, our journey with the Building & Construction Authority ("BCA")'s evolving Green Mark Certification Scheme and Singapore's emissions

Letter to Shareholders

reduction pledge, is also progressing. As the market leader for Green Mark Platinum-rated new private sector industrial developments, we are currently delivering the most advanced eco-sustainable buildings in Singapore. Surbana Jurong Campus will be Singapore's first Green Mark Platinum – Super Low Energy-rated development in the large-scale business park and industrial real estate sector. We have also expanded our achievements to design-and-build our first Green Mark Platinum – Zero Energy Building, with the almost-complete Takeda Singapore Biologics Manufacturing Support Building, which will be among Singapore's first Zero Energy Buildings in the industrial real estate sector. In our commitment as a responsible developer to address climate change, we have also facilitated tenant commitments which will see five properties within our managed portfolios fitted with industrial solar energy capacity of over 892 kilowatt-peak, capable of generating over 1.1 gigawatt-hours of electricity annually. We continue to press forward with marketing the use of industrial solar energy systems at our developments, together with our solar energy technology partners.

In FY2022, we were appointed as a SkillsFuture Queen Bee – the first and only in the BE sector – to drive workforce upskilling and help our partners, particularly small and medium-sized enterprises, to build up their technology skills capabilities to meet business needs. Beyond a recognition as a market leader, this

appointment will allow us to contribute to building up the interdependent BE ecosystem and resilience of the sector. Our role as a SkillsFuture Queen Bee also complements our existing position as a bizSAFE Mentor, among only eight across Singapore and the only one among our direct competitors.

Our Real Estate Business had another good year, advancing on multiple initiatives in FY2022. The Real Estate Business' inaugural full-fledged real estate fund, BIF, delivered our first full-year contribution and continues to generate recurring income streams through our management and leasing of BIF portfolio properties. Demonstrating our strategy and vision to grow BIF, we further injected '351 on Braddell' into BIF in November 2021. Our phased approach in expanding the BIF portfolio will continue to bring value to Boustead Projects and benefit our shareholders through our 100%-owned management of and 25%-owned unitholding in BIF. In the future, shareholders can expect timely unlocking of value of our non-BIF portfolio in Singapore as and when properties are asset-stabilised and meet all of the necessary requirements for a transfer of ownership.

Outside of BIF, while there was a pause in securing new development opportunities under the Real Estate Business during the pandemic, significant effort was put in to boost recurring income through asset stabilisations and higher occupancies. By the end of FY2022, both ALICE@Mediapolis and Razer SEA HQ were approaching asset stabilisation, with occupancy rates

around 90%. In Vietnam, Boustead Industrial Park Phase 2A was completed and has already achieved 85% committed occupancy.

We continue to actively seek out opportunities to build upon and strengthen our various real estate platforms through increasing assets under management and fund management activities, making strategic investments and monetising developments. These will be supported by existing partnerships under Boustead Development Partnership ("BDP") and BIF in Singapore, forged with reputable joint venture ("JV") partners to scale the business while deepening our track record with institutional real estate investors. Separately, we recently announced our strategic collaboration with Khai Toan Joint Stock Company to co-develop and co-invest in KTG & Boustead Industrial Logistics Fund, marking our strong expansion of real estate activities in Vietnam. However, as we embark on more JV developments, similar to our experience with ALICE@Mediapolis, we should expect 'share of losses' arising from depreciation costs during the asset stabilisation period. The risks would have to be carefully considered and mitigated in such developments to protect the long-term value generated.

Apart from traditional activities under the Real Estate Business, a consortium of which we are part of acquired S\$117 million of mezzanine debt in relation to 28 & 30 Bideford Road ("Bideford Road"), a brand new Grade-A 18-floor mixed development in Singapore's prime

Orchard Precinct. As recently announced in June 2022, together with our consortium partners, we have acquired the development for S\$515 million, representing another value creation opportunity made possible by our strong balance sheet and stable foundation.

With the above factors combined, the Real Estate Business is well-positioned for growth, from uptake in demand for our existing development pipeline to disciplined investment strategy on new development opportunities.

On this note, we are pleased to share that Boustead Projects was awarded the Corporate Excellence & Resilience Award at the Singapore Corporate Awards 2021 Special Edition, in recognition of our resilience, innovative spirit and strong leadership during the pandemic.

Your Board has proposed a final dividend and special dividend of 0.2 cents per share and 0.8 cents per share respectively, subject to shareholders' approval. These dividends have been carefully deliberated on with a balanced view to take into consideration the lower profit, as well as the capital requirements to grow our various real estate platforms including BIF, KTG & Boustead Industrial Logistics Fund and potential new developments.

FY2023 – Poised for a Gradual Recovery

Looking forward, we are poised to ride on the wave of recovery with our full-fledged integrated capabilities that span from E&C to development management, asset management and fund management.

At the end of FY2022, outside of BIF, our completed wholly-owned properties had a total market valuation of over S\$110 million, comprising over 108,000 square metres ("sqm") in gross floor area ("GFA"), with an overall occupancy rate of 95% and WALE of over four years. Outside of BIF, our completed jointly-owned properties had a total market valuation of over S\$516 million*, comprising over 127,000 sqm in GFA, with an overall occupancy rate of 95% and WALE of over nine years.

At the end of FY2022, BIF properties had a total market valuation of over S\$689 million**, comprising over 195,000 sqm in GFA, with an overall occupancy rate of 98% and WALE of over five years.

FY2023 should also see the completion of our investment in KTG & Boustead Joint Stock Company, the holding company for KTG & Boustead Industrial Logistics Fund, envisaged to acquire initial properties with a total market valuation of over US\$84.2 million, comprising over 396,000 sqm in land and buildings, with further acquisition and expansion phases planned thereafter.

In FY2023, the E&C Business expects to turn a new page with the completion of projects secured pre-pandemic and rebuild the order backlog with high value-added sector projects. The Real Estate Business not only expects to unlock further value across different platforms but also leverage our track record with institutional investors via BDP and BIF. We also continue to have

significant debt headroom which has yet to be tapped. Having built a stable foundation on which we will gradually recover from the pandemic, we possess the financial strength and resilience to embrace multiple opportunities in the future, while reducing reliance on traditional E&C activities.

Words of Appreciation

We would like to express our appreciation to our senior leadership and team members for their continued dedication in protecting our progressive reputation and the value of the organisation. We would also like to extend our gratitude to our partners and key stakeholders – our clients, business partners, associates, bankers, suppliers and to you, our shareholders – for your continued support.

Last but not the least, we would also like to thank our fellow Board colleagues for their wisdom, guidance and continued advice as we navigate the challenges and scale the business. The stable foundation which we have created over the years will pave the way for us to emerge stronger.

We look forward to meeting you at our virtual Annual General Meeting. In the meantime, may you and your loved ones stay well and safe.

Engineering & Construction

Performance Highlights

Segment Revenue

S\$324.5 million

Year-on-year: ▲ 23%

► Higher revenue was due to greater revenue recognition on E&C projects.

Segment Profit/(Loss) before Income Tax ("PBT")

(S\$6.5 million)

► Loss before income tax was due to the delivery of pre-pandemic E&C projects with elevated pandemic-related costs.

Segment Contracts Secured

S\$148 million

Year-on-year: ▼ 17%

► Lower contracts secured due to strategy shift to focus on high value-added sectors, and to better manage resources to complete projects secured pre-pandemic.

About

With Boustead Projects' inception in 1996, we pioneered the Engineering & Construction ("E&C") Business integrating turnkey engineering, project management and construction management services encompassing design-and-build methodologies for the real estate sector in Singapore. We offer clients innovative real estate solutions for smart, eco-sustainable and future-ready developments. Our full-fledged integrated digital delivery ("IDD") approach is guided by Industry 4.0 transformation standards and incorporates 7D building information modelling ("BIM"), virtual design and construction ("VDC"), and design for manufacturing and assembly. Our progressive adoption of transformative technologies – known as ConTech and PropTech – includes 3D scanning, artificial intelligence ("AI") and machine learning, augmented reality ("AR") and virtual reality ("VR"), data analytics and drone technology. These market-leading capabilities are complemented by our green building credentials and supported by robust quality, environmental, health and safety ("EHS") management systems.

Market Review

The market was focused on:

- Challenging market conditions due to the pandemic; and
- Cost escalation and supply chain disruptions.

Key Highlights

Our E&C Business saw:

- Higher revenue recognition due to an ability to execute projects all year-round; and
- Lower project margins due to elevated pandemic-related costs.

In FY2022, Boustead Projects' E&C Business witnessed higher revenue but lower PBT due to an escalation in labour, construction material and supply chain costs, arising from the lingering effects of the pandemic and geopolitical tensions.

All of the E&C Business' activities in Singapore are undertaken by our wholly-owned E&C subsidiary and regional centre of excellence, Boustead Projects E&C.

Following prolonged project site closures in the previous year as a result of the pandemic, the E&C Business regained lost ground with our ability to execute projects all year-round in FY2022, achieving revenue which was 23% higher year-on-year at S\$324.5 million. However, the E&C Business registered a loss before income tax of S\$6.5 million as compared to PBT of S\$4.0 million in FY2021, as the previous year benefitted from the business segment's S\$19.9 million share of Boustead Industrial Fund's value-unlocking transaction one-off gain, due to the reversal of previously eliminated construction margins attributable to the E&C Business. In addition, higher grants were also received in FY2021 under the Singapore Government's Jobs Support Scheme to partially offset pandemic-related costs.

In FY2022, margins of contracts secured pre-pandemic continued to be impacted by inflationary pressure including an escalation in labour, construction material and supply chain costs. Amid volatile market conditions, the value of new contracts secured was 17% lower year-on-year at S\$148 million, as there was a cautious and selective rebuilding of the order backlog to focus on high value-added sectors where we retain a competitive advantage, expertise and familiarity. This approach has helped us to mitigate risks in relation to the margins of contracts secured post-pandemic. Nonetheless, it should be noted that market conditions continue to evolve and remain fluid, as costs and resources have not stabilised in the short-term.

During the year, we completed a number of milestone projects including Bombardier Singapore Service Centre Phase 2, Razer SEA HQ and Wilmar International HQ – with the latter two projects adding to the innovative landscape of Singapore's thriving R&D

1. Iconic one-north projects: Razer SEA HQ (foreground) and Seagate Singapore Design Center – The Shugart (background), Singapore.
2. Perspective of Takeda Singapore Biologics Manufacturing Support Building, Singapore.

hub, one-north. Wilmar International HQ is characterised by tiered landscaped terraces, set in lush greenery and natural ecosystems integrated throughout the entire development. The project is Singapore's first building to incorporate two-metre terracotta fins that provide a passive cooling system – through the reduction of solar glare while offering protection from the rain – in response to Singapore's tropical climate. For its outstanding design, construction and integration of natural ecosystems, Wilmar International HQ was awarded the Best Office Development Silver Award at the MIPIM Asia Awards 2021 and also the Commercial Projects Merit Award at the Singapore Institute of Architects Architectural Design Awards 2021.

We also continued to make substantial progress on our two largest projects, JTC Kranji Green and Surbana Jurong Campus, both of which had been secured pre-pandemic at margins that did not take into consideration elevated pre-pandemic costs. Both projects are

now scheduled to be completed in FY2023 and continue to be landmark projects in Singapore's industrial real estate landscape. JTC Kranji Green – as Singapore's first multi-storey recycling facility to house recyclers handling waste streams like metals, paper and plastics – is a national project aimed at assisting Singapore towards the vision of a circular economy. Surbana Jurong Campus is Singapore's first large-scale business park and industrial development to be awarded the BCA Green Mark Platinum – Super Low Energy rating, an important step in the built environment ("BE") sector towards lower emissions, better climate resilience and building lifecycle sustainability. Simultaneously, we embarked on and delivered several other projects spanning targeted high value-added sectors including the pharmaceutical, semiconductor and technology sectors.

In another step in the right direction and among Singapore's firsts in the industrial real estate sector,

Engineering & Construction

we advanced on the delivery of Takeda Singapore Biologics Manufacturing Support Building under a design-and-build contract, which is aligned with the Building & Construction Authority (“BCA”)’s evolving Green Mark Certification Scheme, specifically Green Mark Platinum – Zero Energy Building. The project is expected to be able to sustain building operations without drawing any electricity from the national grid. Upon the project’s imminent completion, our track record as the market leader in smart, eco-sustainable and future-ready developments will be further reinforced, as we continue to provide transformative solutions that strengthen the BE sector’s climate resilience.

Riding on previous momentum to expand regionally, we continued to make inroads in Malaysia and Vietnam, securing several new design-and-build contracts in both countries including a sizeable variation order for a significant project in Penang. Having already delivered Phases 1 and 2 for a Fortune 500 technology corporation’s advanced semiconductor manufacturing, logistics and office facility during the year,

the sizeable variation order was awarded to simultaneously deliver Phases 3 and 4, which was also completed in FY2022. Other notable overseas contracts secured were mainly in the logistics and pharmaceutical sectors.

In FY2022, technology continued to play a key role in mitigating risks associated with the pandemic by increasing productivity while reducing reliance on labour, allowing for highly collaborative activities such as IDD, VDC, value engineering and physical construction activities to be conducted in a productive and safe manner. Our IDD Team continued to push forward with transformative technologies implementation, scaling new heights with digitalisation and strengthening value propositions in 7D BIM by utilising 3D scanning, AI and machine learning, AR and VR, data analytics and drone technology. Having expanded the number of use cases in ongoing projects, 7D BIM was demonstrated to show the following real benefits:

- Digital progress documentation reduced the risk of late claims, disputes and rectifications;
- Clients and senior leadership could conduct virtual project site visits

to review ongoing construction activities without travelling to project sites, saving the need for additional logistics, swab testing and time, and keeping them well, healthy and safe;

- Project management progress updates could be remotely conducted offsite for key issues to be identified and rectified, significantly reducing potential miscommunications; and
- EHS 360-degree virtual reports delivered remote visualisation capabilities, allowing for timely EHS interventions.

Other ConTech and PropTech initiatives were also implemented in the year across four projects. These initiatives included the Common Data Environment (“CDE”) and Digital Operations & Maintenance Manuals (“DOMM”). CDE is a centralised digital hub where project information is shared and stored, to enhance digital collaboration. DOMM improves data governance and enhances the review process of the many project stakeholders, from construction to facilities management by embracing the digitalisation of building lifecycle activities.

FY2022 Business Highlights

Jun 2021

Singapore

Awarded A&A contract for Fortune 500 technology corporation’s integrated manufacturing, logistics and office facility

Jun 2021

Malaysia

Awarded construction contract for Fortune Global 500 logistics corporation’s integrated logistics and office facility

About

In 2003, Boustead Projects pioneered the design-build-and-lease approach, also known as the integrated development approach in Singapore. We offer hybrid solutions in which we assume dual roles as the developer-owner of developments, and that of Engineering & Construction ("E&C") Partner to deliver smart, eco-sustainable and future-ready developments. This has allowed us to build a growing portfolio of quality properties. Our market-leading capabilities have since expanded to include development management, asset management and fund management services, providing us with additional long-term recurring income streams. In March 2021, we successfully launched Boustead Industrial Fund ("BIF"), our maiden full-fledged private real estate trust.

Real Estate

Market Review

The market was focused on:

- Challenging market conditions due to the pandemic; and
- Landlord-tenant disputes.

Key Highlights

Our Real Estate Business achieved:

- First full-year contribution from BIF;
- Improved asset stabilisations; and
- New lines of strategic investments.

In FY2022, Boustead Projects' Real Estate Business registered lower revenue and PBT, following the sale of interests in 14 properties to BIF in the previous year and in the absence of the BIF value-unlocking transaction one-off gain. However, the reductions in revenue and PBT were offset by long-term recurring income streams generated by asset management and fund management activities and the sale of '351 on Braddell' to BIF.

Real Estate revenue was 60% lower year-on-year at S\$14.6 million, mainly due to reductions in rental revenue following the sale of interests in 14 properties to BIF towards the end of FY2021, which was partially offset by higher management fees from BIF and higher rental contributions from Boustead Industrial Park Phases 1 and 2A in Vietnam.

Real Estate PBT was 87% lower year-on-year at S\$17.9 million, mainly due to the absence of the BIF value-unlocking transaction one-off gain. However, the decline in PBT was buffered by long-term recurring income streams generated by increased asset management and fund management activities including interest income from our debtholding in BIF and also the sale of '351 on Braddell' to BIF.

In FY2022, we advanced on multiple initiatives, with BIF delivering our first full-year of contribution and generating

multiple long-term recurring income streams through our management and leasing activities for BIF.

Following the successful launch of BIF, we initiated our first post-launch injection of a property into BIF. Our joint venture property '351 on Braddell' developed together with The Platform-Hanwha ARESF Fund No 1, was sold to BIF in November 2021 and marks another execution milestone for BIF. We expect properties to be progressively injected into BIF at a steady pace, with our remaining eligible properties in Singapore enlarging BIF over several years. We continue to hold 100% shareholding of BIF's manager and 25% unitholding of BIF, which will allow the Real Estate Business and Boustead Projects' shareholders to continue to benefit from the progressive expansion and growth of BIF in the future.

With the active management of our portfolio, leasing efforts advanced in

1. Bombardier Singapore Service Centre Phases 1 and 2, Seletar Aerospace Park, Singapore.

many areas. The two multi-tenanted properties within our portfolio located at one-north, ALICE@Mediapolis ("ALICE") and Razer SEA HQ, are approaching asset stabilisation with committed occupancies of 88% and 92% respectively at the end of FY2022. At ALICE, most of the development's remaining vacancy has been designated as Venture Suite space, mandatorily set aside for small and medium-sized enterprises and JTC Corporation ("JTC")'s LaunchPad graduates. In addition, another multi-tenanted property, 6 Tampines Industrial Avenue 5 achieved committed occupancy of 100%.

Meanwhile, Razer SEA HQ – designed with Razer's unmistakable sleek green lines in LED against a black façade – officially opened as Razer's new headquarters for South East Asia and home to their 1,000 employees in Singapore. Adding to the development's Green Mark Gold Plus rating, an agreement was recently signed in May 2022 to build Razer's first solar installation that will generate renewable energy of 256,000 kilowatt-hours per year under their 10-year sustainability plan #GoGreenWithRazer, a commitment to transfer their entire operations to 100% renewable energy by 2025 and become fully carbon neutral by 2030.

The Boustead Development Partnership ("BDP") also saw the completion of

Bombardier Singapore Service Centre Phase 2, which is a single-tenanted development for Bombardier Aerospace that will quadruple their space for maintenance, repair and overhaul, refurbishment and modification services to support Bombardier's suite of private jets. Located at Seletar Aerospace Park, Bombardier Singapore Service Centre Phases 1 and 2 are a dominant presence located at one end of Seletar Airport's single runway.

In FY2022, we remained active in expanding our presence in Vietnam. Following the commencement of operations at Boustead Industrial Park Phase 1 in 2019, we completed Boustead Industrial Park Phase 2A during FY2022 and have already achieved 85% committed occupancy.

In other developments in Vietnam, we had initially announced the proposed acquisition of a 49% shareholding in KTG & Boustead Joint Stock Company ("KBJS") in June 2021, with KBJS being the owner of KTG & Boustead Industrial Logistics Fund ("KBILF"), envisaged to be a leading logistics and industrial real estate development fund which will develop and own logistics and industrial parks in strategic locations in Vietnam. Although progress was made on due diligence efforts in FY2022, the strict pandemic lockdowns in Vietnam

delayed numerous onsite due diligence activities and pushed the completion of the deal beyond FY2022. We recently announced in May 2022 that revised proposed acquisition terms will see us acquire a 60% shareholding in KBJS, which will acquire KBILF's initial properties with a total market valuation of US\$84.2 million, comprising over 396,000 square metres ("sqm") in land and buildings, with further acquisition and expansion phases planned thereafter.

In Malaysia, we unlocked the value of a logistics hub located at the Port of Tanjung Pelepas and owned by our associate, THAB PTP Sdn Bhd. The sale of the property yielded a small net gain and was deemed a profitable venture after several years of receiving rental income as well.

In August 2021, Boustead Projects joined a consortium in acquiring S\$117 million of mezzanine debt in relation to 28 & 30 Bideford Road, a brand new Grade-A 18-floor mixed development in the prime Orchard Precinct in Singapore. As recently announced in June 2022, together with our consortium partners, we have acquired the development for S\$515 million, representing another value creation opportunity made possible by our strong balance sheet and stable foundation.

At the end of FY2022, outside of BIF, our completed wholly-owned properties had a total market valuation of over S\$110 million, comprising over 108,000 sqm in gross floor area ("GFA"), with an overall occupancy rate of 95% and WALE of over four years. Outside of BIF, our completed jointly-owned properties had a total market valuation of over S\$516 million*, comprising over 127,000 sqm in GFA, with an overall occupancy rate of 95% and WALE of over nine years.

At the end of FY2022, BIF properties had a total market valuation of over S\$689 million**, comprising over 195,000 sqm in GFA, with an overall occupancy rate of 98% and WALE of over five years.

More details on strategic partnerships including BIF, BDP and Echo Base-BP Capital Pte Ltd can be found on pages 40 to 43 of this report.

* Assumes 100% interest in properties listed on page 37.

** Assumes 100% interest in properties listed on pages 38 to 39.

Real Estate Portfolio

Wholly-Owned Properties

At the end of FY2022, our wholly-owned portfolio contained five completed properties, following the divestment of nine wholly-owned properties and a partial interest in one special purpose vehicle (containing one wholly-owned property) to Boustead Industrial Fund ("BIF") before the end of FY2021. The following information only takes into account wholly-owned properties in which BIF has no interest.

Technology Partnerships

About

Boustead Projects has established and invested in several strategic partnerships and platforms to enhance our resilience, competitive position and geographically expand across Asia. Working with like-minded, reputable and resilient strategic partners on several fronts has allowed us to pool complementary capabilities and expertise to take on larger-scale projects and broaden our offerings to clients, while simultaneously reducing commercial and operational risks related to a particular geographic market or sector. Activities under strategic partnerships also create value in our Engineering & Construction Business and Real Estate Business.

Market Sectors

INCLUDING HIGH VALUE-ADDED SECTORS

- Aerospace and automotive
- Business park and commercial
- Data centres
- Engineering
- Healthcare & pharmaceutical
- Infocommunications
- Logistics
- Packaging
- Research & development
- Smart integrated developments
- Technology

Geographic Markets

6 COUNTRIES AND TERRITORIES

- China
- Hong Kong
- Indonesia
- Malaysia
- Singapore
- Vietnam

Strategic Partnerships & Investments

In FY2022, Boustead Projects made progress in our strategic partnership with Khai Toan Joint Stock Company (“KTG”) which will strengthen our presence in Vietnam. In this section, we share more about our strategic partnerships and platforms.

DEVELOPMENT PARTNERSHIPS

Boustead Development Partnership (“BDP”)

Year established:	2014
Partnership type:	Development
Partnership focus:	Business park and industrial real estate sector
Partner:	Reputable Middle East sovereign wealth fund
Investments:	6 properties
Effective interests:	30% to 51% initial shareholding in each BDP development
Geographic coverage:	Singapore

THAB Development Sdn Bhd (“THAB”)

Year established:	2013
Partnership type:	Development
Partnership focus:	Business park and industrial real estate sector
Partners:	AME Construction Sdn Bhd, Tat Hong Holdings Ltd and CSC Holdings Ltd
Investments:	iBP@Nusajaya
Effective interest:	35% shareholding in THAB
Geographic coverage:	Malaysia

Perennial Holdings Pte Ltd (“Perennial”)

Year established:	2012
Partnership type:	Development
Partnership focus:	Commercial real estate and integrated development sector
Partners:	Consortium led by Perennial
Investment:	Beijing Tongzhou Integrated Development Phase 1 (“Beijing Tongzhou Phase 1”)
Effective interest:	4% shareholding in Beijing Tongzhou Phase 1
Geographic coverage:	China

REAL ESTATE TRUSTS AND MANAGEMENT PARTNERSHIPS

BIF

Year established:	2021
Partnership type:	Private real estate trust
Partnership focus:	Business park and industrial real estate sector
Partners:	AP SG 21 Pte Ltd (institutional real estate investors) and Metrobilt Construction Pte Ltd (a unit of SGX-listed Metro Holdings Ltd)
Investments:	12 properties and three special purpose vehicles
Effective interest:	100% shareholding in BIF manager and 25% unitholding in BIF
Geographic coverage:	Singapore

Boustead & KTG Industrial Management Co Ltd ("BKIM")

Year established:	2020
Partnership type:	Asset and fund management
Partnership focus:	Industrial real estate sector
Partners:	Echo Base-BP Capital (Vietnam) Pte Ltd and KTG
Effective interest:	25% shareholding in BKIM
Geographic coverage:	Vietnam

Echo Base-BP Capital Pte Ltd ("Echo Base")

Year established:	2018
Partnership type:	Asset and fund management
Partnership focus:	Smart building and integrated development sector
Partners:	Moor House Capital Pte Ltd (majority-owned by Razer co-founder)
Investment:	Asset and fund management for Razer SEA HQ
Effective interest:	50% shareholding in Echo Base
Geographic coverage:	Asia Pacific

TECHNOLOGY PARTNERSHIPS

Data Centres

Year established:	2019
Partnership type:	Data centre solutions
Partnership focus:	Data centre and specialised building sector
Partner:	DSCO Group Pte Ltd ("DSCO")
Effective interest:	25% shareholding in DSCO
Geographic coverage:	Asia Pacific

PropTech

Year established:	2019
Partnership type:	Smart building technology platform
Partnership focus:	Business park and industrial real estate sector
Partner:	Getronics Solutions (S) Pte Ltd
Geographic coverage:	Asia Pacific

CleanTech

Year established:	2019
Partnership type:	Clean energy solutions
Partnership focus:	Business park and industrial real estate sector
Partner:	Sunseap Leasing Pte Ltd

Board of Directors

John Lim Kok Min

Chairman & Independent Non-Executive Director

N AR R

- > Bachelor of Arts (Economics) (Hons), University of Malaya
- > Honorary Fellow, Singapore Institute of Directors
- > Public Service Medal, National Day Awards 2006

Age: 82
Appointed: 25 March 2015
Last re-elected: 28 July 2021

Key areas of experience:

Mr John Lim Kok Min was appointed as our Chairman & Independent Non-Executive Director in 2015. With over 50 years of extensive senior management and board experience in South East Asia, Australia and New Zealand, he is a well-known business veteran who has amassed experience across a diverse range of sectors.

Current external appointments:

Mr Lim is currently Independent Non-Executive Chairman of IREIT Global Group Pte Ltd and an independent non-executive director of several private corporations.

Previous appointments:

Mr Lim relinquished his role as Independent Non-Executive Director of Boustead Singapore Limited in 2015 following his appointment to our Board. He also held several senior management positions including Deputy Group Executive Chairman & President of LMA International NV, Group Chief Executive Officer of Cold Storage Holdings Ltd, and Group Managing Director of JC-MPH Ltd and Pan-United Corporation Ltd. He served as Chairman of the Building & Construction Authority, Gas Supply Pte Ltd, OECD-Asia Network on Corporate Governance of State-Owned Enterprises, Senoko Power Pte Ltd and Singapore Institute of Directors; Deputy Chairman of NTUC FairPrice Co-operative Ltd; and Vice-Chairman of the Agri-Food & Veterinary Authority, Singapore Institute of Management and Temasek Polytechnic.

Wong Yu Wei

Executive Deputy Chairman

N

- > Bachelor of Civil Engineering (Hons), University of New South Wales

Age: 45
Appointed: 1 December 2008
Last re-elected: 25 August 2020

Key areas of experience:

Mr Wong Yu Wei joined Boustead Projects in 2009 and was appointed as our Deputy Chairman & Executive Director in 2015 and Executive Deputy Chairman in 2021. He began his role here as Deputy Managing Director and was subsequently promoted to Senior Deputy Managing Director before assuming his current position. With over 10 years of real estate development experience, he assumes overall responsibility for both our Engineering & Construction Business and Real Estate Business. He has been instrumental in growing our Real Estate Business including developments, investments, asset management and fund management, as well as overseeing legal matters, overseas business expansion and execution of strategic partnerships and joint ventures.

Previous appointments:

Prior to joining Boustead Projects, Mr Wong held positions within the Boustead Group as General Manager of Strategic Operations at Boustead Singapore Limited, and Business Development Support Consultant and Business Development Coordinator at the Geospatial Division.

Thomas Chu Kok Hong

Managing Director

N

- > Bachelor of Engineering (Civil) (Hons), University of Melbourne
- > Certificate of Real Estate Investment Finance, APREA Institute

Age: 51
Appointed: 5 January 2009
Last re-elected: 25 August 2020

Key areas of experience:

Mr Thomas Chu Kok Hong joined Boustead Projects in 1997 and was appointed as our Managing Director in 2009. He began his role here as Project Engineer and was subsequently promoted several times, penultimately to Business Development Director before assuming his current position. With over 20 years of extensive real estate and built environment sector experience, he assumes overall responsibility for the Engineering & Construction Business including strategic execution, business development and project management.

Previous appointments:

Mr Chu sat as a member of the Subcommittee for Future City under the Singapore Government's Committee on Future Economy. This subcommittee, comprising members from the private and public sectors, studied how Singapore can continue to develop its infrastructure to support future growth in an inclusive and sustainable manner and to enhance connectivity with the region.

Committee membership

AR Audit & Risk Committee **N** Nominating Committee **R** Remuneration Committee **●** Denotes Chairman of Committee

**Tam Chee Chong****Independent Non-Executive Director**

AR N

- > Fellow Chartered Accountant of England & Wales
- > Fellow Chartered Accountant of Singapore

Age: 59
Appointed: 1 May 2019
Last re-elected: 26 July 2019

Key areas of experience:

Mr Tam Chee Chong was appointed as our Independent Non-Executive Director in 2019. With over 35 years of extensive corporate and financial advisory experience, he is well-versed in mergers & acquisitions, dispute resolutions, litigation support, corporate restructuring, business turnarounds and major forensic investigations.

Current external appointments:

Mr Tam is currently Independent Non-Executive Director of IFS Capital Ltd and serves on the board of NTUC Education & Training Fund.

Previous appointments:

Mr Tam has experience with various 'Big 4' accounting firms (Deloitte, KPMG, PwC and Andersen) in Singapore, London and Hong Kong. He was previously Group Chief Financial Officer of Fullerton Healthcare Corporation Ltd and prior to that, also held numerous senior management positions within Deloitte including Deputy Managing Partner – Markets in Singapore and Regional Managing Partner – Financial Advisory Services for Deloitte Southeast Asia Ltd, where he also served on their Board and on their Southeast Asia and Singapore Executive Committees. His public accounting experience includes being the audit partner of SGX-listed corporations such as Labroy Marine Ltd, Sembcorp Marine Ltd, Singapore Technologies Engineering Ltd, WBL Corporation Ltd and Yeo Hiap Seng Ltd.

**Chong Lit Cheong****Independent Non-Executive Director**

R AR N

- > Mombusho (Colombo Plan) Scholar
- > Bachelor of Engineering (Electronics), University of Tokyo
- > Advanced Management Programme, INSEAD Paris
- > Tsinghua Executive Programme, Tsinghua University Shanghai
- > Public Administration Medal (Gold), National Day Awards 2003

Age: 66
Appointed: 15 May 2015
Last re-elected: 28 July 2021

Key areas of experience:

Mr Chong Lit Cheong was appointed as our Independent Non-Executive Director in 2015. With over 35 years of extensive senior management experience, he has a long, proven track record in leadership positions in the private and public sectors, both in Singapore and overseas.

Current external appointments:

Mr Chong is currently Group Chief Corporate Officer of Surbana Jurong Pte Ltd, Non-Executive Director of AETOS Holdings Pte Ltd and Chairman of Mitbana Pte Ltd.

Previous appointments:

Prior to joining the Surbana Jurong Group, Mr Chong held senior management positions in the CapitaLand Group as Chief Executive Officer ("CEO") of CapitaLand Commercial Ltd, CEO of Regional Investments, Deputy Group Chief Corporate Officer and Senior Advisor, Strategic Projects. He also held senior management positions including CEO of International Enterprise Singapore and JTC Corporation, and Managing Director of the National Science & Technology Board, and in the Economic Development Board of Singapore where he was posted to Suzhou, China, to lead the development of the China-Singapore Suzhou Industrial Park.

**Professor Yong Kwet Yew****Independent Non-Executive Director**

AR* N R

- > Bachelor of Engineering (Civil) (1st Class Hons), University of Sheffield
- > Doctor of Philosophy, University of Sheffield (Grouped Engineering Scholarship)
- > Honorary Life Member & Fellow, Institution of Engineers, Singapore
- > Public Administration Medal (Silver), National Day Awards ("NDA") 2000
- > Public Service Medal, NDA 2004
- > Public Service Star, NDA 2008

Age: 68
Appointed: 1 May 2019
Last re-elected: 26 July 2019

Key areas of experience:

Professor Yong Kwet Yew was appointed as our Independent Non-Executive Director in 2019. With over 40 years of extensive civil engineering experience, he is one of Singapore's leading experts on civil engineering, geotechnical engineering and infrastructure development.

Current external appointments:

Professor Yong is currently Professor of Civil & Environmental Engineering and formerly Senior Vice President (Campus Infrastructure) at the National University of Singapore ("NUS"), where he has served for over 40 years and overseen the development of a smart, safe and sustainable campus including the completed S\$1 billion University Town and Yale-NUS College. His research is a microcosm of infrastructure development in Singapore, with the publishing of more than 200 technical publications and delivery of over 30 keynote and guest lectures at international conferences. He is also currently Independent Non-Executive Chairman of BBR Holdings (S) Ltd and Tritech Group Ltd.

Previous appointments:

Professor Yong has chaired and served on the boards and national committees at several of the Singapore Government's ministries and statutory boards including the Building & Construction Authority, Land Transport Authority, Ministry of Defence, Ministry of Finance, Ministry of Manpower, Ministry of National Development and Ministry of Sustainability & the Environment. He also served as an advisor and consultant to government agencies and organisations on over 100 major infrastructure projects in the Asia Pacific.

* Appointed with effect from 1 July 2022.

Key Management Team

Lee Keen Meng

Chief Financial Officer

- > Bachelor of Commerce (Accounting), University of Queensland, Australia
- > Chartered Accountant of Singapore
- > Certified Practising Accountant, Australia

Key areas of experience:

Mr Lee Keen Meng joined Boustead Projects in 2009. He began his role here as Finance Director and was subsequently promoted to Senior Finance Director before assuming his current position upon the listing of Boustead Projects in 2015. With over 25 years of extensive accounting and finance experience, he is responsible for finance teams and oversees financial and management reporting, treasury and taxation matters.

Previous appointments:

Prior to joining Boustead Projects, Mr Lee held positions at the Auditor-General's Office of Singapore, Honeywell Pte Ltd, Oversea-Chinese Banking Corporation Ltd, PSA Corporation Ltd and Sembcorp Engineers & Constructors Pte Ltd.

Samuel Lim

Head, Real Estate

- > Bachelor of Science (Real Estate) (Hons), National University of Singapore

Key areas of experience:

Mr Samuel Lim joined Boustead Projects in 2019. With over 15 years of extensive real estate experience in Singapore and Asia across acquisitions, investments, leasing, developments, portfolio management and REIT management, he is responsible for the Real Estate Business.

Previous appointments:

Prior to joining Boustead Projects, Mr Lim held positions at AEP Investment Management Pte Ltd, Jones Lang LaSalle Property Consultants Pte Ltd and Logos SE Asia Pte Ltd, and also held a position at Boustead Singapore Limited as Senior Investment Manager for Real Estate for nearly five years.

Steven Koh

Senior Director (Engineering)

- > Bachelor of Applied Science (Construction Management & Economics), Curtin University of Technology

Key areas of experience:

Mr Steven Koh joined Boustead Projects in 1999. He began his role here as Project Manager and was subsequently promoted several times before assuming his current position in 2021. With over 20 years of extensive industry experience, he is responsible for integrated digital delivery and engineering teams, and advises on process and system improvements, productivity and value engineering initiatives. He also spearheads ongoing innovation and integrated digital delivery technology transformations.

Liew Kau Keen

Director (Business Development)

- > Bachelor of Engineering (Civil Engineering) (Hons), University of Leeds
- > Master of Science (International Construction Management & Engineering), University of Leeds

Key areas of experience:

Mr Liew Kau Keen joined Boustead Projects in 2001. He began his role here as Site Engineer and was subsequently promoted several times, penultimately to Deputy Director (Business Development) before assuming his current position in 2015. With over 20 years of extensive industry experience, he is responsible for business development, architecture, quantity surveying and mechanical & electrical engineering teams and oversees business development activities related to the Engineering & Construction Business in South East Asia and China.

Howard How**Director (Environmental, Health & Safety)**

- > Bachelor of Engineering (Civil Engineering), National University of Singapore
- > Member, The Singapore Contractors Association Ltd ("SCAL") Workplace Safety & Health ("WSH") Subcommittee
- > Member, National Work at Heights Safety Taskforce
- > Registered Environmental Control Officer (ECO), National Environment Agency
- > Registered Workplace Safety & Health Officer (WSHO), Ministry of Manpower
- > Graduate Certificate in WSH (Auditor), Ngee Ann Polytechnic

Key areas of experience:

Mr Howard How joined Boustead Projects in 2007. He began his role here as Senior Corporate Safety Manager and was subsequently promoted to Deputy Director (Environmental, Health & Safety) before assuming his current position in 2015. With over 20 years of extensive safety experience, he is responsible for environmental, health and safety teams and ensures compliance with internal, legal and statutory requirements and adherence to best codes of practice. For his excellent contributions to uplifting industry safety standards and improving Boustead Projects' strong safety record, he received the WSH Officer Award at the WSH Awards 2010.

Current external appointments:

Mr How serves as a member on SCAL's WSH Subcommittee and the National Work at Heights Safety Taskforce.

Nicholas Heng**Director (Projects)**

- > Bachelor of Applied Science (Construction Management), Royal Melbourne Institute of Technology
- > Certified Green Mark Manager, BCA Academy

Key areas of experience:

Mr Nicholas Heng joined Boustead Projects in 2007. He began his role here as Project Manager and was subsequently promoted several times, penultimately to Deputy Director (Projects) before assuming his current position in 2015. With over 20 years of extensive industry experience, he is responsible for project management teams and ensures that projects are delivered on schedule according to clients' specifications, and meet all budget, legal and statutory requirements. He also spearheads ongoing integrated digital delivery technology transformations.

Previous appointments:

Prior to joining Boustead Projects, Mr Heng held positions at Jurong Primewide Pte Ltd, Shimizu Corporation and Toa Corporation.

Ho Tai Wing**Director (Business Development & Investment)**

- > Bachelor of Science (Real Estate) (Hons), National University of Singapore
- > Chartered Financial Analyst

Key areas of experience:

Mr Ho Tai Wing joined Boustead Projects in 2018. With over 15 years of extensive real estate experience in Singapore and Asia across business development, investment management and fund management, he is responsible for the business development and investment team of Boustead Industrial Fund Management, manager of Boustead Industrial Fund.

Previous appointments:

Prior to joining Boustead Projects, Mr Ho held positions at Mapletree Investments Pte Ltd, Phillip Capital Management (S) Ltd and Savills Investment Management Pte Ltd (formerly SEB Asset Management AG).

Stakeholder Communications

Prior to Boustead Projects being listed on the SGX Mainboard on 30 April 2015, investor relations (“IR”) had already been a key facet of Boustead’s holistic communications with stakeholders. Our IR Team has proactively communicated with analysts, investors, the media and global financial community in an accurate, consistent, sincere, timely and transparent manner, helping to build strong and lasting relationships with these stakeholders.

In FY2022, we shared on our business strategies and financial performance at investor conferences, meetings and presentations – many on virtual platforms due to the COVID-19 pandemic. Throughout the year, we also actively engaged with institutional and retail investors at investor conferences, such as the Smartkarma Corporate Webinar and SGX & Goldman Sachs Singapore Corporate Day 2022.

During the year, CGS-CIMB Securities continued comprehensive rated research coverage on Boustead Projects.

The launch of our inaugural Longevity Report in 2018 has added yet another avenue of stakeholder communications, as we continue to share about our contributions towards environmental, social and governance (“ESG”) goals. Released in August 2021, our Boustead Projects FY2021 Longevity Report presents an in-depth understanding of how we ensure the longevity of our business and the wider ecosystem that we are interconnected with. We also shared how this translates to delivering sustainable shared socio-economic value and progress to our key stakeholders, along with the communities that we reside in and our collective home – Planet Earth.

All of our annual reports, longevity reports, company announcements and financial results announcements issued in at least the past five years, as well as substantial information that would be of interest to investors are available at www.bousteadprojects.com/investor-centre/.

Our Boustead Projects Annual Reports have been award-winning publications for five successive years, with reports being either Platinum or Gold Winners at the world-renowned Hermes Creative Awards since 2017. Our Boustead Projects Longevity Reports have also been recognised by leading sustainability experts.

In addition, we continue to be recognised by other stakeholder groups for our corporate excellence, and strong ESG and financial performance. Boustead Projects received the Corporate Excellence & Resilience Award at the Singapore Corporate Awards 2021 Special Edition, recognising exemplary listed

corporations that have upheld best practices in corporate governance and shown leadership, innovation and resilience during the pandemic. Our strong efforts in corporate governance, transparency and sustainability, led to Boustead Projects being listed as one of only 92 SGX-listed corporations on the SGX Fast Track Programme, a programme that aims to affirm listed issuers that have been publicly recognised for high corporate governance standards and have maintained a good compliance track record, with prioritised clearance for their corporate action submissions.

On the talent management front, we were named among Tripartite Alliance Award Finalists – 29 in total across Singapore – at the Tripartite Alliance Award 2021. The award recognises exemplary organisations that have effectively implemented fair, responsible and progressive employment practices.

If you have any stakeholder queries, please email us at ir.team@boustead.sg.

Directors' Statement

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

The directors present their statement to the members together with the audited consolidated financial statements of the Group for the financial year ended 31 March 2022 and the statement of financial position of the Company as at 31 March 2022.

In the opinion of the directors,

- (a) the statement of financial position of the Company and the consolidated financial statements of the Group as set out on pages 94 to 171 are drawn up so as to give a true and fair view of the financial position of the Company and of the Group as at 31 March 2022 and the financial performance, changes in equity and cash flows of the Group for the financial year then ended; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

DIRECTORS

The directors of the Company in office at the date of this statement are as follows:

John Lim Kok Min
Wong Yu Wei (Huang Youwei)
Chu Kok Hong @ Choo Kok Hong
Tam Chee Chong
Chong Lit Cheong
Professor Yong Kwet Yew

ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES AND DEBENTURES

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose object was to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate, other than as disclosed under "Share awards" and "One-off Award of Shares" in this statement.

Directors' Statement

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

DIRECTORS' INTERESTS IN SHARES OR DEBENTURES

According to the register of directors' shareholdings, none of the directors holding office at the end of the financial year had any interest in the shares or debentures of the Company or its related corporations, except as follows:

SHARE OPTIONS

No options were granted during the financial year to subscribe for unissued shares of the Company or its subsidiaries.

No shares were issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company or its subsidiaries.

There were no unissued shares of the Company under option at the end of the financial year.

DIRECTORS' CONTRACTUAL BENEFITS

Since the end of the previous financial year, no director has received or become entitled to receive a benefit by reason of a contract made by the Company or a related corporation with the director or with a firm of which he is a member or with a company in which he has a substantial financial interest, except as disclosed in the accompanying financial statements and in this statement, and except that certain directors receive remuneration from related corporations in their capacity as directors and/or executives of those related corporations.

Directors' Statement

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

SHARE AWARDS

- (a) The Boustead Projects Restricted Share Plan 2016 (the "2016 Share Plan") was approved by the members of the Company at its Extraordinary General Meeting on 28 July 2016. Under the 2016 Share Plan, all eligible executive employees, non-executive directors of the Company as well as associates of controlling shareholders of the Company are invited to participate in the 2016 Share Plan. The selection of an eligible participant shall be determined at the absolute discretion of the committee appointed by the Board to administer the 2016 Share Plan. The participation of an associate of controlling shareholders shall be approved by independent members of the Company.
- (b) The committee administering the 2016 Share Plan comprises three members, all of whom are non-executive directors. "Executive employees" mean confirmed employees of a group entity fulfilling at least an executive role, selected by the committee to participate in the 2016 Share Plan, in accordance with the terms and conditions thereof.
- (c) Details of the 2016 Share Plan are disclosed in Note 6 to the financial statements.
- (d) The members of the committee administering the 2016 Share Plan are:

Chong Lit Cheong (Chairman)
John Lim Kok Min
Professor Yong Kwet Yew

The members of the committee are eligible to participate in the 2016 Share Plan. Any director participating in 2016 Share Plan who is a member of the committee will not be involved in the committee deliberations in respect of any share award granted or to be granted to him.

- (e) The details of the share awards granted and vested pursuant to the 2016 Share Plan are as follow:

Date of grant	Balance at 1 April 2021	Granted	Vested	Forfeited	Balance at 31 March 2022
13 September 2018	150,991	-	(150,991)	-	-

Name of participant	Number of shares comprised in awards granted during the financial year	Aggregate number of shares comprised in awards since commencement of the 2016 Share Plan to end of financial year	Aggregate number of shares comprised in awards vested since commencement of the 2016 Share Plan to end of financial year	Aggregate number of shares forfeited since commencement of the 2016 Share Plan to end of financial year	Aggregate number of shares comprised in awards outstanding as at end of financial year
Associate of Controlling Shareholder of the Company					
Wong Yu Wei (Huang Youwei)	-	353,243	(353,243)	-	-
Employees of the Company's subsidiary	-	2,631,821	(2,565,988)	(65,833)	-
	-	2,985,064	(2,919,231)	(65,833)	-

- (f) There were no participants who received 5% or more of the total number of shares available under the 2016 Share Plan.

Directors' Statement

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

ONE-OFF AWARD OF SHARES TO DIRECTORS BY WAY OF TRANSFER OF AN AGGREGATE OF 2,400,000 TREASURY SHARES AT THE DISCOUNTED TRANSFER PRICE OF S\$0.806 PER TREASURY SHARE ("AWARD OF SHARES")

- (a) The Award of Shares by way of transferring an aggregate of 2,400,000 treasury shares to the directors was approved by the shareholders of the Company at its Extraordinary General Meeting held on 28 July 2021 ("EGM").
- (b) The Award of Shares was made at a discounted price of S\$0.806 per treasury share, which represents the average price at which the Company bought back treasury shares that the Company holds as at 9 July 2021 (being the date of the Company's announcement to propose the Award of Shares to the directors). The market price of the Company's share, as at the date of the EGM was S\$1.28 per share.
- (c) The breakdown of the Award of Shares granted to the directors is set out below:

Name of Director	No. of Treasury Shares Awarded	Total Transfer Price Paid (S\$)
John Lim Kok Min	100,000	80,600
Wong Yu Wei (Huang Youwei)	1,000,000	806,000
Chu Kok Hong @ Choo Kok Hong	1,000,000	806,000
Chong Lit Cheong	100,000	80,600
Professor Yong Kwet Yew	100,000	80,600
Tam Chee Chong	100,000	80,600

- (d) The Award of Shares represents a one-off ex-gratia payment to the directors in recognition of the strategic leadership of, and time spent and effort by, the Board in FY2021, to successfully establish Boustead Industrial Fund (a private business trust sponsored by the Company) and in unlocking an unprecedented shareholder value despite the challenging conditions from the COVID-19 pandemic.

Directors' Statement

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

AUDIT & RISK COMMITTEE

As of the date of this statement, the Audit & Risk Committee of the Company comprises three members, all of whom are independent non-executive directors:

Tam Chee Chong (Chairman)
John Lim Kok Min
Chong Lit Cheong

The Audit & Risk Committee met 4 times during the year under review and carried out its functions in accordance with Section 201B(5) of the Companies Act 1967 of Singapore. In performing those functions, the Audit & Risk Committee has, among others, reviewed the following:

- (a) the audit plan of the external auditors and internal auditors;
- (b) the results of the internal auditors' examination and evaluation of the Group's system of internal accounting and operational controls;
- (c) the Group's financial and operating results and accounting policies;
- (d) the consolidated financial statements of the Group and the statement of financial position of the Company before their submission to the directors of the Company and the external auditors' report on those financial statements;
- (e) the half-year and full-year announcements on the consolidated financial statements of the Group and the changes in equity and financial position of the Company;
- (f) the co-operation and assistance given by the management to the external auditors and internal auditors of the Company; and
- (g) the performance, independence and appointment/re-appointment of the external auditors of the Company.

The Audit & Risk Committee has full access to and has the co-operation of management. It was given the resources required for it to discharge its function properly. The Audit & Risk Committee also has full discretion to invite any director and executive officer to attend its meetings. The external and internal auditors have unrestricted access to the Audit & Risk Committee.

The Audit & Risk Committee has recommended to the Board that the independent auditor, PricewaterhouseCoopers LLP, be nominated for re-appointment at the forthcoming Annual General Meeting of the Company.

The external auditors annually carry out their statutory audits in accordance with the scope laid out in their audit plans. Control observations noted during their audits and the auditors' recommendations are reported to the Audit & Risk Committee. The internal auditors follow up on the recommendations as part of their role in the review of the Group's internal control systems.

INDEPENDENT AUDITOR

The independent auditor, PricewaterhouseCoopers LLP, has expressed its willingness to accept reappointment.

On behalf of the directors

Wong Yu Wei (Huang Youwei)
Director

Chu Kok Hong @ Choo Kok Hong
Director

30 June 2022

Corporate Governance

The Board of Directors of Boustead Projects Limited ("**Company**") and the Board of Directors of the Company to be known as, the "**Board**") is committed to maintaining a high standard of corporate governance and transparency within the Company and its subsidiaries ("**Group**") in line with the principles and provisions set out in the Code of Corporate Governance 2018 ("**Code**"). This establishes and maintains a legal and ethical environment in the Group to preserve the interests of all shareholders and stakeholders.

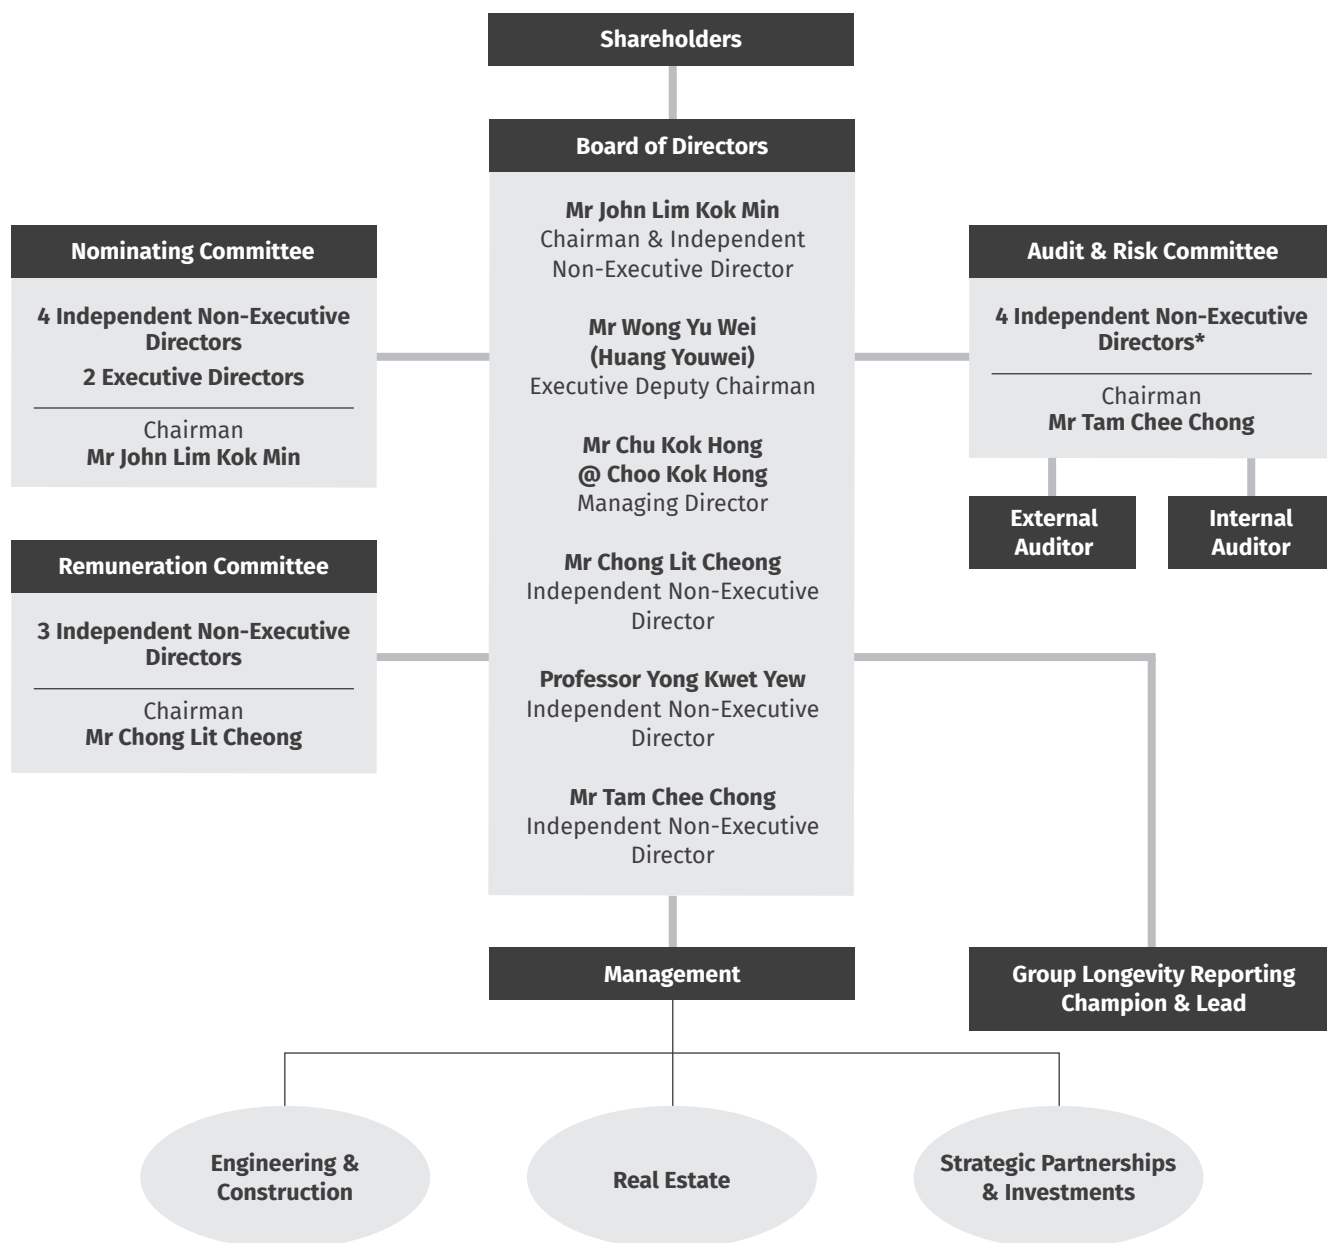

The Board is pleased to present this Corporate Governance Report ("**Report**") which outlines the Company's corporate governance practices for the financial year ended 31 March 2022 ("**FY2022**") with specific reference made to the principles and provisions of the Code and accompanying Practice Guidance issued on 6 August 2018 and updated as of 1 July 2021 ("**Practice Guidance**"), which forms part of the Company's continuing obligations under the Listing Manual of the Mainboard ("**Listing Manual**") of the Singapore Exchange Securities Trading Limited ("**SGX-ST**"). This Report should be read as a whole as other sections of this Report may also have an impact on the specific disclosures made in this Report.

For FY2022, the Company has complied with the principles of the Code in all material respects and, where there are any variations from the provisions of the Code, appropriate explanation for such variation is provided together with details on how the practices which the Company has adopted are consistent with the intent of the relevant principle of the Code.

Corporate Governance

GOVERNANCE FRAMEWORK

The Company's governance structure is as follows:

* The Audit & Risk Committee has increased from three members in FY2022 to four members following the appointment of Professor Yong Kwet Yew as a member of the Audit & Risk Committee with effect from 1 July 2022.

Corporate Governance

BOARD MATTERS

The Board's Conduct of Affairs

Principle 1 - The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

Board Duties and Responsibilities

The Board has the primary responsibility for the overall leadership, control, management and long-term success of the Company. The Board provides guidance to and works with the management ("**Management**") to achieve the Company's objectives. The Board monitors Management's performance and Management is accountable to the Board for its performance.

The Board approves the Group's strategic plans, key business initiatives, major investments and funding decisions. Additionally, the Board has direct responsibility for decision-making in respect of various specific matters, including:

- approving corporate strategies and policies of the Group;
- approving the Group's annual operating and capital budgets;
- monitoring financial performance, including approving the release of financial results announcements;
- approving annual report and financial statements;
- convening shareholders' meeting(s);
- recommending dividend payments and other distributions to shareholders;
- overseeing the business affairs of the Company and monitoring the on-going performance of Management;
- approving material acquisitions and disposals of assets;
- setting the Company's core values and standards (including ethical standards), and ensuring that obligations to shareholders and other stakeholders are understood and duly met;
- setting the Group's approach on corporate governance and sustainability issues, such as economic, environmental and social issues, as part of its strategic formulation; and
- approving the Group's risk appetite and establishing and overseeing the processes of evaluating the adequacy of internal controls, risk management and financial reporting.

The Board sets the tone for the Group in respect of ethics, organisational culture and business conduct, and ensures proper accountability within the Group. The Board is strongly committed to high standards of integrity and ethical behaviour in conducting business. The Company has adopted a Code of Conduct which sets out the standards expected of the Company, Management and its employees on, among others, anti-bribery and anti-corruption, fair dealing and competition, proper use of corporate positions and resources, confidentiality and privacy obligations, insider trading and whistle-blowing. In addition, the Company has implemented a separate Anti-Bribery and Corruption Policy as well as Whistleblowing Policy, both of which are published on its corporate website. Please see the section on Principle 10 under "Audit & Risk Committee" for further details.

Under the Company's Code of Conduct, all directors are required to avoid any conflict of interest, conflict of duty or taking improper advantage of their position. Any conflict of interest or potential conflict of interest involving director(s) of the Company are dealt with by the Audit & Risk Committee, which comprises independent directors only. Independent directors of the Board also deal with any conflict of interest involving substantial shareholder(s) as well as such matters which require the decision and/or determination of the independent directors pursuant to the provisions of the Listing Manual of the SGX-ST or applicable laws and regulations.

Conflict of Interests

As fiduciaries of the Company, all directors of the Company are obliged to act objectively in the best interests of the Company at all times. Accordingly, the Board exercises independent judgment and due diligence when making decisions for the benefit of the Company. Where a director has a conflict of interest in a particular matter, he/she will be required to declare his/her interest to the Board as soon as is practicable after the relevant facts have come to his/her knowledge, recuse himself/herself from the deliberations and abstain from voting on the matter.

Corporate Governance

Understanding of Directors' Role

The Board implements measures to ensure that newly appointed as well as existing directors are familiar with the Group's business and operations as well as their duties and responsibilities as directors.

Newly appointed director will, upon appointment, be provided with a formal appointment letter setting out, among others, the director's role as an executive or non-executive or independent director and the associated duties and responsibilities of such role. Such newly appointed director will also be given an orientation as well as a comprehensive briefing by Management on the Group's corporate profile, strategies, plans, businesses and operations. If a newly appointed director has no prior experience as a director of an issuer listed on SGX-ST, the Company will ensure that such director undergoes training on the roles and responsibilities of a director of a listed issuer as prescribed under the Listing Manual of the SGX-ST.

Management provides the Board with ongoing updates on material developments in the Group's business and operations as well as the industry and legal and regulatory environment in which the Group operates. All non-executive directors may request for additional explanations, briefings and informal discussions on any aspect of the Group's business or operations issues at all times. The directors are invited to visit the Group's project sites in order to gain a better understanding of the Group's business and operations.

The directors are provided with the opportunity to develop and maintain their skills and knowledge through internal briefings as well as external courses. Management provides the Board with regular updates on board processes, governance practices as well as changes to laws and regulations that may have a bearing either on the Group or on an individual director. Directors are also encouraged to, at the Company's expense, undergo continuing professional development during the term of their appointment, including attending appropriate external training courses conducted by third parties such as the Singapore Institute of Directors ("SID") and external professionals.

The Company maintains a corporate membership with the SID, which provides training and resources useful for the Company in keeping up to date with best practices in corporate governance. All directors are required to, during the financial year commencing 1 April 2022, undergo a one-time training on sustainability matters as prescribed by the SGX-ST. Necessary arrangements will be made for directors to attend such training courses at the Company's expense.

A majority of the directors on the Board have had many years of board experience and are therefore familiar with the duties and responsibilities of a director of a listed issuer. During FY2022, a majority of the directors have attended at least one training course as part of the Board's continuing professional development. As at the date of this Report, two out of the four non-executive directors on the Board have been directors of the Company for at least six years and are therefore familiar with the Group's business and operations.

Delegation of Authority

The Company has adopted written internal guidelines governing matters that require the Board's approval. The Board's approval is required for transactions exceeding certain threshold limits, while delegating authority for transactions below those limits to Management via a structured Delegation of Authority matrix. The Delegation of Authority matrix was clearly communicated to Management and is reviewed on a regular basis and revised accordingly as and when necessary.

Matters which are specifically reserved for the Board's decision include those involving corporate plans and budgets, material acquisitions and disposals of assets, corporate strategy, financial restructuring, share issuances, dividends and other returns to shareholders, major financial decisions such as investment and divestment proposals, incurrence of debt, expenditure beyond a prescribed amount as well as interested party transactions and any other matters as prescribed under the relevant legislations and regulations and the provisions of the Company's Constitution. A resolution passed by a majority of the directors of the Board is required in order to approve such matters.

Corporate Governance

Board Committees

To facilitate effective management, certain functions of the Board have been delegated by the Board to various Board Committees. The Board is assisted by the Nominating Committee, the Remuneration Committee, and the Audit & Risk Committee, each of which has its own terms of reference that set out the authority and duties of each of the Board Committees.

A description of, among others, the composition and the terms of reference, and a summary of the activities of the respective Board Committees during FY2022 are set out in the following sections:

- (a) in respect of the Nominating Committee – sections on Principle 4 under “Board Membership” and Principle 5 under “Board Performance”;
- (b) in respect of the Remuneration Committee – sections on Principle 6 under “Procedures for Developing Remuneration Policies” and Principle 7 under “Level and Mix of Remuneration”; and
- (c) in respect of the Audit & Risk Committee – sections on Principle 9 under “Risk Management and Internal Controls” and Principle 10 under “Audit & Risk Committee”.

Board Meetings

The Board meets at least once every quarter. The schedule for the forthcoming financial year is normally determined before the fourth quarter of each calendar year to allow the directors to plan for their attendance at these meetings. Where necessary, additional Board meetings will be held to address any significant transactions or issues that arise.

Board papers and related materials are sent to Board or Board Committee members in advance prior to each meeting to allow the Board or Board Committee members sufficient time to familiarise themselves with the matters prior to the meetings. Management and senior executives who can provide additional insights into the matters to be discussed are also invited to attend the meetings so as to be at hand to address any questions that the Board or Board Committee members may have.

During the scheduled quarterly meetings, Management will provide the Board with an update on the Group’s business and operations for the relevant quarter and the financial performance for that quarter, and any other significant matters or issues that may have arisen. This promotes active engagement with Management and allows the Board to have oversight and better understanding of the progress of the Group’s business and operations as well as any issues and/or challenges encountered by the Group.

Unless a director is required to recuse himself/herself from deliberations and abstain from voting on a matter due to an actual or a potential conflict of interest, all members of the Board or Board Committee will participate in the discussions and deliberations at Board or Board Committee meetings. To facilitate attendance and participation, a director who is not able to attend a Board or Board Committee meeting in person is permitted under the Company’s Constitution to participate by way of telephone and video-conference.

The Board and Board Committees may also make decisions by way of resolutions in writing. In such situations, resolutions in writing, together with board papers and related materials, will be circulated to all members of the Board or Board Committee for their consideration and approval. Management will, where necessary, reach out to the directors to provide any explanation or other information as may be required for the directors to deliberate on the matter before approving such written resolutions.

The Board requires each director to be able to commit sufficient time and attention to the affairs of the Company. A discussion of the procedure for assessing the directors’ commitment to the Company is set out in the section “Assessment of Directors’ Commitment” of Principle 4 under “Board Membership”.

During FY2022, a total of four scheduled Board meetings, four scheduled Audit & Risk Committee meetings, one scheduled Nominating Committee meeting and one scheduled Remuneration Committee meeting were held. The Board and Audit & Risk Committee members also had several informal discussions on various issues relating to corporate strategy, risk management and specific significant matters during FY2022.

Corporate Governance

The number of Board and Board Committee meetings held during FY2022 as well as the attendance of each director at these meetings are set out in the table below:

Name of Director	Board		Audit & Risk Committee		Nominating Committee		Remuneration Committee	
	No. Held	No. Attended	No. Held	No. Attended	No. Held	No. Attended	No. Held	No. Attended
John Lim Kok Min	4	4	4	4	1	1	1	1
Wong Yu Wei (Huang Youwei)	4	4	-	-	1	1	-	-
Chu Kok Hong @ Choo Kok Hong	4	4	-	-	1	1	-	-
Chong Lit Cheong	4	4	4	4	1	1	1	1
Professor Yong Kwet Yew	4	4	4*	4*	1	1	1	1
Tam Chee Chong	4	4	4	4	1	1	-	-

* Professor Yong Kwet Yew has attended the Audit & Risk Committee meetings as an invitee.

Access to Information

Management recognises that it is essential to provide the Board with complete and adequate information on Group affairs and material events and transactions on a timely and on-going basis in order for the directors to discharge their duties and responsibilities and to make decisions based on relevant and up-to-date information.

Management regularly provides the Board with management reports and updates relating to the Group's business and operations and financial information, including management accounts of the Group's performance, position and prospects on a quarterly basis. As set out above in the section "Board Meetings", board papers and related materials (including, where appropriate, relevant background or explanatory information, financial analysis and/or external reports) are provided to the Board or Board Committee in advance of the relevant Board or Board Committee meeting. Directors have unrestricted access to the Company's records and information and are entitled to request from Management additional information as needed to make informed decisions. The directors also have separate and independent access to Management as well as the company secretary.

Management and senior executives who can provide additional insights into the matters to be discussed will attend Board and Board Committee meetings to provide any other information required by the Board or the relevant Board Committee, and to answer any queries from the directors. Management may also communicate with the directors outside of formal Board and Board Committee meetings as appropriate through other means, such as electronic mail, telephone or video-conferencing, or separate physical meetings. Any requests by directors for further explanation, briefings or informal discussions on any aspect of the Group's operations are attended to expeditiously by Management.

Where the directors require independent professional advice to facilitate the discharge of their duties and responsibilities, Management will facilitate the appointment of such professional advisor to render advice to the Board. The cost of obtaining such professional advice will be borne by the Company.

Role of Company Secretary

The company secretary attends all Board meetings and is responsible for ensuring that Board procedures are followed. The company secretary ensures good information flow within the Board and the Board Committees and between Management and non-executive directors, advising the Board on all governance matters, as well as facilitating and assisting with professional development as required. The company secretary, together with other management staff, are responsible for ensuring that the Company complies with the applicable requirements, rules and regulations.

The appointment and the removal of the company secretary is subject to the approval of the Board.

Corporate Governance

Commitment to Sustainability

The Board is committed to ensuring the Company's longevity and sustainability, including reviewing the Company's performance, policies and practices in relation to material environmental, social and governance ("ESG") topics. The Board is assisted by its robust existing systems including audit, compliance, enterprise risk, financial, environmental, health and safety, human resource, information technology and operational management systems, along with the implementation of the Company's Longevity Reporting Framework (i.e. sustainability reporting framework). In addition, the Board assesses opportunities and risks presented by material ESG topics, and such assessment will be taken into consideration by the Board to determine the appropriate strategies, policies and practices that will provide the Company with the adaptability and flexibility to seize opportunities to deliver sustainable socio-economic value and progress to key stakeholders, while being well-supported by sound risk management. In determining the Company's risk appetite, the Board considers material ESG topics that may affect reputational risk, ethical and moral considerations, and have significant financial and non-financial implications.

The Company releases an annual standalone Sustainability Report. The FY2022 report will be available on the Company's website by 31 August 2022. The Sustainability Report is prepared in accordance with the Global Reporting Initiative (GRI) Standards: Core Option and contains the five primary components set out in Rule 711B of the Listing Manual of the SGX-ST that are applicable to the Company in respect of FY2022.

Board Composition and Guidance

Principle 2 - The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

Board Composition

As at the date of this Report, the Board members are:

Mr John Lim Kok Min	Chairman and Independent Non-Executive Director
Mr Wong Yu Wei (Huang Youwei)	Executive Deputy Chairman
Mr Chu Kok Hong @ Choo Kok Hong	Managing Director
Mr Chong Lit Cheong	Independent Non-Executive Director
Professor Yong Kwet Yew	Independent Non-Executive Director
Mr Tam Chee Chong	Independent Non-Executive Director

Board Independence

As set out in the section "Board Composition" above, the Board currently comprises six directors, four of whom (including the Chairman of the Board) are independent non-executive directors. There is a strong and independent element on the Board with independent non-executive directors comprising a majority of the Board, and no individual or small group of individuals dominating the Board's decision-making. The Board is able to exercise objective judgement on corporate affairs independently, in particular, from Management. This ensures that key issues and strategies are critically reviewed, constructively challenged, fully discussed and thoroughly examined, taking into consideration the long-term interests of the Company and its shareholders.

The Nominating Committee assesses the independence of each director annually in accordance with the guidance in the Code, the Practice Guidance and the Listing Manual of the SGX-ST. Based on the Code, an "independent" director is one who is independent in conduct, character and judgement, and has no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the Company. The Nominating Committee also considers the existence of any relationships or circumstances, including those identified by the Practice Guidance and the Listing Manual of the SGX-ST, when assessing the independence of a director. Such relationships or circumstances include (i) the employment of a director by the Company or any of its related corporations during the financial year in question or in any of the previous three financial years, (ii) a director being on the Board for an aggregate period of more than nine years, (iii) a director (or his/her immediate family member) having provided or received from the Company or any of its subsidiaries any significant payments or material services, other than compensation for board service, (iv) a director (or his/her immediate family member) being or was a substantial shareholder or partner in, or an executive officer of, or a director of, any organisation which provided to or received from the Company or any of its subsidiaries any significant payments or material services; or (v) a director who is or has been directly associated with a substantial shareholder of the Company in the current or the immediate past financial year.

Corporate Governance

To facilitate the assessment of the independence of the directors, each director is required to promptly disclose to the Board any relationship or change in circumstances which may lead to his status as an independent director being affected. If the Board determines that notwithstanding such relationship or circumstances, the director remains independent, the Board shall record its reasons for such determination in formal Board meeting minutes and formally disclose its reasons in the next annual report.

The Nominating Committee has reviewed the independence of each of the directors taking into account the guidance in the Code, the Practice Guidance and the Listing Manual of the SGX-ST, and is satisfied that apart from Mr Wong Yu Wei (Huang Youwei) and Mr Chu Kok Hong @ Choo Kok Hong, both of whom are the only non-independent directors of the Company, all other members of the Board do not have any relationship and are not affected by any of the circumstances identified in the Code, the Practice Guidance and the Listing Manual of the SGX-ST or any other relationships which may affect their independent judgment and are therefore considered to be independent.

As at the date of this Report, none of the independent directors has served on the Board for more than nine years.

Board Diversity

Provision 2.4 of the Code provides, among others, that the Board and Board Committees are to be of an appropriate size and comprise directors who as a group provide the appropriate balance and mix of skills, knowledge, experience and other aspects of diversity such as gender and age, so as to avoid groupthink and foster constructive debate. Provision 2.4 of the Code further provides that the board diversity policy and progress made towards implementing the policy, including objectives, are to be disclosed in the Company's annual report.

With effect from 1 January 2022, the Listing Manual of the SGX-ST mandates all listed issuers to maintain a Board Diversity Policy. Although the Company does not have a formal Board Diversity Policy, the Company has always recognised the importance of having a diverse board. The Board regularly reviews and ensures that the collective skills and experiences of the Board as a whole are aligned with the current and expected future strategic needs of the Company. As at the date of this Report, the Board consists of directors who have skills and experience in finance, construction technology, large scale project management, fund management and corporate governance. Though the Board consists of members with diverse and relevant attributes, the Board does not currently have a female member. Gender diversity will be one of the criteria included in the Board Diversity Policy that will be formulated during the financial year commencing 1 April 2022.

Considering the nature and scale of the Group's business as well as the constantly evolving nature of business and industry conditions, the Board is satisfied that the size and composition of the Board and its Board Committees are appropriate at present and the current directors have vast business and management experience and varied qualifications and expertise in the areas of finance, accounting, business management and industry knowledge, with varying age profiles.

Taking into account that four out of the six directors are independent non-executive directors and the varied skills, knowledge and experience of the directors, the Board is of the view that the current Board composition is sufficiently diverse to avoid groupthink and foster constructive debate and that, in line with the spirit of Principle 2 of the Code, the current Board has an appropriate level of independence and diversity of thought and background to enable it to make decisions in the best interests of the Company.

The Board will review its composition from time to time and will seek to maintain a diversity of skills, knowledge, experience, gender, age, ethnicity and other attributes of the directors.

Non-Executive Directors

The non-executive directors of the Company, who are also independent directors, constructively challenge and assist in the development of strategy, and assist the Board in reviewing the performance of Management in meeting agreed goals and objectives, and monitor the reporting of performance. At Board meetings, directors freely discuss and openly challenge the views presented by Management and other directors. The decision-making process is a transparent one.

To facilitate a more effective check on Management, non-executive directors meet at least once a year without the presence of Management. When necessary, the non-executive directors also meet separately prior to Board meetings. The chairman of such meetings provides feedback to the Board and/or the Chairman of the Board, as appropriate. During FY2022, the non-executive directors met at least once without the presence of Management.

Corporate Governance

Chairman and Chief Executive Officer

Principle 3 - There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

There is a clear division of responsibilities between the leadership of the Board and Management, with the roles of the Chairman and the Executive Deputy Chairman/chief executive officer being held by separate persons. This provides an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making. As at the date of this Report, Mr John Lim Kok Min, an independent non-executive director, is the Chairman of the Board, and Mr Wong Yu Wei (Huang Youwei) is the Executive Deputy Chairman of the Company. The Chairman of the Board does not have an executive position in the Company and is not part of Management.

There is clear separation of roles and responsibilities between the Chairman and the Executive Deputy Chairman. Mr John Lim Kok Min is the Chairman who leads the Board to ensure effectiveness in all aspects of its roles. The company secretary, in consultation with the Chairman, schedules and prepares the agenda for Board meetings. Management staff who have prepared the board papers or who may provide additional insights are invited to present the papers or attend the Board meetings. The Chairman ensures that sufficient time is allocated for discussion of all agenda items, particularly issues relating to strategy, and ensures that directors are provided with adequate and timely information. He promotes an open environment for debate and ensures that discussions and deliberations are effective. The Chairman is also charged with the role of maintaining high standards of corporate governance and ensuring effective communication between the Board and the shareholders of the Company.

Mr Wong Yu Wei (Huang Youwei), Executive Deputy Chairman, has overall responsibility for both the Real Estate and Engineering & Construction business segments and full executive responsibility over the management of the Company. He is responsible for the execution of strategic plans approved by the Board and ensures that the directors are kept updated and informed of the Group's business and operations. In view of the major challenges facing the built environment, Mr Chu Kok Hong @ Choo Kok Hong, the Managing Director, has assumed responsibility for and focuses on the Company's Engineering & Construction business segment.

Taking into account that the roles of the Chairman and the Executive Deputy Chairman are held by separate persons who each carries out separate responsibilities as set out above, the Board is of the view that the practices adopted by the Company in relation to the division of responsibilities between the leadership of the Board and Management are consistent with the intent of Principle 3 of the Code.

The Board is not required to have, and does not have, a lead independent director as the Chairman is an independent director.

Board Membership

Principle 4 - The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

Nominating Committee

The Nominating Committee comprises six directors, four of whom, including the Chairman of the Nominating Committee, are independent directors. As at the date of this Report, the members of the Nominating Committee are:

Mr John Lim Kok Min	Chairman
Mr Chong Lit Cheong	Member
Professor Yong Kwet Yew	Member
Mr Tam Chee Chong	Member
Mr Wong Yu Wei (Huang Youwei)	Member
Mr Chu Kok Hong @ Choo Kok Hong	Member

Corporate Governance

Terms of Reference

The objectives of the Nominating Committee are to provide a formal, transparent and objective procedure for the appointment of Board members and to recommend for the Board's approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each Board Committee separately, as well as the contribution by the Chairman and each individual director to the Board.

According to the written terms of reference of the Nominating Committee, read together with the Code, the principal functions of the Nominating Committee include:

- (a) review and recommend candidates for appointments to the Board and Board Committees, as well as candidates for senior management staff;
- (b) review of board succession plans for the directors, in particular, the Chairman and the chief executive officer;
- (c) develop a process for the evaluation of the performance of the Board, the Board Committees and the directors;
- (d) review of training and professional development programmes for the Board;
- (e) review and recommend directors for re-appointment or re-election;
- (f) review and recommend candidates to be nominees on the boards and board committees of the listed companies and entities within the Group;
- (g) determine the independence of the directors;
- (h) review the participation (whether by way of obtaining an interest in or taking a board seat or otherwise) by each independent director in any competing business and taking into account such matters in the re-appointment or re-election or renewal of appointment of such independent director; and
- (i) undertake generally such other functions and duties as may be required by law or the Listing Manual of the SGX-ST, and by amendments made thereto from time to time.

During FY2022, the Nominating Committee has, among others:

- (a) reviewed and made recommendation for re-appointment or re-election or renewal of appointment of directors; and
- (b) determined the independence of the directors.

Selection of New Directors

The Board has put in place a process for the selection and appointment of new directors.

The Nominating Committee will assess candidates and make recommendations to the Board for appointment as directors. As part of such assessment process, the Nominating Committee will review the expertise, skills and attributes of the current directors on the Board, identify its future needs and shortlist candidates with the appropriate profiles for nomination. Knowledge of the Company's construction and real estate industry and corporate governance practices, and prior experience as a director of a listed issuer in Singapore, are, among others, the criteria used to identify and evaluate the potential new directors. The search may be conducted through professional recruiters, as well as various contacts and recommendations. The objective of this process is to seek to maintain a diversity of skills, knowledge, experience, gender, age, ethnicity and other attributes necessary to effectively meet the needs of the Company.

Shortlisted candidate would be required to furnish his/her curriculum vitae stating in detail his/her qualification, working experience and employment history. In addition, such candidate may be required to complete certain prescribed forms to enable the Nominating Committee to assess the candidate's independence, if applicable. The Nominating Committee interviews each prospective candidate with appropriate profile to assess suitability and to ensure that the candidate is aware of the expectation and commitment required and makes recommendations to the Board for approval and adoption.

Corporate Governance

Re-Nomination of Directors

Under the Company's Constitution, one-third of the directors who are longest-serving (including the Managing Director or a director holding an equivalent position) are required to retire from office every year at the Annual General Meeting ("AGM"). Based on such rotation process, each director is required to submit himself/herself for re-election by shareholders at least once every three years.

Where an existing director is required to retire from office, the Nominating Committee reviews the composition of the Board and takes into account factors such as the existing director's competencies, attendance, participation, contribution and competing commitments when deciding whether to recommend that director for re-election.

Pursuant to Article 94 of the Company's Constitution, Mr Tam Chee Chong and Professor Yong Kwet Yew shall be retiring at the upcoming AGM to be held on 28 July 2022.

The Nominating Committee has considered the contribution of Mr Tam Chee Chong and Professor Yong Kwet Yew and recommended to the Board their re-election as directors at the upcoming AGM. The Board has concurred with the Nominating Committee's recommendation for their re-election as directors at the upcoming AGM. If re-elected, Mr Tam Chee Chong will remain as the Chairman of the Audit & Risk Committee and a member of the Nominating Committee, and Professor Yong Kwet Yew will remain as a member of the Nominating Committee, a member of the Remuneration Committee and a member of the Audit & Risk Committee*. Both Mr Tam Chee Chong and Professor Yong Kwet Yew, upon re-election, will be considered independent for the purposes of Rule 704(8) of the Listing Manual of the SGX-ST.

Please see the relevant details of Mr Tam Chee Chong and Professor Yong Kwet Yew, each of whom is standing for re-election as a director at the forthcoming AGM, as required to be disclosed pursuant to Rule 720(6) of the Listing Manual of the SGX-ST in the section "Additional Information on Directors Seeking Re-election Pursuant to Rule 720(6) of the Listing Manual of the SGX-ST".

* Professor Yong Kwet Yew was appointed as a member of the Audit & Risk Committee with effect from 1 July 2022.

Assessment of Independence

As set out under the section on Principle 2 under "Board Independence", the Nominating Committee assesses a director's independence in accordance with the guidance in the Code, the Practice Guidance and the Listing Manual of the SGX-ST on an annual basis.

To facilitate this process, each director is required to complete a Director's Independence Confirmation based on the guidance in the Code, the Practice Guidance and the Listing Manual of the SGX-ST and to disclose, among others, his/her relationship(s) with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the Company. An independent director shall notify the Nominating Committee immediately, if as a result of a change in circumstances, he/she no longer meets the criteria for independence. The Nominating Committee shall review the change in circumstances and make its recommendations to the Board.

Each independent director has completed the Director's Independence Confirmation for FY2022. The Nominating Committee has reviewed the independence of each independent director in accordance with the guidance in the Code, the Practice Guidance and the Listing Manual of the SGX-ST and is satisfied that apart from Mr Wong Yu Wei (Huang Youwei) and Mr Chu Kok Hong @ Choo Kok Hong, both of whom are the only non-independent directors of the Company, all other members of the Board, i.e. Mr John Lim Kok Min, Mr Chong Lit Cheong, Professor Yong Kwet Yew and Mr Tam Chee Chong, do not have any relationship and are not affected by any of the circumstances identified in the Code, the Practice Guidance and the Listing Manual of the SGX-ST or any other relationships which may affect their independent judgment and are therefore considered to be independent. Independent directors comprise a majority of the Board.

Corporate Governance

Assessment of Directors' Commitment

The Nominating Committee assesses annually whether a director is able to and has been adequately carrying out his/her duties and responsibilities as a director and, in particular, whether a director who serves on multiple boards is able to commit the necessary time and attention to serve on the Board. In performing its review, the Nominating Committee will consider factors that include:

- (a) the respective director's preparation for and participation at Board meetings;
- (b) the assessment of the effectiveness of the individual director; and
- (c) the assessment of the time and attention given by such director to the affairs of the Company and the Group.

The Nominating Committee has not imposed a limit on the maximum number of listed company board representations and/or other principal commitments which a director may hold at this point of time. The Nominating Committee recognises that the time and attention that each director can devote to the Company depends on many factors that may vary from individual to individual, and believes the imposition of a limit may not be meaningful. Instead, the Nominating Committee assesses holistically, and on a case-by-case basis, whether a director is able to carry out, and has been adequately carrying out, his/her duties and responsibilities as a director taking into account, among others, the factors mentioned above.

Consistent with the principle that each director is expected to be able to, and to adequately, carry out his/her duties as a director, the Board does not encourage the appointment of alternate directors. No alternate director was appointed to the Board during FY2022.

The dates of initial appointment and last re-election of each of the directors, together with their directorships in other listed companies, are set out below:

Name	Position	Date of Initial Appointment	Date of Last Re-election	Current Directorships in Listed Companies	Past Directorships in Listed Companies (in last three years)
John Lim Kok Min	Chairman & Independent Non-Executive Director	25 March 2015	28 July 2021	IREIT Global Group Pte. Ltd. as Manager for IREIT Global	Silverlake Axis Ltd
Wong Yu Wei (Huang Youwei)	Executive Deputy Chairman	1 December 2008	25 August 2020	-	-
Chu Kok Hong @ Choo Kok Hong	Managing Director	5 January 2009	25 August 2020	-	-
Chong Lit Cheong	Independent Non-Executive Director	15 May 2015	28 July 2021	-	-
Professor Yong Kwet Yew	Independent Non-Executive Director	1 May 2019	26 July 2019	BBR Holdings (S) Ltd Tritech Group Ltd	-
Tam Chee Chong	Independent Non-Executive Director	1 May 2019	26 July 2019	GSH Corporation Limited* IFS Capital Ltd	-

* Retired as director on 29 April 2022

Please also refer to the section "Board of Directors" on pages 46 to 47, and the section "Additional Information on Directors Seeking Re-election Pursuant to Rule 720(6) of the Listing Manual of the SGX-ST" on pages 85 to 89, of the Annual Report for information on other principal commitments of the directors.

The Nominating Committee is of the view that, during FY2022, each director has devoted sufficient time and attention to the affairs of the Company and was able to discharge their respective duties and responsibilities as director effectively. The Nominating Committee has also reviewed and is satisfied that none of the directors held such a significant number of listed company directorships and/or other principal commitments which may affect his/her ability to serve on the Board effectively. In particular, those directors who hold multiple listed company directorships and other principal commitments have devoted sufficient time and attention to the affairs of the Company and have adequately discharged their duties and responsibilities as directors of the Company during FY2022.

Corporate Governance

Board Performance

Principle 5 - The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

Assessment of Composition and Skill Set of the Board

As part of the formal annual assessment of the effectiveness of the Board as a whole and its Board Committees, and individual directors (including the Chairman) as described in the section “Evaluation Process and Criteria” below, the Nominating Committee reviews on an annual basis the composition and skill sets of the Board to determine whether they are adequate and appropriate having regard to the nature and scope of the Company’s operations.

The annual evaluation of the Board is conducted by the Nominating Committee to assess whether each director continues to contribute effectively and demonstrate commitment to the role. This exercise also provides a platform for the Board members to exchange feedback on the Board’s strengths and shortcomings with a view to strengthening the effectiveness of the Board. It also helps the Nominating Committee in determining whether (i) to re-nominate directors who are due for retirement at the next AGM, (ii) any replacement of existing directors or appointment of new directors is required, and (iii) directors with multiple board representations are able to discharge, and have adequately discharged, their duties as directors of the Company.

Replacement of a director, when it happens, does not necessarily reflect on the director’s performance or contributions to the Board, but may be driven by the need to align the skill sets of the Board with the medium or long-term needs of the Group.

Evaluation Process and Criteria

The Board, based on the recommendation of the Nominating Committee, adopts a formal process with objective performance criteria for the annual evaluation of the effectiveness and performance of the Board as a whole, each Board Committee as well as each individual director (including the Chairman).

In relation to the evaluation of the Board, the assessment parameters include evaluation of the Board’s composition, access to information, the quality of Board processes, accountability and the Board’s performance in relation to discharging its principal responsibilities.

In relation to the evaluation of the Board Committees, the assessment parameters include the standard of conduct of each Board Committee, its structure and reporting process to the Board.

In relation to the evaluation of each individual director (including the Chairman), the assessment takes into account numerous factors, including the director’s attendance, participation and contribution at the Board and various Board Committee meetings.

The evaluation process of the Board and the Board Committees entails the directors completing the relevant evaluation forms which are designed to incorporate the assessment parameters referred to above. The company secretary will summarise the results of all the evaluations of the Board and the Board Committees and present them to the Nominating Committee for review. The evaluation process of individual director will be undertaken by way of the Chairman of the Nominating Committee interviewing each individual director separately on how each individual director would evaluate themselves and their peers. The Chairman of the Nominating Committee will present the feedback received from each director along with his own feedback (if any) during the Nominating Committee meeting. Areas where the Board’s performance and effectiveness could be enhanced and recommendations for improvement will be discussed by the Board and, where appropriate, implemented.

The Nominating Committee (which comprises all the members of the Board as at the date of this Report) has conducted an evaluation of the Board, the Board Committees and individual directors (including the Chairman) in respect of FY2022. No external facilitator was engaged for the purpose of these evaluations as the Nominating Committee and the Board are of the view that the current evaluation process is adequate. Moving forward, the Board will consider such engagement where appropriate.

Based on the evaluation for FY2022, the Nominating Committee and the Board are satisfied with the performance and effectiveness of the Board as a whole, each Board Committee as well as the individual directors (including the Chairman).

Corporate Governance

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6 - The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Level and Mix of Remuneration

Principle 7 - The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

Disclosure on Remuneration

Principle 8 - The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Remuneration Committee

The Remuneration Committee comprises three non-executive directors, all of whom, including the Chairman of the Remuneration Committee, are also independent directors. As at the date of this Report, the members of the Remuneration Committee are:

Mr Chong Lit Cheong	Chairman
Mr John Lim Kok Min	Member
Professor Yong Kwet Yew	Member

Terms of Reference

According to the written terms of reference of the Remuneration Committee, read together with the Code, the Remuneration Committee has, among others, a formal, transparent and objective procedure for developing policies on director and executive remuneration, as well as for fixing the remuneration packages of individual directors and key management personnel. The Remuneration Committee also implements and administers the Boustead Projects Restricted Share Plan 2016 ("**2016 Share Plan**") (on which further information is set out in the section "Boustead Projects Restricted Share Plan 2016").

The Remuneration Committee recommends for the Board's endorsement, a remuneration framework which covers all aspects of remuneration, including but not limited to directors' fees, salaries, allowances, bonuses, benefits-in-kind and termination terms, as well as specific remuneration packages for the Board and key management personnel.

The Remuneration Committee, with recommendation from Management, will put forward the list of employees and the amount of share awards to be granted under the 2016 Share Plan to the Board for endorsement.

The Remuneration Committee also reviews the Company's obligations arising from termination of the service contracts of executive directors and key management personnel to ensure that they contain fair and reasonable termination clauses.

No director, including the members of the Remuneration Committee, is involved in discussions concerning his own remuneration. The Remuneration Committee's recommendations are submitted to the Board for endorsement.

In carrying out its terms of reference, the Remuneration Committee has direct access to the Boustead Group's Senior Vice President, Group Human Resources and the Company's Deputy Director, Human Resources, both of whom will address any queries from the Remuneration Committee on human resources matters. The Company's Deputy Director, Human Resources also acts as the secretary for the Remuneration Committee. The Remuneration Committee may also obtain independent external legal and other professional advice as it deems necessary. The expenses for such advice will be borne by the Company. The Remuneration Committee did not appoint any remuneration consultants in FY2022.

During FY2022, the Remuneration Committee has, among others, made recommendations to the Board on the framework of remuneration for the Board and key management personnel and the specific remuneration packages for each director as well as for the key management personnel.

Corporate Governance

Remuneration Policy and Framework

From a broad perspective, the remuneration policy and framework adopted by the Company for determining directors' fees, executive directors' remuneration and the key management personnel's remuneration is designed with a view to paying competitive remuneration to attract, retain and motivate the directors to provide good stewardship of the Company and the key management personnel to successfully manage the Company for the long term. Specifically, the remuneration policy and framework aims to motivate directors and key management personnel to exert their best efforts to work towards the growth of the Group, to improve the Company's performance and to protect and promote the interests of all shareholders. The remuneration policy and framework takes into consideration the long-term interests of the Group and ensures that the interests of the directors and key management personnel are aligned with those of the shareholders. The remuneration policy and framework ensures that independent directors are not overly-compensated to the extent that their independence may be compromised. The directors' fees are recommended by the Remuneration Committee and endorsed by the Board for approval by the shareholders of the Company at AGMs.

Remuneration of Non-Executive Directors

The remuneration of the non-executive directors is in the form of fixed fees. The directors' fees payable to the non-executive directors are based on a basic fee for serving as director and additional fees for serving on Board Committees. When reviewing the structure and level of directors' fees for the non-executive directors, the Remuneration Committee takes into consideration the respective roles and responsibilities undertaken in the Board and its Board Committees and the frequency of Board and Board Committee meetings. The Chairman of each Board Committee is paid a higher fee compared with the member of the respective committees in view of the greater responsibility and commitment required by that office. The payment of fees to non-executive directors is subject to the approval of the shareholders of the Company at each AGM.

Apart from the fixed fees described above, the independent non-executive directors are also eligible to participate in the 2016 Share Plan. The Board believes that allowing independent non-executive directors to participate in the 2016 Share Plan will give them a stake in the Company while providing the Company with additional flexibility in compensating them for their services, and enabling the Company to attract and retain experienced and qualified individuals from a wide range of professional backgrounds to join the Board. As at the date of this Report, none of the independent non-executive directors has accepted any share awards under this 2016 Share Plan. A description of the 2016 Share Plan is set out in the section "Boustead Projects Restricted Share Plan 2016".

In FY2022, the framework for the remuneration of independent non-executive directors is as follows:

Board Member	S\$30,000
Group Chairman	S\$20,000
Audit & Risk Committee	
Chairman	S\$20,000
Member	S\$10,000
Nominating Committee	
Chairman	S\$10,000
Member	S\$5,000
Remuneration Committee	
Chairman	S\$10,000
Member	S\$5,000
Attendance Fee per meeting (capped at S\$10,000 per year)	S\$2,000

Information on the directors' fees of independent non-executive directors for FY2022 is set out in the section "Remuneration of Independent Non-Executive Directors for FY2022".

Corporate Governance

Remuneration of Executive Directors and Management

Executive directors do not receive directors' fees. Instead, they are remunerated as members of Management. The Remuneration Committee conducts an annual review to ensure that the remuneration of the executive directors commensurate with their performance and that of the Company. In structuring the remuneration framework, the Remuneration Committee also considers their contributions as well as the financial performance conditions, which include both quantitative and qualitative targets that have been achieved during the year.

The remuneration package of the executive directors and the key management personnel primarily comprises a mix of a fixed component and a variable component. A significant and appropriate portion of remuneration of executive directors and key management personnel is structured as a variable component with a view to aligning Management's remuneration with the interests of shareholders and other stakeholders, and to link rewards to corporate and individual performance so as to promote the long-term sustainability and success of the Group.

The fixed component is in the form of a base salary which is determined based on various criteria, including the individual's role and responsibilities, experience and competencies as well as performance and market competitiveness. This is approved by the Board based on the Remuneration Committee's recommendations and reviewed annually.

The variable component is in the form of an annual variable performance bonus that is linked to the Group's corporate performance and individual performance. Specifically, the remuneration of certain Management personnel is linked directly to the Group's financial performance through a profit-sharing formula as well as individual key performance indicators.

Complementing the fixed and variable components of the remuneration package described above is the long-term incentive in the form of share awards that can be granted under the 2016 Share Plan. This long-term incentive is applicable only to selected employees whose role and services have been identified to be of significant importance to the performance and growth of the Company. Such long-term incentives would give recognition to these selected employees and promote commitment, dedication and loyalty to the Group. There was no grant of share awards to eligible employees for FY2022. A description of the 2016 Share Plan is set out in the section "Boustead Projects Restricted Share Plan 2016".

Information on the remuneration paid to the executive directors and certain other key management personnel for FY2022 is set out in the section "Remuneration of Executive Directors, Key Management Personnel and Key Executives for FY2022".

The Company does not currently have in place contractual provisions to allow the Company to reclaim incentive components of remuneration from executive directors and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company.

Remuneration of Independent Non-Executive Directors for FY2022

The aggregate directors' fees paid to the independent non-executive directors for FY2022 amounted to S\$265,000, details of which are set out below:

Name of Director	Directors' Fee	Total
	S\$	S\$
John Lim Kok Min	85,000	85,000
Chong Lit Cheong*	65,000	65,000
Professor Yong Kwet Yew	50,000	50,000
Tam Chee Chong	65,000	65,000

* Director's fees were paid to Surbana Jurong Private Limited.

The payment of the directors' fees of S\$265,000 for FY2022 is within the directors' fees approved by shareholders as a lumpsum (being S\$280,000) at the AGM held on 28 July 2021.

Corporate Governance

Remuneration of Executive Directors, Key Management Personnel and Key Executives for FY2022

The remuneration of the key management personnel (including the executive directors) and certain key executives for FY2022 in bands of S\$250,000 are set out below:

Name	Salary	Bonus	Fees	Other Benefits	Total
<u>Executive Directors</u>					
S\$1,000,000 to S\$1,249,999					
Chu Kok Hong @ Choo Kok Hong	42%	14%	-	44%	100%
S\$750,000 to S\$999,999					
Wong Yu Wei (Huang Youwei)	35%	13%	-	52%	100%
<u>Key Management Personnel</u>					
S\$250,000 to S\$499,999					
Lee Keen Meng	64%	28%	-	8%	100%
Lum Wai Meng	76%	13%	-	11%	100%
Samuel Lim Swee Hong	65%	28%	-	7%	100%
<u>Key Executives</u>					
S\$250,000 to S\$499,999					
Steven Koh Boon Teik	68%	24%	-	8%	100%
Heng Eng Kiat	63%	27%	-	10%	100%
Liew Kau Keen	66%	23%	-	11%	100%
Ho Tai Wing	65%	23%	-	12%	100%
Below S\$250,000					
How Tan Hong	67%	23%	-	10%	100%
Desmond Sim Tze Peng	62%	21%	-	17%	100%
Koh Tee Yeong Andy*	73%	14%	-	13%	100%

* Employed during FY2022

The total remuneration paid to the above key management personnel and key executives, other than the executive directors, for FY2022 was S\$2,993,478.42.

The Board has, after careful deliberation, decided to disclose the remuneration of the Managing Director, Mr Chu Kok Hong @ Choo Kok Hong, and the Executive Deputy Chairman, Mr Wong Yu Wei (Huang Youwei), for FY2022 in remuneration bands of S\$250,000 and by a percentage breakdown in terms of categories and components, instead of disclosing the exact remuneration. This is a variation from Provision 8.1(a) of the Code which provides, among others, that the amounts of remuneration of each individual director and the chief executive officer are disclosed in the annual report.

The Board believes that it is not in the interests of the Company and the Group for the remuneration of the executive directors to be disclosed in exact dollar terms as the Company considers such information to be commercially sensitive, taking into account, in particular, the competitive pressures in the talent market and the potential adverse impact on the Group in the event that the Company's executive directors are solicited for other employment.

The Board notes that this Report has disclosed the procedure for developing policies on director and executive remuneration (under the section "Terms of Reference"), the overall remuneration policy and framework (under the section "Remuneration Policy and Framework"), as well as the specific remuneration policy and framework applicable to non-executive directors and executive directors and Management (under the sections "Remuneration of Non-Executive Directors" and "Remuneration of Executive Directors and Management"). The disclosure of such information, together with the executive directors' remuneration in bands of S\$250,000 with a breakdown of the level and mix of the remuneration in the above table, provide shareholders with sufficient insight into the compensation of the executive directors and is consistent with the intent of Principle 8.

There is no termination, retirement and post-employment benefits granted to directors, Managing Director or the key management personnel.

Corporate Governance

Save for Mr Wong Yu Wei (Huang Youwei), who is the son of the Company's substantial shareholder, Mr Wong Fong Fui, there is no employee who is a substantial shareholder of the Company, or is an immediate family member of any of the directors, chief executive officer or a substantial shareholder of the Company, and whose remuneration exceeds S\$100,000 during FY2022. Mr Wong Yu Wei's remuneration for FY2022 is disclosed in bands of S\$250,000 with a breakdown on the level and mix of remuneration in the table under the section "Remuneration of Executive Directors, Key Management Personnel and Key Executives for FY2022". This is a variation from Provision 8.2 of the Code which provides, among others, that the remuneration of such employees be disclosed in bands no wider than S\$100,000. The reasons for disclosing the remuneration of Mr Wong Yu Wei (Huang Youwei) in bands of S\$250,000 with a breakdown on the level and mix of remuneration are set out above, and such disclosure is consistent with the intent of Principle 8 for the same reasons as set out above.

Boustead Projects Restricted Share Plan 2016

The 2016 Share Plan was approved by the shareholders of the Company at its Extraordinary General Meeting ("EGM") held on 28 July 2016. Under the 2016 Share Plan, all eligible executive employees, non-executive directors of the Company as well as associates of controlling shareholders of the Company are invited to participate in the 2016 Share Plan. The selection of eligible participants in the 2016 Share Plan shall be determined at the absolute discretion of the committee appointed by the Board to administer the 2016 Share Plan. The participation of associates of controlling shareholders shall be approved by independent members of the Company. Further information on the 2016 Share Plan can be found on page 56 of the Annual Report.

One-off ex-gratia payment in the form of award of shares to directors by way of transfer of an aggregate of 2,400,000 treasury shares at the discounted transfer price of S\$0.806 per treasury share to them ("Award of Shares")

The Award of Shares by way of transferring an aggregate of 2,400,000 treasury shares to the directors was approved by the shareholders of the Company at its EGM held on 28 July 2021.

The breakdown of the Award of Shares granted to the directors is set out below:

Name of Director	No. of Treasury Shares Awarded	Total Transfer Price Paid (S\$)	Discount from Market Value* (S\$)
John Lim Kok Min	100,000	80,600	47,400
Wong Yu Wei (Huang Youwei)	1,000,000	806,000	474,000
Chu Kok Hong @ Choo Kok Hong	1,000,000	806,000	474,000
Chong Lit Cheong	100,000	80,600	47,400
Professor Yong Kwet Yew	100,000	80,600	47,400
Tam Chee Chong	100,000	80,600	47,400

* Based on S\$1.28 per share, being the market price of the Company's shares as at 28 July 2021 (the date on which shareholders' approval was obtained for the Award of Shares at the EGM).

The Award of Shares represents a one-off ex-gratia payment to the directors in recognition of the strategic leadership of, and time spent and effort by, the Board in FY2021, to successfully establish Boustead Industrial Fund (a private business trust sponsored by the Company) and in unlocking an unprecedented shareholder value despite the challenging conditions from the COVID-19 pandemic. Please see the Company's circular to shareholders dated 12 July 2021 relating to the Award of Shares for further details.

Corporate Governance

ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

Principle 9 - The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The Board has overall responsibility for risk governance and determines the Company's risk tolerance level and risk policies, and the extent of risks which the Company is able to take in order to achieve its strategic objectives and value creation. The Company maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the Group's assets, and to manage risks. The system provides reasonable but not absolute assurance against material misstatements or loss, and to safeguard assets and ensure maintenance of proper accounting records, reliability of financial information, compliance with relevant legislation, regulations and best practices, and the identification and containment of business risks. The Audit & Risk Committee assists the Board in monitoring the effectiveness of the risk management and internal control systems and procedures of the Company. The Board, through the Audit & Risk Committee, reviews the effectiveness of the risk management and internal control systems and procedures of the Company at least once annually.

The Board, aided by the Audit & Risk Committee, regularly reviews and improves its business and operational activities to identify areas of significant business risks as well as taking appropriate measures to control and mitigate such risks. The Management reviews all significant control policies and procedures and all significant matters will be highlighted to the Audit & Risk Committee and the Board. The financial risk management objectives and policies are outlined in the financial statements.

An Enterprise Risk Management ("ERM") framework established and maintained by the Company sets out the Group's internal processes to enable significant strategic, financial, operational, compliance and IT risks within the relevant Group companies to be identified, assessed, monitored, managed and evaluated. The Management reviews the risk register on a regular basis with the objective of assigning clear accountability and ownership of risks at the operating level to manage risks, and any emerging or material risks will be highlighted to the Board in a timely manner. Strong emphasis is placed on creating risk awareness, promoting accountability and setting the appropriate tone at the top.

Reviews of the Group's risk exposure are conducted every quarter during the Audit & Risk Committee meetings, to be followed by an overall assessment at the end of each financial year.

Based on the internal controls policy and procedures established and maintained by the Group, the work performed by the internal and external auditors, reviews conducted by Management and various Board Committees (including the Audit & Risk Committee), and the assurance from the Executive Deputy Chairman and the relevant key management personnel, the Board, with the concurrence of the Audit & Risk Committee, is of the opinion that the Group's internal controls (including financial, operational, compliance and information technology controls) and risk management systems were adequate and effective to address financial, operational, compliance and information technology risks as at 31 March 2022.

In addition, the Audit & Risk Committee and the Board have received assurance from:

- (a) the Executive Deputy Chairman and the Chief Financial Officer that as of 31 March 2022, the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and
- (b) the Executive Deputy Chairman and the relevant key management personnel that as of 31 March 2022, the Group's risk management and internal control systems to address the key financial, operational, compliance and information technology risks affecting the operations are adequate and effective to meet the needs of the Group in its current business environment.

The Board notes that the system of risk management and internal controls established provide reasonable but not absolute assurance that the Group will not be significantly affected by any event that can be reasonably foreseen or anticipated as it strives to achieve its business objectives.

Corporate Governance

Audit & Risk Committee

Principle 10 - The Board has an Audit Committee ("AC") which discharges its duties objectively.

Audit & Risk Committee

The Audit & Risk Committee comprises three non-executive directors, all of whom, including the Chairman of the Audit & Risk Committee, are also independent directors. As at the date of this Report, the members of the Audit & Risk Committee are:

Mr Tam Chee Chong	Chairman
Mr John Lim Kok Min	Member
Mr Chong Lit Cheong	Member
Professor Yong Kwet Yew*	Member

* Professor Yong Kwet Yew was appointed as member of the Audit & Risk Committee with effect from 1 July 2022.

A majority of the members of the Audit & Risk Committee have recent and relevant accounting or related financial management expertise or experience.

None of the members of the Audit & Risk Committee are former partners or directors of the Company's existing auditing firm within the previous two-year period nor does any of the Audit & Risk Committee members has any financial interest in the Company's existing auditing firm.

Terms of Reference

The Audit & Risk Committee is governed by the written terms of reference of the Audit & Risk Committee and the principal functions of the Audit & Risk Committee include:

- (a) overseeing the adequacy of the controls established by Management to identify and manage areas of potential risk and to safeguard the assets of the Company;
- (b) evaluating the processes in place to ensure that accounting records are properly maintained in accordance with statutory requirements and financial information provided to shareholders and the directors is accurate and reliable;
- (c) reviewing the significant financial reporting issues and judgments so as to ensure the integrity of the financial statements of the Company and any announcements relating to the Company's financial performance;
- (d) reviewing with external and internal auditors and reporting to the Board at least annually the adequacy and effectiveness of the Company's risk management system and internal controls system, including financial, operational, compliance and information technology controls (such review can be carried out internally or with the assistance of any competent third parties);
- (e) reviewing with internal auditors, the program, scope and results of the internal audit and Management's response to their findings to ensure that appropriate follow-up measures are taken;
- (f) reviewing the adequacy, effectiveness and independence of the internal audit function;
- (g) reviewing the scope and results of the external audit, and the adequacy, independence and objectivity of the external auditors;
- (h) reviewing with external auditors the impact of any new or proposed changes in accounting principles or regulatory requirements on the financial information;
- (i) making recommendations to the Board on the proposals to the shareholders on the appointment, re-appointment and removal of the external auditors, and approving the remuneration and terms of engagement of the external auditors;
- (j) reviewing interested person transactions (including interested person transactions disclosed in the Company's Introductory Document dated 31 March 2015) or transactions that may lead to conflicts of interests, to ensure that they are in compliance with the laws and the regulations of the SGX-ST, and are reasonable and in the best interests of the Company;

Corporate Governance

- (k) reviewing the assurance from the Executive Deputy Chairman and the Chief Financial Officer on the financial records and financial statements and the assurance from the relevant key management personnel regarding the adequacy and effectiveness of the risk management and internal control systems;
- (l) monitoring the investments in customers, suppliers and competitors made by the directors, controlling shareholders and their respective associates who are involved in the management of or have shareholding interests in similar or related business of the Company and making assessments on whether there are any potential conflicts of interests;
- (m) reviewing filings with the SGX-ST or other regulatory bodies which contain the Company's financial information and ensure proper disclosure;
- (n) commissioning and reviewing the findings of internal investigations into matters where there is any suspected fraud or irregularity or failure of internal controls or infringement of any law, rule and regulation which has or is likely to have a material impact on the Company's operating results and/or financial position;
- (o) reviewing policy and arrangements by which staff and any other persons may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters and ensuring that arrangements are in place for such concerns to be raised and independently investigated, and for appropriate follow-up action to be taken;
- (p) reviewing the risk management structure (including all hedging policies) and any oversight of the risk management processes and activities to mitigate and manage risk at acceptable levels determined by the directors;
- (q) reporting to the Board the work performed by the Audit & Risk Committee in carrying out its functions;
- (r) reviewing the co-operation given by officers to the external auditors; and
- (s) performing any other act as delegated by the Board and approved by the Audit & Risk Committee.

The Audit & Risk Committee is authorised to investigate any matter within its written terms of reference. The Audit & Risk Committee has full access to and the co-operation of Management and is given access to such resources as may be required for it to discharge its function properly. The Audit & Risk Committee also has full discretion to invite any director and executive officer to attend its meetings. The external and internal auditors of the Company have unrestricted access to the Audit & Risk Committee.

Through annual updates from Management and the external auditors, the Audit & Risk Committee is kept abreast of changes to accounting standards, the Listing Manual of the SGX-ST and other regulations which could have an impact on the Group's business and financial statements.

The Audit & Risk Committee members also keep themselves updated through relevant publications and by attending relevant seminars and courses.

During FY2022, the Audit & Risk Committee has, among others, reviewed:

- (a) the audit plans of the external auditors and internal auditors;
- (b) the results of the internal auditors' examination and evaluation of the Group's system of internal accounting and operational controls;
- (c) the Group's financial and operating results and accounting policies;
- (d) the consolidated financial statements of the Group and the statement of financial position of the Company before their submission to the directors of the Company and the external auditors' report on those financial statements;
- (e) the half-year and full-year announcements on the consolidated financial statements of the Group and the changes in equity and financial position of the Company;
- (f) the co-operation and assistance given by the management to the external auditors and internal auditors of the Company;
- (g) the performance, independence, objectivity and appointment/re-appointment of the external auditors of the Company; and
- (h) the adequacy and effectiveness of the Company's internal controls and risk management systems.

Corporate Governance

External Auditor

The Board is responsible for the initial appointment of the external auditor. Shareholders then approve the appointment of the external auditor at the AGM of the Company. The external auditor holds office until its removal or resignation. The Audit & Risk Committee assesses the external auditor based on the requirements of the Listing Manual of the SGX-ST as well as other factors such as the performance and quality of its audit and the independence and objectivity of the auditor and recommends its appointment to the Board.

The Audit & Risk Committee has undertaken a review of the nature and value of all non-audit services provided to the Group by the current external auditors during FY2022 and is satisfied that the independence of the external auditors has not been affected by the provision of these services. The audit fees and non-audit fees paid or payable to the external auditors for FY2022 are set out below:

	S\$'000	Total Fees Paid (%)
Audit fees	178	86
Non-audit fees	29	14
Total fees	207	100

The Company confirmed that it has complied with Rule 712 and Rule 715 read together with Rule 716 of the Listing Manual of the SGX-ST in relation to the appointment of the external auditor.

The Audit & Risk Committee has also reviewed the Group's audited consolidated financial statements for FY2022 and discussed with Management and the external auditor the following significant matters which involved management judgment:

Significant matters	How the Audit & Risk Committee reviewed these matters and what decisions were made
Accounting for Engineering & Construction Contracts	<p>The Audit & Risk Committee reviewed the methodology used in the recognition of contract revenue and contract costs over time and had considered Management's assumptions, and estimates used in the determination of the total construction cost, variations or claims that will affect the measure of progress, revenue and profit margins recognised and found them to be reasonable.</p> <p>The accounting for construction contract was also an area of focus for the external auditor. The external auditor has included this item as a key audit matter in its audit report for the financial year ended 31 March 2022. Refer to page 91 of this Annual Report.</p>

Internal Audit

The Audit & Risk Committee oversees the implementation of an effective system of internal controls as well as putting in place a risk management framework to continually identify, evaluate and manage significant business risks of the Group. To support the Audit & Risk Committee in their role, the Audit & Risk Committee decides on the appointment, selection, termination and remuneration of the internal auditor appointed to carry out the internal audit function for the Group. The primary reporting line of the internal audit function is to the Chairman of the Audit & Risk Committee. Annually, the Audit & Risk Committee will review and approve audit plans and the resource requirement prepared by the internal auditor and shall ensure that the internal auditor is able to effectively and adequately discharge its duties. The Company's internal audit function is performed by the Internal Audit Department of its holding company, Boustead Singapore Limited.

The internal auditor has unrestricted access to all documents, records, properties and personnel of the Group and unrestricted direct access to the Audit & Risk Committee in carrying out its duties and responsibilities, and has appropriate standing within the Company.

The Audit & Risk Committee is satisfied that the internal audit function is adequately resourced and independent of the activities it audits, and is carried out by suitably qualified and experienced professionals with the relevant experience.

The Company may engage external service provider to perform internal audit service as and where required.

The internal audit work is carried out in accordance with the International Standards for the Professional Practice of Internal Auditing (IIA Standards) laid down in the International Professional Practices Framework issued by The Institute of Internal Auditors.

The Audit & Risk Committee reviews the adequacy and effectiveness of the Group's internal audit function on an annual basis and is satisfied that it is independent, effective and adequately resourced.

The Audit & Risk Committee meets at least once a year with the external auditors, and with the internal auditors, in each case, without the presence of Management.

Corporate Governance

Whistleblowing Policy

The Group is committed to meeting a high standard of ethical conduct in the conduct of the Group's operations, and has put in place a Whistleblowing Policy to facilitate independent investigation of any reportable conduct and appropriate follow-up actions.

The Whistleblowing Policy, endorsed by the Audit & Risk Committee, provides for a mechanism by which employees of the Group and third parties may, in good faith and in confidence, raise concerns or observations about possible corporate malpractice and impropriety in financial reporting or other matters directly to the Chairman of the Audit & Risk Committee, who is also a member of the Whistleblowing Committee specifically constituted for this purpose. The Whistleblowing Committee consists of the Chairman of the Audit & Risk Committee, Deputy Director, Human Resources and Senior Vice President, Internal Audit.

The policy framework ensures independent investigation of issues or concerns raised and implementation of appropriate follow-up action, and provides assurance that employees will be protected from reprisal within the limits of the law. Depending on the nature of the concern raised or information provided, the investigation may be conducted involving one or more of the following independent function(s): (a) the Audit & Risk Committee; (b) external or internal auditors; (c) forensic professional(s); or (d) the police or Commercial Affairs Department. The Group is committed to ensure the protection of whistleblowers and will not disclose the identity of a whistleblower and/or concerns raised by such whistleblower except when, among others, (a) the Group is legally obliged to disclose such information; or (b) information is disclosed on a confidential basis to obtain professional advice. Where an employee raises a genuine concern in good faith, the Company shall ensure that such employee shall not be at risk for losing his/her employment or suffer any retribution or harassment. Measures for the protection of the identity of a whistleblower as well as protection of a whistleblower against detrimental or unfair treatment are provided in the Whistleblowing Policy. The Whistleblowing Policy and the avenues for reporting are made available to employees of the Group and third parties, and are also available on the Company's website. Management reports to the Audit & Risk Committee at every quarterly meeting on whether they have received any whistleblower report in that quarter.

There was one reported incident pertaining to whistleblowing during FY2022. The Audit & Risk Committee commissioned an investigation process that was conducted in line with the requirements of the Whistleblowing Policy. Based on the results of the investigation, the Audit & Risk Committee is satisfied that there were no strong grounds to support the allegations, and agreed to take the case as closed.

SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meetings

Principle 11 - The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Shareholder Rights

The Company recognises the importance of maintaining accountability and transparency with its shareholders. The Board ensures that all shareholders are treated fairly and equitably and information is communicated to shareholders on a timely basis through annual reports, half-year and full-year financial results and announcements of significant transactions that are released on SGXNET. Shareholders are also able to access investor-related information of the Group through a well-maintained and updated corporate website at www.bousteadprojects.com.

The Notice of AGM, along with related information, is sent to every shareholder. Shareholders are also informed in writing that a soft copy of the Annual Report is available for download from the Company's corporate website at www.bousteadprojects.com.

Corporate Governance

Conduct of General Meetings

The Company ensures that all shareholders have the opportunity to participate effectively and vote at general meetings of shareholders and be informed of the rules, including voting procedures, that govern such meetings.

The Company's Constitution currently permits shareholders who are unable to attend general meetings in person to vote by way of proxy. Specifically, each shareholder is allowed to appoint up to two proxies to attend and vote at general meetings on his/her behalf, unless the shareholder is a relevant intermediary (as defined in Section 181 of the Companies Act). A shareholder which is a relevant intermediary is entitled to appoint more than two proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such shareholder. A "relevant intermediary" includes corporations holding licences in providing nominee and custodial services and the Central Provident Fund Board ("**CPF**") where it purchases shares on behalf of the CPF investors.

Regulation 77A of the Company's Constitution also allows the directors to approve and implement, subject to such security measures as may be deemed necessary or expedient, such voting methods to allow members who are unable to vote in person at any general meeting, the option to vote in absentia, including but not limited to voting by mail, electronic mail or facsimile. The Company has not implemented voting in absentia by mail, electronic mail or facsimile due to concerns relating to the authentication of shareholder identity and other related security and integrity issues.

To safeguard shareholders' interest, separate resolution is proposed on each substantially separate issue at the general meetings of shareholders, unless the issues are interdependent and linked so as to form one single proposal. All the resolutions at general meetings are in single item resolutions. Where the resolutions are combined, the Company will explain the reasons and material implications in the notice of meeting. Detailed information of the resolutions is provided in the explanatory notes to the Notice of AGM in the Annual Report.

All resolutions at general meetings of the Company are voted by poll as required by Rule 730A(2) of the Listing Manual of the SGX-ST. The detailed results of the electronic poll voting on each resolution tabled at general meetings, including the total number of votes "for", "against" or "abstain" in relation to each resolution tabled, are announced immediately at the general meetings and via SGXNET thereafter.

Shareholders are given the opportunity to raise questions and clarify any issues that they may have relating to the resolutions to be passed. The Board and senior management are present at each general meeting to respond to any questions from shareholders. The Group's external auditors are also present to address queries regarding the conduct of the audit and the preparation and content of the auditors' report. During FY2022, the AGM and an EGM of the Company were held on 28 July 2021, and all the directors of the Company attended both the AGM and EGM.

Minutes of general meetings, which incorporate substantial and relevant comments or queries from shareholders relating to the agenda of the meetings, and responses from the Board and Management, will be prepared by the company secretary and published on SGXNET and the Company's corporate website within one month after its general meetings. This is consistent with Provision 11.5 of the Code and the requirement of the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 ("**Order**").

Under the COVID-19 (Temporary Measures) Act 2020 and its subsidiary legislation, such as the COVID-19 (Temporary Measures) (Control Order) Regulations 2020, the Company's AGM and general meetings may be conducted by way of physical meeting or electronic means or held in accordance with existing law or legal instrument, if doing so would not breach any prevailing safe management measures. Due to the evolving nature of the COVID-19 situation in Singapore, the Board is of the view that the Company should proceed with its AGM for FY2022 by electronic means on 28 July 2022. Shareholders will be given opportunities to ask questions "live" during the webcast of the AGM and also to submit questions prior to the AGM.

Dividend Policy

The Company does not have a fixed dividend policy. The form, frequency and amount of dividends will depend on, among others, the Company's earnings, general financial condition, results of operations, capital requirements, cash flow, general business condition, development plans and such other factors as the directors may deem appropriate. However, subject to the above, it is the Company's aim to declare and pay a sustainable dividend annually. The Company has been declaring dividends annually since financial year ended 31 March 2017.

In view of the very challenging conditions resulting from the COVID-19 pandemic and the Russia-Ukraine war and the significant adverse impact that the pandemic and the war are expected to have on the Company's financial results for the financial year ending 31 March 2023, the Board has recommended a final and special tax exempt one-tier dividend of 0.2 Singapore cents per ordinary share and 0.8 Singapore cents per ordinary share for FY2022 respectively. The Company will be seeking the approval of shareholders at the forthcoming AGM to be held for the declaration of the said proposed final dividend and special tax exempt one-tier dividend.

Corporate Governance

Engagement with Shareholders

Principle 12 - The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

The Company provides avenues for communication between the Board and all shareholders. The AGM is the principal forum for dialogue with shareholders. Shareholders are encouraged to participate effectively and vote at general meetings. Relevant rules and procedures governing such meeting are clearly communicated to all shareholders.

All material information on the performance and development of the Group and of the Company is disclosed in an accurate, comprehensive and timely manner through SGXNET, announcements, media releases and the Company's website. The Company does not practice selective disclosure of material information. All materials on the half-year and full-year financial results are made available on the Company's website and are accompanied by a media release in English.

The Company has a dedicated Investor Relations ("IR") Team who focuses on facilitating communications with all stakeholders (both institutional and retail shareholders, analysts and media) on a regular basis, attends to their queries or concerns as well as keeps investors or the public informed of the Group's corporate developments and financial performance. Communication activities include investor conferences, meetings and presentations to share the Company's business strategies and financial performance.

The Company has put in place an investor relations policy which allows for an ongoing exchange of views so as to actively engage and promote regular, effective and fair communication with all shareholders. For details on the Group's IR activities in FY2022, please refer to the Stakeholder Relations section on pages 50 to 51 of this Annual Report.

Further, to enable shareholders to contact the Company easily, the contact details of the IR Team are set out on all announcements as well as on the Company's website. The IR Team has procedures in place for responding to investors' queries as soon as applicable.

MANAGING STAKEHOLDERS RELATIONSHIPS

Engagement with Stakeholders

Principle 13 - The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

Managing Stakeholders' Relationships

The Company has arrangements in place to identify and engage with its material stakeholder groups and to manage its relationships with such groups, which form part of its sustainability practices. The Company defines key or material stakeholders as groups that its businesses may have a significant impact on or vice versa, and who have a vested interest in the way the Company conducts its business. The Company deems stakeholder relations to be important for the sustainable growth of its businesses, and a common consideration for the Company is whether a specific business expansion can provide sustainable profit and simultaneously create direct and indirect benefits for as many key stakeholders in as many economic and ESG facets as possible.

Accordingly, the Company seeks to maintain an open and transparent dialogue with its material stakeholders. The Company regularly engages its stakeholders through various platforms and channels to ensure that its business interests are aligned with those of the stakeholders, to understand and address their concerns so as to improve services and products standards, as well as to sustain business operations for long term growth. Stakeholders identified by the Company include the Board, Management, shareholders, employees, clients, strategic partners, suppliers, lenders, investors, media, government and regulators and local communities.

The Company has identified the material ESG topics of relevance to its key stakeholders (i.e. the Company's business model, strategies and outlook; corporate governance; smart eco-sustainable solutions; quality and transformation; economic performance; business ethics; data and information security; talent acquisition, development, management and retention; succession planning; health and safety; environment as well as legal and regulatory compliance) taking into account stakeholders' views, needs and interests, and periodically reviews these on an ongoing basis. The Board oversees the management and monitoring of these matters as part of the Company's sustainability practices.

As a commitment to its stakeholders, the Company will disclose its strategy, practices and performance on these material ESG matters in the FY2022 Longevity Report (Sustainability Report), which will be available on the Company's website by 31 August 2022.

Corporate Governance

Corporate Website

The Company maintains a current corporate website at www.bousteadprojects.com to communicate and engage with its stakeholders. The Company's corporate website contains various information pertaining to the Group and the Company which serves as an important resource for investors and all stakeholders. The website is updated from time to time.

Measures Implemented to Protect Stakeholders from COVID-19

During the initial stages of the global COVID-19 pandemic, the Company moved quickly to safeguard the wellbeing of its stakeholders including its employees, subcontractors and their employees, clients and surrounding communities by implementing preventive and control measures such as strict health checks, social distancing measures, split team and telecommuting arrangements. The Company has implemented a large number of safe management measures – in line with or exceeding Singapore Government-advised levels – which have been detailed in the past FY2021 Longevity Report (Sustainability Report) and will be once again shared in the upcoming FY2022 Longevity Report (Sustainability Report).

The Company continues to monitor the COVID-19 situation and the Company's Human Resources department will update employees and implement such safe management measures as may be issued by government from time to time.

Recognition

Since November 2019, the Company continues to be in the SGX Fast Track Programme, which recognises the Company for its high corporate governance standards and good compliance track record, with prioritised clearance for the Company's corporate action submissions.

DEALINGS IN SECURITIES

The Company, its directors and officers, including employees who have access to price-sensitive information, are not to deal in the Company's securities on short-term considerations and, during the period commencing one month before the announcement of the Company's half year and full year financial statements, and ending on the date of announcement of the relevant results. The Company, its directors and officers, including employees who have access to price-sensitive information, are expected to comply with the Securities and Futures Act 2001 of Singapore, and observe laws against insider trading at all times.

MATERIAL CONTRACTS

Since the end of the previous financial year, no material contracts involving the interest of the Managing Director/chief executive officer, each director or controlling shareholder of the Company have been entered into by the Company or any of its subsidiaries, and no such contract subsisted as at 31 March 2022.

INTERESTED PERSON TRANSACTIONS

All transactions with interested persons must be negotiated and made at arm's length and reviewed by the Audit & Risk Committee.

For FY2022, the following transactions that the Group entered into would be regarded as interested person transactions pursuant to the Listing Manual of the SGX-ST:

Name of interested person	Aggregate value of all interested person transactions during the financial period under review (excluding transactions less than S\$100,000)	
	Full-year ended 31.3.22 S\$'000	Full-year ended 31.3.21 S\$'000

Boustead Singapore Limited ("BSL") & its subsidiaries ("BSL Group")

Expenses for office premises from the BSL Group⁽¹⁾
(includes shared expenses such as IT, utilities and common area usage)

59

89

⁽¹⁾ This is deemed to have been specifically approved by shareholders upon the distribution of shares by dividend in specie following the extraordinary general meeting of Boustead Singapore Limited held on 16 April 2015 and is therefore not subject to Rules 905 and 906 of the Listing Manual of the SGX-ST to the extent that there are no subsequent changes to the terms of such agreement.

Corporate Governance

ADDITIONAL INFORMATION ON DIRECTORS SEEKING RE-ELECTION PURSUANT TO RULE 720(6) OF THE LISTING MANUAL OF THE SGX-ST

Mr Tam Chee Chong and Professor Yong Kwet Yew are the directors seeking re-election at the forthcoming AGM to be held on 28 July 2022 (collectively, the “Retiring Directors”).

Pursuant to Rule 720(6) of the Listing Manual of the SGX-ST, the information relating to the Retiring Directors as set out in Appendix 7.4.1 to the Listing Manual of the SGX-ST is set out below:

Name of Director	Tam Chee Chong	Yong Kwet Yew
Date of Appointment	01/05/2019	01/05/2019
Date of last re-appointment (if applicable)	26/07/2019	26/07/2019
Age	59	68
Country of principal residence	Singapore	Singapore
The Board's comments on this appointment (including rationale, selection criteria, and the search and nomination process)	The Board of Directors of the Company has considered, among others, the recommendation of the Nominating Committee and has reviewed and considered the work experience and suitability of Mr Tam Chee Chong for re-appointment as the Non-Executive Director of the Company. The Board has concluded that Mr Tam Chee Chong possesses the experience, expertise, knowledge and skills to contribute towards the core competencies of the Board.	The Board of Directors of the Company has considered, among others, the recommendation of the Nominating Committee and has reviewed and considered the work experience and suitability of Professor Yong Kwet Yew for re-appointment as the Non-Executive Director of the Company. Please provide details of relevant experience and the nominating committee's reasons for not requiring the director to undergo training as prescribed by the Exchange (if applicable)	N.A.	N.A.

Independent Auditor's Report

TO THE MEMBERS OF BOUSTEAD PROJECTS LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Our Opinion

In our opinion, the accompanying consolidated financial statements of Boustead Projects Limited ("the Company") and its subsidiaries ("the Group") and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 ("the Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 March 2022 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the financial year ended on that date.

What we have audited

The financial statements of the Company and the Group comprise:

- the consolidated statement of comprehensive income of the Group for the financial year ended 31 March 2022;
- the statements of financial position of the Group and the Company as at 31 March 2022;
- the consolidated statement of changes in equity of the Group for the financial year then ended;
- the consolidated statement of cash flows of the Group for the financial year then ended; and
- the notes to the financial statements, including a summary of significant accounting policies.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

Our Audit Approach

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the accompanying financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

Independent Auditor's Report

TO THE MEMBERS OF BOUSTEAD PROJECTS LIMITED

Our Audit Approach (cont'd)

Key Audit Matters

Key audit matters are those matters that, in our professional judgements, were of most significance in our audit of the financial statements for the financial year ended 31 March 2022 ("reporting date"). These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Revenue recognition of Engineering & Construction contracts</p> <p>Refer to Note 3 (Critical accounting estimates, assumptions and judgements), Note 4 (Revenue) to the financial statements.</p> <p>During the financial year ended 31 March 2022, revenue from Engineering & Construction contracts amounted to \$324,509,000, which represented 96% of the Group's total revenue.</p> <p>Revenue from Engineering & Construction contracts are recognised over time by reference to the progress towards satisfaction of performance obligations under the contracts. Measurement of progress of the projects at the reporting date is based on the proportion of contract costs incurred to-date over the estimated total contract costs.</p> <p>Revenue from Engineering & Construction contracts are also adjusted with variations to the contracts claimable from customers, as well as liquidated damages due to delays or other causes, payable to customers.</p> <p>The Coronavirus Disease 2019 ("COVID-19") pandemic has significantly slowed down the progress of the Group's Engineering & Construction contracts since early 2021. Furthermore, supply chain and labour issues from the pandemic and the current global geoeconomic and geopolitical climate situation have resulted and may continue to result in additional costs to complete the projects and project delays beyond the contracted dates of completion. The delay may lead to potential liquidated damage claims by customers and costs overrun, resulting in loss-making contracts.</p> <p>We focus on this area because of the significant management's judgements are required to estimate:</p> <ul style="list-style-type: none"> - the total contract costs, including variation claims from sub-contractors, which affected the measurement of progress of the projects at the reporting date and accordingly revenue recognised; and - provision for liquidated damage from these contracts. 	<p>We have performed the following audit procedures to address the Key Audit Matter:</p> <p>We have obtained an understanding of the progress of projects through discussions with management and examination of documents such as contracts and correspondences with customers, variation order claims from sub-contractors and advice from external legal advisers.</p> <p>In relation to total contract revenue, our audit procedures include the following:</p> <ol style="list-style-type: none"> Traced the total contract sums to contracts and agreed variation orders; For variation orders where management had determined that there was sufficient basis to claim from customers but pending final agreement with the customers, selected samples of claims to customers' instructions and schedule of rates with subcontractors or quotations from subcontractors; and Assessed the progress of construction against contractual timeline for delays and the adequacy of provision for liquidated damages. <p>In relation to total contract costs, our audit procedures include the following:</p> <ol style="list-style-type: none"> Selected samples of costs incurred and traced to supplier invoices and sub-contractors' billings; and Selected samples of projects in progress at the reporting date and tested estimation of cost-to-complete by tracing to quotations and/or contracts with sub-contractors and suppliers. <p>In relation to the revenue recognised for projects in progress at the reporting date, we have:</p> <ol style="list-style-type: none"> Recomputed the measurement of progress based on the proportion of contract costs incurred to-date to the estimated total contract costs; and Recomputed the revenue for the current financial year based on the measurement of progress and traced to the accounting records. <p>Based on the audit procedures performed, we have assessed management estimation of the revenue on Engineering & Construction contracts to be reasonable.</p> <p>We have assessed that the disclosures in the financial statements in relation to the sensitivity of estimations on revenue and costs on Engineering & Construction contracts to be appropriate.</p>

Independent Auditor's Report

TO THE MEMBERS OF BOUSTEAD PROJECTS LIMITED

Other Information

Management is responsible for the other information. The other information comprises all the sections of the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgements and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Independent Auditor's Report

TO THE MEMBERS OF BOUSTEAD PROJECTS LIMITED

Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Kok Moi Lre.

Disposal of properties, interest in a subsidiary and joint ventures to Boustead Industrial Fund ("BIF")

On 3 March 2021, the Group disposed properties and equity interests a subsidiary and joint ventures to BIF. Please refer to Note 34(c) for details of the transaction.

The effects of the disposal of the subsidiary as part of the transaction on the cash flows of the Group are as follows:

	2021 \$'000
Carrying amounts of assets and liabilities disposed:	
Cash and cash equivalents	1,992
Trade and other receivables	2,737
Investment property	34,517
Trade and other payables	(775)
Income tax liabilities	(419)
Lease liability	(7,408)
Deferred income tax liabilities	(1,576)
Net assets disposed of	29,068
Retained interest in a joint venture	(14,825)
Gain on disposal	9,542
Sales proceeds receivable	(517)
Unrealised gain on disposal due to retained interests in BIF	3,181
Cash proceeds from disposal	26,449
Less: Cash and cash equivalents in subsidiary disposed	(1,992)
Net cash inflow on disposal	24,457

Including proceeds from disposal of joint ventures, the total cash flow from disposal of a subsidiary and joint ventures amounted to \$25,813,000.

The accompanying notes form an integral part of these financial statements.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. GENERAL INFORMATION

Boustead Projects Limited (the “Company”) is listed on the Singapore Exchange and incorporated and domiciled in Singapore. The address of its registered office and principal place of business is 82 Ubi Avenue 4, #07-01 Edward Boustead Centre, Singapore 408832.

The principal activities of the Company are of investment holding while the principal activities of the Group are to provide turnkey Engineering & Construction services, including design-and-build services, as well as development management, asset management and fund management services for real estate developments. The principal activities of associates, joint ventures and subsidiaries are set out in Notes 21, 22 and 23 of the financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with the Singapore Financial Reporting Standards (International) (“SFRS(I)s”) under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I)s requires management to exercise its judgements in the process of applying the Group’s accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgements or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

Interpretations and amendments to published standards effective on 1 April 2021

On 1 April 2021, the Group has adopted the new or amended SFRS(I) and Interpretations of SFRS(I) (“INT SFRS(I)”) that are mandatory for application for the financial year. Changes to the Group’s accounting policies have been made as required, in accordance with the transitional provisions in the respective SFRS(I) and INT SFRS(I).

The adoption of these new or amended SFRS(I) and INT SFRS(I) did not result in substantial changes to the Group’s accounting policies and had no material effect on the amounts reported for the current or prior financial years, except as follows:

(i) *Interest Rate Benchmark Reform – Phase 2*

The Group has adopted the amendments to SFRS(I) 9, SFRS(I) 7 and SFRS(I) 16 Interest Rate Benchmark Reform – Phase 2 effective 1 January 2021. The Group applied the Phase 2 amendments retrospectively and in accordance with the exceptions permitted in the Phase 2 amendments, the Group has elected not to restate comparatives for the prior periods to reflect the application of these amendments. Since the Group had no transactions for which the benchmark rate had been replaced with an alternative benchmark rate as at 31 March 2021, there is no impact on the opening equity balances as at 1 April 2021 as a result of retrospective application.

Financial instruments measured at amortised cost

Phase 2 of the amendments requires that, for financial instruments measured using amortised cost measurement, changes to the basis for determining the contractual cash flows required by replacement inter-bank offered rates (“IBOR”) reform are reflected by adjusting their effective interest rate. No immediate gain or loss is recognised.

These expedients are only applicable to changes that are required by IBOR reform, which is the case if, and only if, the change is necessary as a direct consequence of IBOR reform and the new basis for determining the contractual cash flows is economically equivalent to the previous basis immediately preceding the change.

Effect of IBOR reform

Following the global financial crisis, the reform and replacement IBOR has become a priority for global regulators. The Group’s risk exposure that is directly affected by the IBOR reform comprises its variable rate borrowings that are linked to the United States Dollar London Inter-bank Offer Rate (“USD LIBOR”) and its variable rate loan to an associate that is linked to the Kuala Lumpur Inter-Bank Offer Rate (“KLIBOR”).

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.1 Basis of preparation (cont'd)

(i) Interest Rate Benchmark Reform – Phase 2 (cont'd)

Effect of IBOR reform (cont'd)

The USD LIBOR loses its representativeness after 30 June 2023, and it is expected to be replaced by the Secured Overnight Financing Rate ("SOFR"). The Group has variable-rate USD bank borrowings which references to the USD LIBOR and matures after 30 June 2023. The Group is currently in discussion with the bank, but specific changes required by IBOR reform have not yet been agreed. The expected transition from USD LIBOR to SOFR had no material effect on the amounts reported for the current and prior financial years.

The cessation date for the KLIBOR has not been announced but it is expected to be replaced by the Malaysia Overnight Rate ("MYOR"). The Group's communication with its associate is ongoing, but specific changes required by IBOR reform have not yet been agreed. The expected transition from KLIBOR to MYOR had no material effect on the amounts reported for the current and prior financial years.

The following table contains details of all the financial instruments that the Group holds as at 31 March 2022 which are referenced to USD LIBOR and KLIBOR, and have not yet transitioned to new benchmark rates:

USD LIBOR	
Amount	Of which: Not yet transitioned to an alternative benchmark rate
\$'000	\$'000

Group:

31 March 2022

Liabilities

- Borrowings	7,442	7,442

Asset

- Loan from a subsidiary	21,638	21,638
--------------------------	--------	--------

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.2 Revenue recognition

(a) *Revenue from Engineering & Construction contracts*

The Group enters into contracts with customers to provide engineering and construction services which includes the design-and-build of buildings and facilities. Revenue is recognised when the control over the buildings and facilities has been transferred to the customer. At contract inception, the Group assesses whether the Group transfers control of the buildings and facilities over time or at a point in time by determining if (a) its performance does not create an asset with an alternative use to the Group; and (b) the Group has an enforceable right to payment for performance completed to date.

The buildings and facilities have no alternative use to the Group due to contractual restriction. The Group has also enforceable rights to payment arising from the contractual terms. For these contracts, revenue is recognised over time by reference to the Group's progress towards completing the construction of the buildings and facilities. The measurement of progress is determined based on the proportion of contract costs incurred to date to the estimated total contract costs ("input method"). Costs incurred that are not related to the contract or that do not contribute towards satisfying a performance obligation are excluded from the measure of progress and instead are expensed as incurred.

Management has determined that input method provides a faithful depiction of the Group's performance in transferring control over the buildings and facilities to the customers, as it reflects the Group's efforts incurred to date relative to the total inputs expected to be incurred for the buildings and facilities.

The period between the transfer of the promised goods and payment by the customer may exceed one year. For such contracts, there is no significant financing component present as the payment terms is an industry practice to protect the customers from the performing entity's failure to adequately complete some or all of its obligations under the contract. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

Revenue from Engineering & Construction contracts are also adjusted with variations to the contracts claimable from customers, as well as liquidated damages due to delays or other causes, payable to customers.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in the profit or loss in the period in which the circumstances that give rise to the revision become known by management.

Based on the Group's experience with similar types of contracts, variable consideration is typically constrained and is included in the transaction only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The customer is invoiced on a progressive work certification basis. If the value of the progress work transferred by the Group exceed the billings to customers, a contract asset is recognised. If the billings to customers exceed the value of the goods transferred, a contract liability is recognised.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.2 Revenue recognition (cont'd)

(b) *Sale of industrial properties*

Gain from the sale of industrial properties is recognised when all the following conditions are satisfied:

- the Group has transferred to the buyer the control of the industrial properties;
- the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the industrial properties sold;
- the amount of gain can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Group; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

(c) *Interest income*

Interest income, including income arising from financial instruments, is recognised using the effective interest method.

(d) *Rental income*

Refer to Note 2.22 for the accounting policy for rental income.

(e) *Management fee income*

Management fee from provision of project and development services, asset, property and lease management services are recognised over time as the services are rendered, except for acquisition and performance fees which are recognised at a point in time as and when the services are rendered.

2.3 Government grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Government grants receivable are recognised in profit or loss over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are deducted against the related expenses.

Government grants relating to assets are deducted against the carrying amount of the assets.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.4 Group accounting

(a) *Subsidiaries*

(i) *Consolidation*

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on which that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity, and statement of financial position. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

(ii) *Acquisitions*

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of (a) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over (b) fair value of the identifiable net assets acquired, is recorded as goodwill.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.4 Group accounting (cont'd)

(a) *Subsidiaries (cont'd)*

(iii) *Disposals*

When a change in the Group's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained profits if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to Note 2.5 for the accounting policy on investments in subsidiaries in the separate financial statements of the Company.

(iv) *Transactions with non-controlling interests*

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control over the subsidiary are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

(b) *Associates and joint ventures*

An associate is an entity over which the Group has significant influence, but not control, generally accompanied by a shareholding giving rise to voting rights of 20% and above but not exceeding 50%.

A joint venture is an entity over which the Group has joint control as a result of contractual arrangements, and rights to the net assets of the entities.

Investments in associates and joint ventures are accounted for in the consolidated financial statements using the equity method of accounting less impairment losses, if any.

(i) *Acquisitions*

Investments in associates and joint ventures are initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Goodwill on associates or joint ventures represents the excess of the cost of acquisition of associates or joint ventures over the Group's share of the fair value of the identifiable net assets of associates or joint ventures and is included in the carrying amount of the investments.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.4 Group accounting (cont'd)

(b) Associates and joint ventures (cont'd)

(ii) Equity method of accounting

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise Group's share of its associates' or joint ventures' post-acquisition profits or losses of the investee in profit or loss and its share of movements in other comprehensive income of the investee's other comprehensive income. Dividends received or receivable from associates or joint ventures are recognised as a reduction of the carrying amount of the investments. When the Group's share of losses in associates or joint ventures equals to or exceeds its interest in the associates or joint ventures, the Group does not recognise further losses, unless it has legal or constructive obligations to make, or has made, payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

Unrealised gains on transactions between the Group and its associates or joint ventures are eliminated to the extent of the Group's interest in the associates or joint ventures. Unrealised losses are also eliminated unless the transactions provide evidence of impairment of the assets transferred. The elimination of unrealised gains and losses are made through "investments in associates" and "investments in joint ventures" on the statement of financial position and a proportionate reduction in "revenue", "cost of sales" and "other gains/(losses) - net" on the consolidated statement of comprehensive income. The accounting policies of associates or joint ventures are changed where necessary to ensure consistency with the accounting policies adopted by the Group.

(iii) Disposals

When there are changes in the interest in an associate or a joint venture, without losing significant influence or joint control, the difference between the carrying amount of the interest disposed and proceeds is recognised in profit or loss.

Investments in associates and joint ventures are derecognised when the Group loses significant influence or joint control. If the retained equity interest in the former associate or joint venture is a financial asset, the retained equity interest is re-measured at its fair value. The difference between the carrying amount of the retained interest at the date when significant influence or joint control is lost and its fair value and any proceeds on partial disposal is recognised in profit or loss.

Please refer to Note 2.5 for the accounting policy on investments in associates and joint ventures in the separate financial statements of the Company.

2.5 Investments in subsidiaries, associates and joint ventures

Investments in subsidiaries, associates and joint ventures are carried at cost less accumulated impairment losses in the Company's statement of financial position. On disposal of such investments, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.6 Property, plant and equipment

(a) *Measurement*

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

(b) *Depreciation*

Depreciation is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

	<u>Estimated useful lives</u>
Plant and machinery	5 - 15 years
Office computers	5 years
Office equipment, furniture and fittings	5 years
Renovations	5 years

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

(c) *Subsequent expenditure*

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

(d) *Disposal*

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is included in profit or loss.

2.7 Intangible asset

Club Membership

Club Membership acquired is initially recognised at cost and is subsequently carried at cost less accumulated amortisation and accumulated impairment losses. The cost is amortised to profit or loss using the straight-line method over its estimated useful life of 23 years.

The amortisation period and amortisation method of the intangible asset is reviewed at least at each balance sheet date. The effects of any revision are recognised in profit or loss when the change arise.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.8 Investment properties

Investment properties are properties and right-of-use assets relating to leasehold land that are held for long-term rental yields and/or for capital appreciation. Investment properties include properties that are being constructed or developed for future use as investment properties.

Investment properties are initially carried at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses. Cost includes land cost, related acquisition expenses, construction costs and finance costs incurred during the period of construction.

Depreciation is calculated using the straight-line method to allocate depreciable amounts over the estimated useful lives of 12 to 50 years for leasehold land and buildings and 15 years for machinery and equipment. No depreciation is provided for investment properties under construction and depreciation commences when the asset is ready for its intended use. The estimated useful lives and depreciation method are reviewed at each balance sheet date, with the effect of any changes in estimate accounted for on a prospective basis.

The cost of major renovations and improvements is capitalised and the carrying amounts of the replaced components are recognised in profit or loss. The cost of maintenance, repairs and minor improvements is recognised in profit or loss when incurred.

On disposal of an investment property, the difference between the disposal proceeds and the carrying amount is recognised in profit or loss.

2.9 Impairment of non-financial assets

Property, plant and equipment

Intangible asset

Investment properties

Right-of-use assets

Investments in subsidiaries, associates and joint ventures

Property, plant and equipment, intangible asset, investment properties, investments in subsidiaries, associates and joint ventures and right-of-use assets are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the cash-generating-units ("CGU") to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss.

Management assesses at the end of the reporting period whether there is any indication that an impairment recognised in prior periods may no longer exist or may have decreased. If any such indication exists, the recoverable amount of that asset is estimated and may result in a reversal of impairment loss. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset is recognised in profit or loss.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.10 Financial assets

(a) *Classification and measurement*

The Group classifies its financial assets in the following measurement categories:

- Amortised cost;
- Fair value through other comprehensive income (FVOCI); and
- Fair value through profit or loss (FVPL).

The classification of debt instruments depends on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Group reclassifies debt instruments when and only when its business model for managing those assets changes.

At initial recognition

At initial recognition, the Group measures a financial asset at its fair value. For a financial asset not carried at FVPL, this includes transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

At subsequent measurement

(i) *Debt instruments*

Debt instruments mainly comprise of cash and bank deposits, trade and other receivables, unlisted debt securities and loans/notes to subsidiaries, associates and joint ventures.

There are three subsequent measurement categories, depending on the Group's business model for managing the asset and the cash flow characteristics of the asset:

- **Amortised cost:** Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is recognised using the effective interest rate method and presented in "interest income".
- **FVOCI:** Debt instruments that are held for collection of contractual cash flows and for sale, and where the assets' cash flows represent solely payments of principal and interest, are classified as FVOCI. Movements in fair values are recognised in Other Comprehensive Income ("OCI") and accumulated in fair value reserve, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and presented in "other gains - net". Interest income from these financial asset is recognised using the effective interest rate method and presented in "interest income".
- **FVPL:** Debt instruments that are held for trading as well as those that do not meet the criteria for classification as amortised cost or FVOCI are classified as FVPL. Movement in fair values and interest income is recognised in profit or loss in the period in which it arises and presented in "other gains - net".

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.10 Financial assets (cont'd)

(a) *Classification and measurement (cont'd)*

(ii) *Equity instruments*

The Group subsequently measures all its equity instruments at their fair values. Equity instruments are classified as FVPL with movements in their fair values recognised in profit or loss in the period in which the changes arise and presented in "other gain/(loss)", except for those equity securities which are not held for trading.

The Group has elected to recognise changes in fair value of equity investments not held for trading in OCI as these are strategic investments and the Group considered this to be more relevant. Movements in fair values of investments classified as FVOCI are presented as "fair value gain and losses" in OCI. Dividends from equity investments are recognised in profit or loss as "dividend income".

(b) *Impairment*

The Group assesses on a forward looking basis the expected credit losses associated with its debt financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 32(b) details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables, lease receivables and contract assets, the Group applies the simplified approach permitted by the SFRS(I) 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(c) *Recognition and derecognition*

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

On disposal of an equity investment, the difference between the carrying amount and sales proceed is recognised in profit or loss if there was no election made to recognise fair value changes in other comprehensive income. If there was an election made, any difference between the carrying amount and sales proceed amount would be recognised in other comprehensive income and transferred to retained profits along with the amount previously recognised in other comprehensive income relating to that asset.

Trade receivables that are factored out to banks and other financial institutions with recourse to the Group are not derecognised until the recourse period has expired and the risks and rewards of the receivables have been fully transferred. The corresponding cash received from the financial institutions is recorded as borrowings.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.11 Derivative financial instruments

A derivative financial instrument is initially recognised at its fair value on the date the contract is entered into and is subsequently carried at its fair value. The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

Fair value changes on derivatives that are not designated or do not qualify for hedge accounting are recognised in profit or loss when the changes arise.

The Group documents at the inception of the transaction the relationship between the hedging instruments and hedged items, as well as its risk management objective and strategies for undertaking various hedging transactions. The Group also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives designated as hedging instruments are highly effective in offsetting changes in fair value or cash flows of the hedged items.

The carrying amount of a derivative designated as a hedge is presented as a non-current asset or liability if the remaining expected life of the hedged item is more than 12 months, and as a current asset or liability if the remaining expected life of the hedged item is less than 12 months. The fair value of a trading derivative is presented as a current asset or liability.

2.12 Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the reporting date, in which case they are presented as non-current liabilities.

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

2.13 Borrowing costs

Borrowing costs are recognised in profit or loss using the effective interest method except for those costs that are directly attributable to the construction or development of properties and assets under construction. This includes those costs on borrowings acquired specifically for the construction or development of properties and assets under construction, as well as those in relation to general borrowings used to finance the construction or development of properties and assets under construction.

The actual borrowing costs incurred during the period up to the issuance of the temporary occupation permit less any investment income on temporary investment of these borrowings, are capitalised in the cost of the property under development.

2.14 Financial guarantees

The Company issues corporate guarantees to banks for bank borrowings if required. These guarantees are financial guarantees as they require the Company to reimburse the banks if the borrower fails to make principal or interest payments when due in accordance with the terms of their borrowings. Intra-Group transactions are eliminated on consolidation.

Financial guarantee contracts are initially measured at fair value plus transaction costs and subsequently measured at the higher of:

- (a) amount initially recognised less the cumulative amount of income recognised in accordance with the principles of SFRS(I) 15; and
- (b) the amount of expected loss allowance computed using the impairment methodology under SFRS(I) 9.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.15 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of the financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

2.16 Fair value estimation of financial assets and liabilities

The fair values of financial instruments that are not traded in an active market are determined by using valuation techniques. The Group uses a variety of methods and makes assumptions based on market conditions that are existing at each balance sheet date. Where appropriate, quoted market prices or dealer quotes for similar instruments are used. Valuation techniques, such as discounted cash flow analysis are also used to determine the fair values of the financial instruments.

The carrying amounts of current financial assets and liabilities carried at amortised cost approximate their fair values.

2.17 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.18 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a tax authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiaries, associates and joint ventures, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.19 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated.

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it.

Provisions are measured at the present value of the expenditure expected to be required to settle the obligation using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised in the statement of comprehensive income as finance expense.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

2.20 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

(a) *Defined contribution plans*

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid. The Group's contributions are recognised as employee compensation expense when they are due.

(b) *Employee share-based compensation*

The Group operates an equity-settled, share-based compensation plan. The value of the employee services received in exchange for the grant of share awards is recognised as an expense with a corresponding increase in the share-based compensation reserve over the vesting period. The total amount to be recognised over the vesting period is determined by reference to the fair value of the share awards granted on grant date. Non-market vesting conditions are included in the estimation of the number of shares under share awards that are expected to vest on the vesting date. At each balance sheet date, the Group revises its estimates of the number of shares under award that are expected to vest on the vesting date and recognises the impact of the revision of the estimates in profit or loss, with a corresponding adjustment to the share-based compensation reserve, over the remaining vesting period.

When the share awards are vested, the related balance previously recognised in the share-based compensation reserve are credited either to share capital account, when new ordinary shares are issued, or to the "treasury shares" account, when treasury shares are re-issued to the employees.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.21 Currency translation

(a) *Functional and presentation currency*

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The consolidated financial statements are presented in Singapore Dollars ("presentation currency"), which is the functional currency of the Company.

(b) *Transactions and balances*

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are recognised in profit or loss. However, in the consolidated financial statements, currency translation differences arising from net investment in foreign operations are recognised in other comprehensive income and accumulated in the foreign currency translation reserve.

When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operation is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

All other foreign exchange gains and losses impacting profit or loss are presented in the profit or loss within "other gains - net".

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

(c) *Translation of Group entities' financial statements*

The results and statement of financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follow:

- (i) assets and liabilities are translated at the closing exchange rates at the balance sheet date;
- (ii) income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- (iii) all resulting currency translation differences are recognised in other comprehensive income and accumulated in the foreign currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal of the entity giving rise to such reserve.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.22 Leases

(a) *When the Group is the lessee:*

At the inception of the contract, the Group assesses if the contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

- Right-of-use assets

The Group recognised a right-of-use asset and lease liability at the date which the underlying asset is available for use. Right-of-use assets are measured at cost which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement date and lease incentive received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the right-of-use assets.

These right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

Right-of-use assets (except for those which meets the definition of an investment property) are presented within "Right-of-use assets".

Right-of-use asset which meets the definition of an investment property is presented within "Investment properties" and accounted for in accordance with Note 2.8.

- Lease liabilities

The initial measurement of lease liability is measured at the present value of the lease payments discounted using the implicit rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Group shall use its incremental borrowing rate.

Lease payments include the following:

- Fixed payment (including in-substance fixed payments), less any lease incentives receivables;
- Variable lease payment that are based on an index or rate, initially measured using the index or rate as at the commencement date;
- Amount expected to be payable under residual value guarantees
- The exercise price of a purchase option if reasonably certain to exercise the option; and
- Payment of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

For a contract that contains both lease and non-lease components, the Group allocates the consideration to each lease component on the basis of the relative stand-alone price of the lease and non-lease component. The Group has elected to not separate lease and non-lease components for property leases and account for these as one single lease component.

Lease liability is measured at amortised cost using the effective interest method. Lease liability shall be remeasured when:

- There is a change in future lease payments arising from changes in an index or rate;
- There is a change in the Group's assessment of whether it will exercise an extension option; or
- There are modification in the scope or the consideration of the lease that was not part of the original term.

Lease liability is remeasured with a corresponding adjustment to the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.22 Leases (cont'd)

(a) *When the Group is the lessee: (cont'd)*

- Short term and low value leases

The Group has elected to not recognise right-of-use assets and lease liabilities for short-term leases that have lease terms of 12 months or less and low value leases. Lease payments relating to these leases are expensed to profit or loss on a straight-line basis over the lease term.

- Variable lease payments

Variable lease payments that are not based on an index or a rate are not included as part of the measurement and initial recognition of the lease liability. The Group shall recognise those lease payments in profit or loss in the periods that triggered those lease payments.

(b) *When the Group is the lessor:*

The Group leases out investment properties under operating leases and sub-leases its right-of-use of a leasehold land to non-related parties.

- Lessor – Operating leases

Leases where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognised in profit or loss on a straight-line basis over the lease term.

Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised as an expense in profit or loss over the lease term on the same basis as the lease income.

Contingent rents are recognised as income in profit or loss when earned.

- Lessor – Subleases

In classifying a sublease, the Group as an intermediate lessor classifies the sublease as a finance or an operating lease with reference to the right-of-use asset arising from the head lease, rather than the underlying asset.

When the sublease is assessed as a finance lease, the Group derecognises the right-of-use asset relating to the head lease that it transfers to the sublessee and recognises the net investment in the sublease within "Finance lease receivables". Any differences between the right-of-use asset derecognised and the net investment in sublease is recognised in profit or loss. Lease liability relating to the head lease is retained in the balance sheet, which represents the lease payments owed to the head lessor.

When the sublease is assessed as an operating lease, the Group recognises lease income from sublease in profit or loss within "Other income". The right-of-use asset relating to the head lease is not derecognised.

For a contract which contains lease and non-lease components, the Group allocates the consideration based on a relative stand-alone selling price basis.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.23 Inventories

Inventories are carried at the lower of cost and net realisable value. Cost is determined on a weighted average cost basis. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

2.24 Share capital and treasury shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

When any entity within the Group purchases the Company's ordinary shares ("treasury shares"), the carrying amount which includes the consideration paid and any directly attributable transaction cost is presented as a component within equity attributable to the Company's equity holders, until they are cancelled, sold or reissued.

When treasury shares are subsequently cancelled, the costs of treasury shares are deducted against the share capital account if the shares are purchased out of capital of the Company, or against the retained profits of the Company if the shares are purchased out of earnings of the Company.

When treasury shares are subsequently sold or reissued pursuant to an employee share award scheme, the cost of treasury shares is reversed from the treasury share account and the realised gain or loss on sale or reissue, net of any directly attributable incremental transaction costs and related income tax, is recognised in the capital reserve.

2.25 Dividends to the Company's shareholders

Dividends to the Company's shareholders are recognised when the dividends are approved for payment.

2.26 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents include cash on hand and deposits with financial institutions which are subject to an insignificant risk of change in value.

2.27 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the senior management, whose members are responsible for allocating resources and assessing performance of the operating segments.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

3. CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS

In preparing these financial statements and applying the Group's accounting policies as described in Note 2, management has applied judgements and made certain assumptions and estimations. Estimates, assumptions and judgements are based on historical experience and other factors and continually evaluated, including expectations of future events that are believed to be reasonable under the circumstances.

(a) *Impact of Coronavirus Disease 2019 ("COVID-19") pandemic and volatility of the geoeconomics and geopolitical climate*

The supply chain and labour issues arising from the effects of the pandemic and the volatility of the geoeconomic and geopolitical climate had impacted selected Engineering & Construction contracts of the Group. While there had been greater construction activities in FY2022, the progress was still affected by disruptions in the supply chain, a tight labour supply and Safe Management Measures. These factors have resulted in additional costs (associated with project resumption, prolongation and acceleration) to complete the projects, and project delays beyond the contracted dates of completion, leading to the delayed recognition of construction revenue.

The Group has considered the market conditions (including the impact of COVID-19) as at 31 March 2022 in making estimates and judgements on the recoverability of assets and provision of liabilities as at that date. The significant estimates and judgements applied on revenue recognition and provision of onerous contracts relating to the Group's Engineering & Construction contracts are disclosed in Note 3(b).

As at the date these financial statements are authorised for issuance, the Group continues to face challenges arising from the effects of the pandemic and the volatility of the geoeconomic and geopolitical climate. Accordingly, the Group cannot reasonably ascertain the full extent of the probable impact arising from these challenges.

(b) *Revenue recognition of Engineering & Construction Contracts*

(i) *Estimated total contract sum and project costs*

As disclosed in Note 2.2(a), revenue on Engineering & Construction contracts is recognised over time using the input method. Under the input method, Management has to estimate the total contract sum and contract costs to be incurred up to the completion date of the projects ("costs-to-complete").

Significant judgement and assumptions are applied when estimating the total contract sum and the total contract costs which affect the accuracy of revenue recognition based on the percentage-of-completion of the on-going projects at the balance sheet date.

The estimation of total contract sum includes variation orders where management had determined that there was sufficient basis to claim from customers but pending final agreement with the customers. In making this assessment, management has relied on the terms of the contracts with customers and official instructions issued by customers to carry out the variation orders.

In making estimation of the value of variation orders to be included into the total contract sum, management has applied the contracted Schedule of Rates with subcontractors or quotations from subcontractors, on the basis that it is highly probable to recover from customers the cost of performing these variation orders.

If the estimated value of the variation orders that are considered recoverable decreases by 5% from management's estimates (with the total contract cost remaining unchanged), the Group's revenue and profit before income tax will decrease by approximately \$1,140,000.

In estimating the total costs-to-complete, management has applied its past experience of completing similar projects, as well as quotations from and contracts with suppliers and sub-contractors. These estimations are also made with due consideration of the physical surveys of the construction in-progress and circumstances and relevant events that were known to management at the date of these financial statements. Construction projects are inherently complex and involve uncertainties that may not be apparent to management at the balance sheet date. Management has made provision for contingency on each project to address these inherent risks.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

3. CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS (cont'd)

(b) Revenue recognition of Engineering & Construction Contracts (cont'd)

(i) Estimated total contract sum and project costs (cont'd)

In addition, management has taken into consideration the cost increase arising from the pandemic and the volatility of the geoeconomic and geopolitical climate.

Management has assessed for two on-going Engineering & Construction contracts where the total construction costs have exceeded the total contract sum, resulting in a provision for onerous contracts of \$11,691,000 (2021: \$7,317,000) (Note 24) as at the balance sheet date.

For on-going projects at the balance sheet date, if the estimated contract costs to be incurred from the balance sheet date to the completion date is higher/lower by 5% (2021: 5%) from management's estimates, the Group's revenue and profit before tax would have been lower/higher by \$5,104,000 (2021: \$7,832,000) and \$7,625,000 respectively (2021: \$12,033,000).

(ii) Estimation of customers' claim on liquidated damages for delay in completion of projects

Customers have a right to claim for liquidated damages under the contractual terms of the Engineering & Construction contracts if contractual obligations, including completion of the project by a specific date, are not fulfilled.

Management re-evaluates the probability of liquidated damages claims from customers by considering whether there are or may be significant delays in the progress of the projects and whether there are significant defects that could not be rectified by the Group. The determination of the probability of claims are based on the circumstances and relevant events that were known to management at the date of these financial statements.

In the estimation of liquidated damages payable to the Group's customers in respect of delay in completion of Engineering & Construction contracts as at the balance sheet date, the Group had taken into account delays caused by the pandemic and the volatility of the geoeconomic and geopolitical climate. In assessing the liquidated damages payable to the customers, management has also taken into consideration the contractual rights which afforded relief in force majeure events which are beyond the control of the Group and the application of COVID-19 (Temporary Measures) Act 2020 ("COTMA"), which provides temporary reliefs due to the inability to perform contractual obligations, where the inability was caused to a material extent by the COVID-19 pandemic.

(c) Estimation of sub-contractors' claim on variation orders

Payment claims from sub-contractors are subject to physical surveys of construction performed, verification to agreed schedule and pricing in contracts and consideration of other relevant circumstances and events by the Group before payments are made. As at 31 March 2022, the Group had payment claims from sub-contractors which were disputed by the Group and not recognised in the financial statements, taking into account relevant counter-claims to the sub-contractors (if any) and information known and available to management at the date of these financial statements.

(d) Valuation of investment securities

Investment securities are stated at their fair values based on valuations performed, using valuation methods that involve certain estimates. Valuation methods used are discounted cash flow approach, market approach, income capitalisation approach and asset based valuation approach. The significant inputs to the valuation methods would be credit-adjusted discount rate, latest transaction price, capitalisation rate and discount for lack of control. The key assumptions used to determine the fair value of these investment securities are provided in Note 17.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

4. REVENUE

	Over time	At a point in time	Total
	\$'000	\$'000	\$'000
Group			
2022			
Revenue from Engineering & Construction contracts	324,509	-	324,509
Management fee income	6,092	789	6,881
	330,601	789	331,390
Property rental income			7,823
Less: Government grant expense – rent concession			(124)
			339,089
2021			
Revenue from Engineering & Construction contracts	264,713	-	264,713
Management fee income	3,737	2,260	5,997
	268,450	2,260	270,710
Property rental income			32,263
Less: Government grant expense – rent concession			(1,568)
			301,405

Government grant expense relates to government grant income (Note 5(a)) received from the Singapore Government that were transferred to tenants in the form of rental rebates and rental waivers during the financial year.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

5. EXPENSES BY NATURE

	Group	
	2022 \$'000	2021 \$'000
Sub-contractor fees and other construction costs	309,301	261,987
Directors' fees to non-executive directors	265	252
Employee compensation (Note 6)	23,735	21,624
Share-based payment to non-executive directors	189	-
Depreciation expense (Note 18, 19(a)(i) and 20)	4,389	9,263
Auditor's remuneration paid/payable to:		
- auditor of the Company	178	193
- other auditors	41	30
Other fees on non-audit services paid/payable to:		
- auditor of the Company	29	11
- other auditors	27	139
Loss on disposal of property, plant and equipment	2,956	-
Impairment loss on property, plant and equipment	962	-
Property tax (a)	370	1,474
Rental expenses/(rebate) (b)	60	(193)
Maintenance expenses	800	2,115
Utilities expenses	547	480
Amortisation of intangible asset	6	6
Marketing expenses	469	350
Legal and professional fees	1,405	3,211
Training and recruitment expenses	371	373
Travel expenses	7	69
Collaboration costs	1,616	983
Others	530	1,002
Total cost of sales, selling and distribution and administrative expenses	348,253	303,369

- (a) Included within property tax are grant income of \$103,000 (2021: \$1,377,000) in which the Group has passed the benefits to its tenants during the financial year (Note 4).
- (b) Included within rental (rebate)/expenses are COVID-19 related rent concessions received from lessors of \$Nil (2021: \$249,000) to which the Group recognised as negative variable lease payments (i.e., reduction on the rental expenses) during the financial year.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

6. EMPLOYEE COMPENSATION

	Group	
	2022 \$'000	2021 \$'000
Wages and salaries	21,084	19,707
Employer's contribution to defined contribution plans including Central Provident Fund	1,703	1,884
Share-based compensation expense (Note 30(b)(ii))	948	33
	23,735	21,624

Government grants under the Job Support Scheme ("JSS") amounting to \$207,000 (2021: \$4,669,000) were recorded as a reduction to the wages and salaries during the financial year ended 31 March 2022. The JSS is a temporary scheme introduced in the Singapore Budget 2020 to help enterprises retain local employees. Under the JSS, employers received cash grants in relation to the gross monthly wages of eligible employees.

Share-based compensation expense

(a) One-off share-based payment to directors

A one-off share-based payment to directors by way of transferring a total of 2,400,000 treasury shares at the transfer price of \$0.806 per share was approved by the members of the Company at its Extraordinary General Meeting on 28 July 2021.

The fair value of the shares transferred was \$0.474 each, determined based on the market value of the Company's share price of \$1.28 as at 28 July 2021 less off the transfer price of \$0.806 per share. Accordingly, a total share-based payment expense of \$1,137,000 was recognised in the profit or loss during the financial year ended 31 March 2022, of which \$948,000 related to directors who are also employees of the Group and \$189,000 related to non-executive directors of the Company.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

6. EMPLOYEE COMPENSATION (cont'd)

(b) Employee share plans – Boustead Projects Restricted Share Plan 2016 (the “2016 Share Plan”)

The Boustead Projects Restricted Share Plan 2016 (the “2016 Share Plan”) was approved by the members of the Company at its Extraordinary General Meeting on 28 July 2016. Under the 2016 Share Plan, all eligible executive employees, non-executive directors of the Company as well as associates of controlling shareholders of the Company are invited to participate in the 2016 Share Plan. The selection of an eligible participant shall be determined at the absolute discretion of the committee appointed by the Board to administer the 2016 Share Plan. The participation of an associate of controlling shareholders shall be approved by independent members of the Company.

Awards granted under the 2016 Share Plan may be subject to performance-based and time-based restrictions. Performance-based restricted awards will vest after a further period of service beyond the performance target completion date. Time-based restricted awards granted under the 2016 Share Plan will vest only after satisfactory completion of time-based service conditions, that is, after the participant has served the Group for a specified number of years.

Participants are not required to pay for the grant of the awards. Awards are forfeited when the participant leaves the Group before the awards vest.

Details of the share awards granted and vested pursuant to the 2016 Share Plan during the financial year are as follows:

	2022 \$'000	2021 \$'000
Number of share awards		
Balance at the beginning of financial year	150,991	815,990
Vested and issued during the financial year	(150,991)	(664,999)
Balance at the end of financial year	-	150,991

There are no share awards outstanding at the end of the financial year ended 31 March 2022. Share awards outstanding at the end of the financial year ended 31 March 2021 had a weighted average remaining contractual life of less than one month.

The fair value was determined based on the market value of the Company's shares at the grant date. No share awards were granted during the financial year.

The Company re-issued its treasury shares for share awards vested during the financial year. Cost of the treasury shares re-issued was \$0.81 (2021: \$0.80) each.

Notes to the Financial Statements

	13,349	11,060

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

11. INCOME TAXES

Income tax expense

	Group	
	2022 \$'000	2021 \$'000
Tax expense attributable to profit is made up of:		
- Profit for the financial year:		
Current income tax		
- Singapore	3,897	15,592
- Foreign	973	644
	4,870	16,236
Deferred income tax (Note 26)	(871)	(7,193)
	3,999	9,043
- (Over)/Under provision in prior financial years		
Current income tax	(1,454)	(346)
Deferred income tax (Note 26)	(35)	225
	(1,489)	(121)
	2,510	8,922

The tax on the Group's profit before tax differs from the theoretical amount that would arise using the Singapore standard rate of income tax as follows:

	Group	
	2022 \$'000	2021 \$'000
Profit before tax	13,841	140,564
Share of profit of associates and joint ventures, net of tax	(13,349)	(11,060)
Profit before tax and share of profit of associates and joint ventures	492	129,504
Tax calculated at tax rate of 17% (2021: 17%)	84	22,016
Effects of		
- tax incentives	(1,264)	(254)
- tax on share of profit of joint ventures under limited liability partnership structure	3,654	1,038
- deferred tax assets not recognised	-	46
- expenses not deductible for tax purposes	987	2,980
- income not subject to tax	(35)	(16,954)
- different tax rates in other countries	320	219
- others	253	(48)
- over provision in prior financial years	(1,489)	(121)
Tax charge	2,510	8,922

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

12. EARNINGS PER SHARE

(a) Basic earnings per share

Basic earnings per share is calculated by dividing the net profit attributable to equity holders of the Company by the weighted average number of ordinary shares outstanding during the financial year.

	2022	2021
Net profit attributable to equity holders of the Company (\$'000)	11,336	131,688
Weighted average number of ordinary shares outstanding for basic earnings per share ('000)	312,473	311,246
Basic earnings per share (cents per share)	3.6	42.3

(b) Diluted earnings per share

For the purpose of calculating diluted earnings per share, profit attributable to equity holders of the Company and the weighted average number of ordinary shares outstanding are adjusted for the effects of all dilutive potential ordinary shares.

Dilutive potential ordinary shares arise from share awards. The weighted average number of shares on issue has been adjusted as if all dilutive share awards were vested. The number of shares that could have been issued upon the vesting of all dilutive share awards is added to the denominator as the number of shares issued for no consideration. No adjustment is made to the net profit.

	2022	2021
Profit attributable to equity holders of the Company (\$'000)	11,336	131,688
Weighted average number of ordinary shares outstanding for diluted earnings per share ('000)	312,473	311,397
Diluted earnings per share (cents per share)	3.6	42.3

13. CASH AND CASH EQUIVALENTS

	Group		Company	
	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000
Cash at bank and on hand	141,218	218,906	88,933	163,520
Short-term bank deposits	72,648	79,081	30,149	74,250
	213,866	297,987	119,082	237,770

Cash and cash equivalents belonging to subsidiaries of the Group amounting to \$15,012,000 (2021: \$11,648,000) held in the People's Republic of China and the Socialist Republic of Vietnam are subject to local exchange control regulations. These local exchange control regulations provide for restrictions on exporting capital from the countries, other than through normal dividends.

Total other receivables and prepayments	73,544	60,374	-	-

The loans to subsidiaries are unsecured, bear interest up to 1.03% (2021: 1.70%) per annum and are repayable on demand.

Loan to an associate, THAB Development Sdn Bhd (Note 21) is denominated in Malaysian Ringgit ("MYR"), unsecured, bears interest at 0.50% (2021: 0.50%) above Kuala Lumpur Interbank Offered Rate ("KLIBOR") per annum and is repayable on demand. During the financial year, further allowance for impairment of the loan receivable was recognised as follows:

	2022 \$'000	2021 \$'000
<u>Allowance for impairment loss</u>		
Balance at beginning of financial year	4,049	1,689
Share of loss (Note 21)	526	833
Impairment loss recognised in profit and loss	452	1,527
Balance at end of financial year	5,027	4,049

Loan to a related party, a subsidiary of an associate, THAB PTP Sdn Bhd (Note 21) was unsecured, interest bearing at 2.00% (2021: 2.00%) above KLIBOR per annum and was repaid during the financial year.

The notes issued by an associate, Boustead Industrial Fund, are unsecured, bear fixed interest of 7.0% per annum and are repayable in March 2031, with an option to extend for another 10 years. The notes are "qualifying debt securities" for the purposes of the Singapore Income Tax Act, which entail a 10% concessionary tax rate on the net interest income earned by the Group.

Other receivables due from fellow subsidiaries, a related party, associates, joint ventures and subsidiaries unsecured, interest-free and are repayable on demand.

Notes to the Financial Statements

15. INVENTORIES

	Group	
	2022 \$'000	2021 \$'000
Construction materials	-	2,565

16. CONTRACT ASSETS AND LIABILITIES

	Group		
	31 March 2022 \$'000	31 March 2021 \$'000	1 April 2020 \$'000
Contract assets	10,656	10,783	26,712
Contract liabilities	36,022	48,180	20,741
<i>Trade receivables from contracts with customers</i> *			
Current	43,462	66,800	51,473
Non-current	12,320	20,211	19,850

* These balances are presented within Trade receivables in Note 14.

Contract assets relate to Engineering & Construction contracts where the revenue accrued from progressive work done exceeds related billings to clients.

Contract liabilities relate to Engineering & Construction contracts where billings to clients exceed revenue accrued for progressive work done. Contract liabilities as at 31 March 2022 decreased due to less contracts in progress where the Group billed and received consideration ahead of the provision of services.

(a) Revenue recognised in relation to contract liabilities

Revenue recognised in current financial year that was included in the contract liabilities balance at the beginning of the financial year was \$48,180,000 (2021: \$20,741,000).

(b) Unsatisfied performance obligations

As at 31 March 2022, the aggregate amount of transaction price allocated to the remaining performance obligation was \$234,686,000 (2021: \$351,551,000) and the Group expects to recognise this revenue over the next 1 to 2 years.

17. INVESTMENT SECURITIES

	Group		Company	
	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000
Financial asset, at FVPL	62,277	-	-	-
Financial asset, at FVOCI	31,661	31,421	31,661	31,421
Total	93,938	31,421	31,661	31,421
Less: Current portion	(62,277)	-	-	-
Non-current portion	31,661	31,421	31,661	31,421

(a) Financial asset, at FVPL

	Group	
	2022 \$'000	2021 \$'000
Beginning of financial year	-	-
Additions	58,500	-
Fair value gain (Note 8)	3,777	-
End of financial year	62,277	-

In August 2021, the Group, together with two non-related parties, acquired \$110,000,000 of notes issued by SC Aetas (Cayman) Limited ("SCA"). The Group paid \$58,500,000 comprising 50% of the principal and interest outstanding on the notes, which were already in default on the acquisition date.

The notes are secured by the assignment of SCA's bank accounts and shareholder loan receivables, a charge over the shares ("Share Charge") in SC Aetas Holdings Pte Ltd, a subsidiary of SCA, ("Singapore Subsidiary"), and a personal guarantee from a shareholder of SCA.

In September 2021, the Group commenced the process of enforcing the Share Charge. The Singapore Subsidiary, which owns a mixed development property, was placed under creditors' voluntary liquidation and the liquidators initiated the sale of the property as part of the creditors' voluntary winding up.

The fair value of the notes as at 31 March 2022 have been determined using the discounted cash flow model where the expected future payments are, discounted using a credit-adjusted discount rate. The expected future payments are projected based on the expected sale price of the mixed development property owned by the Singapore Subsidiary, less transaction costs and other costs as advised by the liquidators of the Singapore Subsidiary.

Subsequent to the end of the financial year, the Group, together with the other non-related parties, entered into an agreement to purchase the mixed development property at a consideration of \$515,000,100 (Note 37).

Details of the significant valuation techniques and key inputs used in the determination of fair value categorised under Level 3 of the fair value hierarchy are as follows:

Valuation technique	Unobservable inputs	Relationship of unobservable inputs to fair value
Discounted cash flow approach and market approach	Credit-adjusted discount rate of 10%	The higher the credit-adjusted discount rate, the lower the fair value.
	Sale price of property at \$515,000,100	The higher the sale price, the higher the fair value.

End of financial year	31,661	31,421

The Group holds a 5.27% unquoted equity interest in Perennial Tongzhou Development Pte. Ltd. ("PTD"), which represents a 4.00% effective interest in Beijing Tongzhou Integrated Development (Phase 1), a mixed-use property project located in Tongzhou District, Beijing, The People's Republic of China.

The fair value of the investment is determined using an asset based valuation model taking into consideration the fair value of the underlying properties being developed by PTD. The fair value of the underlying properties as at 31 March 2022 is based on a valuation performed by an independent professional property valuer.

Details of the significant valuation techniques and key inputs used in the determination of fair value categorised under Level 3 of the fair value hierarchy are as follows:

Valuation technique	Unobservable inputs	Range of unobservable inputs	Relationship of unobservable inputs to fair value
Income capitalisation approach and asset based valuation	Capitalisation rate	4% - 5% (2021: 4% - 5%)	The higher the capitalisation rate, the lower the fair value.
	Discount for lack of control	20% (2021: 20%)	The higher the discount for lack of control, the lower the fair value.

The outbreak of COVID-19 has resulted in market uncertainty and volatility, and accordingly the valuation of underlying property held by PTD may fluctuate more rapidly and significantly subsequent to valuation date as compared to normal market conditions.

An impairment charge of \$962,000 (2021: \$Nil) on certain plant and machinery is included within "administrative expenses" in the statement of comprehensive income during the financial year. The impairment charge arose because the net book value of the plant and machinery exceeded the fair value less cost of disposal of the asset. The fair value of the asset was determined based on the selling price agreed with the buyer of the plant and machinery.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

19. LEASES

(a) The Group as a lessee

Nature of the Group's leasing activities

The Group leases leasehold land for use as investment properties in Singapore, the People's Republic of China and the Socialist Republic of Vietnam for remaining lease periods ranging from 3 to 35 years. The Group also leases buildings for use as warehouse and office.

For the Group's properties located in Singapore, the Group is required to pay Jurong Town Corporation ("JTC") annual land rent in respect of certain of land use as investment properties, except for the properties where upfront payments were made. The annual land rent is based on market rent in the relevant year of the current lease term and the lease provides that any increase in annual land rent from year to year shall not exceed 5.5% of the annual land rent for the immediate preceding year. The leases are non-cancellable with remaining lease terms of up to 22 years, with option to extend a further 30 years for one of the leases.

For the Group's properties located in the People's Republic of China and the Socialist Republic of Vietnam, the Group is required to pay to external land owners annual land rent in respect of certain of land use as investment properties. The annual land rent is based on contracted lease agreement, with escalation clauses.

The right-of-use of the land for investment properties is presented within investment properties (Note 20).

The right-of-use of the land for leased office space for the purpose of back-office operations and warehouse for storage are presented as right-of-use assets on the statement of financial position.

There is no externally imposed covenant on these lease arrangements.

19. LEASES (cont'd)

(a) The Group as a lessee (cont'd)

(ii) Interest expense

	Group	
	2022 \$'000	2021 \$'000
Interest expense on lease liabilities charged to profit or loss	1,275	2,294
Interest expense on lease liabilities capitalised within investment properties	645	-

(iii) Lease expense not capitalised in lease liabilities

	Group	
	2022 \$'000	2021 \$'000
Lease expense - short-term leases	60	56

(iv) Total cash outflow for all the leases for the financial year was \$3,642,000 (2021: \$5,802,000).

(v) Extension options

The leases for one office contain extension periods for which the related lease payments had not been included in lease liabilities as the Group is not reasonably certain to exercise these extension options.

(b) The Group as a lessor

Nature of the Group's leasing activities – Group as a lessor

The Group has leased out investment properties to non-related parties for monthly lease payments. Where considered necessary to reduce credit risk, the Group may obtain bank guarantees for the payment of leases. These leases are classified as operating leases because the risk and rewards incidental to ownership of the assets are not substantially transferred.

The future minimum lease receivables under non-cancellable operating leases contracted for at the end of the balance sheet date but not recognised as receivable, are as follows:

	Group	
	2022 \$'000	2021 \$'000
Less than one year	7,107	6,047
One to two years	6,878	4,012
Two to three years	5,220	2,675
Three to four years	2,104	2,051
Four to five years	1,774	438
More than five years	9,969	-
	33,052	15,223

Lease income from investment properties are disclosed in Note 20.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

19. LEASES (cont'd)

(b) The Group as a lessor (cont'd)

Nature of the Group's leasing activities – Group as an intermediate lessor

Subleases – classified as finance leases

The Group's sub-lease of its right-of-use of a leasehold land is classified as a finance lease because the sub-lease is for the entire remaining lease term of the head lease. The net investment in the sub-lease is recognised under "Finance lease receivables".

Finance income recognised on the sub-lease during the financial year is \$691,000 (2021: \$719,000).

The following table shows the maturity analysis of the undiscounted lease payments to be received:

	Group	
	2022 \$'000	2021 \$'000
Less than one year	1,126	1,126
One to two years	1,126	1,126

20. INVESTMENT PROPERTIES (cont'd)

The following amounts are recognised in profit or loss:

	Group	
	2022 \$'000	2021 \$'000
Rental income	7,823	24,350
Direct operating expenses arising from:		
- Investment properties that generate rental income	2,338	5,445

As at 31 March 2022, details of the Group's investment properties are as follows:

Location	Description	Existing use	Terms of lease
<u>Singapore</u>			
31 Tuas South Ave 10	Industrial facilities	Rental	30 years lease from 16 December 2013
36 Tuas Road	Industrial facilities	Rental	12 years lease from 1 October 2013 with an option to extend a further 30 years
<u>Socialist Republic of Vietnam</u>			
Road No. 3, Nhon Trach II Industrial Park - Nhon Phu, Phu Hoi Commune, Nhon Trach District, Dong Nai Province	Industrial facilities	Phase 1 - Rental	39 years 2 months lease from 22 December 2017
		Phase 2A – Rental	
		Phase 2B – Construction in progress	
<u>People’s Republic of China</u>			
No. 3 Xin Mei Road Plot 117, Wuxi New District Wuxi Jiangsu	Industrial facilities	Rental	50 years from 15 April 2003
No. 7 Xin Mei Road Plot 117, Wuxi New District Wuxi Jiangsu	Industrial facilities	Rental	50 years from 15 April 2003
No. 18 Xin Mei Road Plot 117, Wuxi New District Wuxi Jiangsu	Industrial facilities	Rental	50 years from 15 April 2003

As at 31 March 2022, investment properties amounting to \$33,777,000 were pledged to banks for banking facilities (Note 25).

Valuations of the Group's investment properties have been performed by independent professional valuers with appropriate recognised professional qualifications and recent experience with the location and category of the properties being valued. The valuers have considered the direct comparison method for comparative properties, discounted cash flow method and capitalisation approach in deriving the valuation of \$111,236,000 (2021: \$88,174,000), net of lease payments.

Key inputs used in the valuations are the estimated annual net rent, discount rate and comparable sales in the area.

The fair values of investment properties are within Level 3 of the fair value hierarchy.

Set out below are associates of the Group as at 31 March 2022. The associates as listed below have share capital consisting of ordinary shares or units, which are held directly by the Group. The associates are funded via a combination of share capital, notes and shareholders' loans which are presented in "Other receivables".

Name of entity	Country of business/incorporation	% of ownership interest	
		2022	2021
THAB Development Sdn Bhd ⁽¹⁾	Malaysia	35%	35%
DSCO Group Holdings Pte. Ltd. ⁽²⁾	Singapore	25%	25%
Boustead Industrial Fund ⁽³⁾	Singapore	25%	25%

⁽¹⁾ Audited by KPMG PLT, Malaysia.

⁽²⁾ Audited by RSM Chio Lim LLP, Singapore.

⁽³⁾ Audited by PricewaterhouseCoopers LLP, Singapore.

THAB Development Sdn Bhd ("THAB") was set up as a property development and investment holding company. THAB acquired six parcels of industrial vacant land in Nusajaya, Iskandar Malaysia with the purpose of developing the land for sale and lease. The development was completed in April 2017 and share of results from the sale of industrial plots has been recognised as and when the properties are sold. As at 31 March 2022 and 2021, there are remaining 47 ready built factory units, 4 plots of vacant land, and a sales gallery that remain unsold. Of these, 5 (2021: 3) ready built factory units were leased out to external parties as at balance sheet date.

THAB PTP Sdn Bhd ("THAB PTP"), a subsidiary of THAB, was set up as a property development company to acquire land in Malaysia for the purpose of developing an investment property for lease. During the financial year ended 31 March 2022, the investment property under THAB PTP was disposed off.

As at 31 March 2022 and 2021, the carrying amount of the Group's equity investment in THAB is \$Nil as the Group's share of loss in THAB Group had exceeded its cost of equity investment.

However, the Group has continued to equity account for its share of loss in THAB in excess of the Group's equity investment amounting to \$2,131,000 as at 31 March 2022 (2021: \$1,604,000). This is applied against the Group's loan to THAB, within allowance for impairment loss, as disclosed in Note 14.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

21. INVESTMENTS IN ASSOCIATES (cont'd)

As at 31 March 2021, THAB PTP had outstanding bank borrowings for its development which the Group granted a proportional corporate guarantee as security. Accordingly, the Group continued to equity account for its share of loss in THAB PTP in excess of the Group's equity investment amounting to \$1,406,000. These were presented within current liabilities (Note 24). The outstanding bank loan of THAB PTP amounted to \$8,490,000 as at 31 March 2021 and had been repaid in 2022 following the disposal of its investment property.

Boustead Industrial Fund ("BIF") is a private trust that invest in, administer and manage certain investments in logistics, business parks and industrial properties. In addition to equity interest amounting to \$16,825,000 (2021: \$13,675,000), the Group also held Notes issued by BIF amounting to \$72,750,000 (2021: \$59,000,000) as at 31 March 2022. Details of the Notes are disclosed in Note 14.

As at 31 March 2022, the carrying amount of the Group's equity interest in BIF (net of unrealised gain on sale of properties by the Group and its joint ventures) amounting to \$37,390,000 (2021: \$32,536,000) is presented within non-current liabilities (Note 24).

The Group's share of results of its material associates are as follows:

	Group	
	2022 \$'000	2021 \$'000

Echo Base-BP Capital Pte Ltd and its subsidiary ⁽¹⁾	Provide real estate consultancy and management services	Singapore	50%	50%
Boustead & KTG Industrial Management Company Limited ⁽²⁾⁽⁴⁾	Provide real estate consultancy and management services	Socialist Republic of Vietnam	25%	25%
EFactory Vietnam Co Ltd ⁽⁵⁾	Provide real estate consultancy and management services	Socialist Republic of Vietnam	50%	50%
BP-Braddell LLP ⁽¹⁾⁽³⁾	Holding of property for rental income	Singapore	50%	50%
BP-TPM LLP ⁽¹⁾⁽⁴⁾	Holding of property for rental income	Singapore	51%	51%
BP-TN Pte. Ltd. ⁽¹⁾⁽⁴⁾	Holding of property for rental income	Singapore	51%	51%

⁽¹⁾ Audited by PricewaterhouseCoopers LLP, Singapore.

⁽²⁾ Audited by PwC (Vietnam) Limited, Socialist Republic of Vietnam.

⁽³⁾ Became dormant after the transaction with BIF as disclosed in Note 34(b) and Note 34(c).

⁽⁴⁾ As the Group has joint control as a result of contractual agreements and rights to the net assets of the entity, the entity is therefore classified as a joint venture.

⁽⁵⁾ Voluntary liquidation completed in April 2022.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

22. INVESTMENTS IN JOINT VENTURES (cont'd)

There are no contingent liabilities relating to the Group's interest in the joint ventures.

The Group has committed to provide funding if called, to its joint ventures amounting to \$1,282,000 as at 31 March 2022 (2021: \$3,188,000).

The carrying amounts of the Group's material joint ventures are as follows:

	Group	
	2022 \$'000	2021 \$'000
BP-DOJO LLP	10,119	13,749
BP-TPM LLP	12,610	13,365
BP-Vista LLP	*	21
BP-Braddell LLP	372	11,541
BP-TN Pte. Ltd.	13,915	14,903
BP-BBD2 Pte. Ltd.	9,979	8,332
BP-Ubi Development Pte. Ltd. and its subsidiary	*	601
Immaterial joint ventures	7,871	7,611
	54,866	70,123

The Group's share of results of its material joint ventures, after eliminating unrealised gain on disposal of properties, are as follows:

	Group	
	2022 \$'000	2021 \$'000
BP-DOJO LLP	372	(750)
BP-TPM LLP	990	(332)
BP-Vista LLP	*	8,760
BP-Braddell LLP	8,297	(103)
BP-TN Pte. Ltd.	1,298	83
BP-BBD2 Pte. Ltd.	270	*
BP-Ubi Development Pte. Ltd. and its subsidiary	*	3,610
Immaterial joint ventures	1,033	512
	12,260	11,780

* Not material in financial year ended 31 March 2022 and/or 31 March 2021 respectively.

BP-TN Pte. Ltd. ceased to be a subsidiary and became a joint venture on 3 March 2021. The amounts represent financial information subsequent to 3 March 2021.

* The unrealised profit will be recognised in the profit and loss over the useful life of the investment properties held by the joint ventures, on disposal of the investment properties by the joint ventures, or on disposal of the Group's interest in the joint ventures.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

23. INVESTMENTS IN SUBSIDIARIES

	Company	
	2022 \$'000	2021 \$'000
<i>Unquoted equity shares at cost</i>		
Beginning and end of financial year	17,926	17,926
Less: Allowance for impairment losses	(233)	(233)
	17,693	17,693
Loan to a subsidiary	21,638	21,841
Less: Allowance for impairment losses	(7,208)	(6,156)
Total investments in subsidiaries	32,123	33,378

The loan to a subsidiary forms part of the Company's net investment in the subsidiary. The loan is unsecured and bears interest at 0.50% (2021: 0.50%) above KLIBOR per annum. Repayment of the loan is neither planned nor likely to occur in the foreseeable future.

The Company assessed the carrying amount of its investments in subsidiaries for indicators of impairment. Based on the assessment, the Company recognised an impairment loss of \$7,208,000 (2021: \$6,156,000) on its investment in a wholly-owned subsidiary during the financial year ended 31 March 2022. The recoverable amount of the subsidiary was estimated taking into consideration the fair values of the underlying assets and the liabilities of the subsidiary. The fair value measurement was categorised as Level 3 of the fair value hierarchy based on the inputs in the valuation techniques used.

The Group had the following significant subsidiaries:

Name of entity	Principal activities	Country of business/ incorporation	Equity holding	
			2022 %	2021 %

- Fellow subsidiary	6	12	-	-
- Subsidiaries	-	-	19,278	17,180
	2,877	1,480	19,297	17,189
Retention sum payables	21,819	15,772	395	1,144
Accruals for operating expenses	6,403	14,481	602	3,716
Advanced billings - Property rental income	520	1,091	-	-
Share of accumulated loss in excess of cost of investment in an associate (Note 21)	-	1,406	-	-
Deposits	6,650	4,720	30	30
Provision for onerous contracts	11,691	7,317	-	-
Loans from subsidiaries	-	-	83,680	264,730
	120,963	132,572	104,114	287,290
Non-current				
Retention sum payables	13,958	17,475	-	-
Unrealised gain on disposal due to retained interests in an associate - net (Note 21)	37,390	32,536	-	-
	51,348	50,011	-	-

Other payables to a fellow subsidiary and subsidiaries are unsecured, interest free and repayable on demand.

Loans from subsidiaries are unsecured, bear interest up to 1.03% (2021: 1.70%) per annum and are repayable on demand.

25. BORROWINGS

	Group		Company	
	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000
Bank borrowings				
- Current	610	208	-	-
- Non-current	9,956	2,292	-	-
Total	10,566	2,500	-	-

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

25. BORROWINGS (cont'd)

The exposure of the borrowings of the Group to interest rate changes and the contractual repricing dates at the balance sheet date are as follows:

	Group		Company	
	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000
6 months or less	8,267	-	-	-

(a) Security granted

As at 31 March 2022, total borrowings included secured liabilities of \$8,267,000 (2021: \$Nil) for the Group. The borrowings are secured over the Group's investment properties (Note 20).

(b) Fair value of non-current borrowings

As at 31 March 2022, carrying amount of non-current borrowings of \$1,689,000 (2021: \$2,292,000) with fixed interest rate approximated their fair values, which was computed based on the present value of the cash flows on the borrowings discounted at the rate of 2% (2021: 2%). The borrowing rate is based on an equivalent instrument that the directors expected would be available to the Group at the balance sheet date.

The remaining carrying amounts of non-current borrowings of \$8,267,000 as at 31 March 2022 (2021: \$Nil) approximated their fair value as all the amounts are at floating interest rates which are revised every three to six months.

The fair value of borrowings are within Level 2 of the fair values hierarchy.

26. DEFERRED INCOME TAXES

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income taxes relate to the same tax authority. The amounts, determined after appropriate offsetting, are shown on the statement of financial position as follows:

	Group		Company	
	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000
Deferred income tax assets	9,618	8,190	-	-
Deferred income tax liabilities	(1,319)	(675)	(703)	(324)
	8,299	7,515	(703)	(324)

Deferred income tax liabilities of \$210,000 (2021: \$235,000) have not been recognised for the withholding and other taxes that will be payable on the earnings of an overseas subsidiary when remitted to the holding company. These unremitted profits are permanently reinvested and amount to \$4,192,000 (2021: \$4,705,000) at the balance sheet date.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

26. DEFERRED INCOME TAXES (cont'd)

The movement in deferred income tax assets and liabilities (prior to offsetting of balances within the same tax jurisdiction) is as follows:

	Group		Company	
	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000

27. SHARE CAPITAL AND TREASURY SHARES

	No. of ordinary shares		Amount	
	Issued share capital	Treasury shares	Share capital	Treasury shares
	'000	'000	\$'000	\$'000
Group and Company				
2022				
Beginning of financial year	320,000	(8,973)	15,000	(7,236)
Purchase of treasury shares	-	(317)	-	(316)
Treasury shares re-issued	-	2,551	-	2,057
End of financial year	320,000	(6,739)	15,000	(5,495)
2021				
Beginning of financial year	320,000	(9,346)	15,000	(7,477)
Purchase of treasury shares	-	(292)	-	(292)
Treasury shares re-issued	-	665	-	533
End of financial year	320,000	(8,973)	15,000	(7,236)

All issued ordinary shares are fully paid up. There is no par value for these ordinary shares. Fully paid ordinary shares carry one vote per share and carry a right to dividends as and when declared by the Company.

The Company re-issued 151,000 (2021: 665,000) treasury shares in the Company during the financial year pursuant to the Boustead Projects Restricted Share Plan 2016 at the buyback price of \$0.81 (2021: \$0.80) each.

In the financial year ended 31 March 2022, the Company re-issued 2,400,000 (2021: nil) treasury shares to Directors of the Company as approved at the Extraordinary General Meeting held on 28 July 2021 at the buyback price of \$0.81 (2021: Nil).

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

28. DIVIDENDS

	Group	
	2022 \$'000	2021 \$'000
Ordinary dividends paid		
Dividends paid in respect of the previous financial year of 0.9 cents (2021: 0.8 cents) per share	2,822	2,491
Special dividends paid		
Dividends paid in respect of the previous financial year of 14.5 cents (2021: Nil cents) per share	45,469	-
	48,291	2,491

At the forthcoming Annual General Meeting on 28 July 2022, a final ordinary dividend of 0.2 cents per share and special dividend of 0.8 cents per share amounting to a total of \$3,133,000 will be recommended. These financial statements do not reflect this dividend, which will be accounted for in shareholders' equity as an appropriation of retained profits in the financial year ending 31 March 2023.

29. RETAINED PROFITS

- (a) Retained profits of the Group are distributable except for:
- (i) accumulated retained profits of associates and joint ventures amounting to \$3,665,000 (2021: \$3,497,000)
 - (ii) 10% of accumulated retained profits of a subsidiary in the People's Republic of China amounting to \$466,000 (2021: \$339,000).
- (b) Retained profits of the Company are distributable. Movement in retained profits for the Company is as follows:

	Company	
	2022 \$'000	2021 \$'000
Beginning of financial year	247,805	240,700
Net profit	182,341	9,596
Dividends paid (Note 28)	(48,291)	(2,491)
End of financial year	381,855	247,805

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

31. CONTINGENCIES

- (a) As at the balance sheet date, the Group and the Company has the following guarantees whereby the directors are of the view that it is more likely than not that no amount will be payable under these arrangements. The earliest period that the guarantees could be called is upon demand.
 - (i) As at 31 March 2021, the Company and the Group gave guarantees in favour of banks in respect of loan facilities granted to its related party*. The outstanding guarantee then amounted to \$2,972,000.
 - (ii) The Company has entered into performance guarantees of \$99,293,000 (2021: \$69,774,000) issued by banks in favour of third parties in respect of performance on construction contracts, at the balance sheet date.

* A related party refers to a subsidiary of an associate.

32. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Group's activities expose it to market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management strategy seeks to minimise any adverse effects from the unpredictability of financial markets on the Group's financial performance.

The Board of Directors is responsible for setting the objectives and underlying principles of financial risk management for the Group. The management team then establishes the detailed policies such as risk identification and measurement, exposure limits and hedging strategies. Financial risk management is carried out by finance personnel.

(a) Market risk

(i) Currency risk

The Group operates in Asia with significant operation in Singapore. It also has operations in Malaysia, the Socialist Republic of Vietnam and the People's Republic of China albeit in a smaller scale.

Translation risks of overseas net investments are not hedged through hedging instruments.

Currency exposure to the net assets of the Group's foreign operations in the People's Republic of China, Malaysia and the Socialist Republic of Vietnam are managed primarily through natural hedges of matching assets and liabilities. Management reviews periodically so that the net exposure is kept at an acceptable level.

The Group does not have any other significant unhedged exposure to currency risks as sales and purchases are primarily denominated in the respective functional currencies of the Group entities, mainly Singapore Dollars ("SGD"), Malaysian Ringgit ("MYR"), Renminbi ("RMB") and Vietnamese Dong ("VND"), except as disclosed below:

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

32. FINANCIAL RISK MANAGEMENT (cont'd)

(a) Market risk (cont'd)

(i) Currency risk (cont'd)

	USD	MYR
	\$'000	\$'000
<u>At 31 March 2022</u>		
Financial assets		
Other receivables and prepayments	16,913	12,658
	16,913	12,658
Financial liabilities		
Borrowings	(7,442)	-
	(7,442)	-
Currency exposure of financial assets/(liabilities)	9,471	12,658
<u>At 31 March 2021</u>		
Financial assets		
Other receivables and prepayments	-	21,755
	-	21,755
Currency exposure of financial assets/(liabilities)	-	21,755

The following table details the sensitivity to a 10% (2021: 10%) increase and decrease in the relevant foreign currencies against the functional currency of each Group entity. The sensitivity analysis is performed on outstanding foreign currency denominated monetary items and reflects the impact on profit after tax when there is a 10% (2021: 10%) change in foreign currency rates. If the relevant foreign currency change against the SGD by 10% (2021: 10%) with all other variables including tax rate being held constant, the effects to the profit after tax of the Group and the Company arising from the net financial liability/asset position will be as follows:

	← Increase/(Decrease) →	
	31 March 2022 Profit after tax \$'000	31 March 2021 Profit after tax \$'000
Group		
USD against SGD		
- Strengthened	758	-
- Weakened	(758)	-
MYR against SGD		
- Strengthened	1,089	1,871
- Weakened	(1,089)	(1,871)

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

32. FINANCIAL RISK MANAGEMENT (cont'd)

(a) Market risk (cont'd)

(ii) Price risk

The Group and the Company is exposed to equity security price risk arising from its investment securities. Please refer to Note 17 for details of the fair value measurement.

(iii) Cash flow and fair value interest rate risks

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates.

As at 31 March 2022, the Group's exposure to cash flow interest rate risks arises mainly from bank borrowings and loan to an associate (2021: loans to an associate, loans to a related party*) at variable rates.

If the interest rates had been higher/lower by 1% with all other variables including tax rate being held constant, the Group's profit after tax for the financial year ended 31 March 2022 would have been higher/lower by \$17,000 (2021: higher/lower by \$182,000) as a result of higher/lower interest income from loan to an associate and higher/lower interest expense on borrowings (2021: higher/lower interest income from loans to an associate and loans to a related party*).

As at 31 March 2022, the Company's exposure to cash flow interest rate risks arises mainly from loans to/from subsidiaries (2021: loans to/from subsidiaries) at variable rates.

If the interest rates had been higher/lower by 1% with all other variables including tax rate being held constant, the Company's profit after tax for the financial year ended 31 March 2022 would have been higher/lower by \$1,175,000 (2021: lower/higher by \$806,000), as a result of higher/lower interest income on loans to subsidiaries and higher/lower interest expense on loans from subsidiaries (2021: higher/lower interest income on loans to subsidiaries and higher/lower interest expense on loans from subsidiaries).

* A related party refers to a subsidiary of an associate.

(b) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group.

The Group adopts the policy of dealing only with customers of appropriate credit standing and history, and obtaining appropriate and sufficient collateral such as security deposits or bankers guarantee from customers, where appropriate, to mitigate credit risk. For other financial assets, the Group adopts the policy of dealing only with high credit quality counterparties.

Before accepting any new customer, the Group assesses the potential customer's credit quality and their financial ability to pay for the services engaged. Management periodically monitors and reviews the customer's long overdue payment and proactively engages with the customer to resolve the causes of the overdue payment. As at 31 March 2022, there are two (2021: four) external customers and Nil (2021: one) joint venture which individually represents more than 5% of the Group's total trade receivables. There is no (2021: one) external customer which individually represents more than 5% of the Company's total trade receivables.

As at 31 March 2022, the maximum exposure to credit risk for each class of financial assets is the carrying amount of that class of financial instruments presented on the statement of financial position. As at 31 March 2021, the maximum exposure to credit risk for each class of financial assets is the carrying amount of that class of financial instruments presented on the statement of financial position the except for corporate guarantees provided to banks on loan facilities of a related party, as disclosed in Note 31 to the financial statements.

In determining the recoverability of a trade receivable, the Group considers any change in the credit quality of the trade receivable from the date credit was initially assessed up to the balance sheet date. The concentration of credit risk is limited due to the customer base being large and unrelated. Accordingly, management believes that there is no further credit provision required in excess of the allowance for impairment of receivables.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

32. FINANCIAL RISK MANAGEMENT (cont'd)

(b) Credit risk (cont'd)

Trade receivables and contract assets

In measuring expected credit losses ("ECL"), trade receivables and contract assets are grouped based on shared credit risk characteristics. The contract assets relate mainly to projects where the revenue has been accrued ahead of billings to customers, which have substantially the same risk characteristics as the trade receivables for the same contracts.

The Group has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

In calculating the expected credit loss rates, the Group considers historical loss rates for each category of customers and adjusts to reflect current and forward-looking macroeconomic factors affecting the ability of the customers to settle the receivables.

Some of the forward-looking macroeconomic factors include:

- Historical default rate of the customer
- Any publicly available information on the customer
- Any macroeconomic or geopolitical information relevant to the customer
- Any other objectively supportable information on the quality and abilities of the customer's management relevant for its performance

Trade receivables (including retention receivables) and contract assets grouped with shared risk characteristics as at 31 March 2022 and 31 March 2021 are as follows:

	Group 2022			Total
	Current and not due	Past due under 3 months	Past due over 3 months	
	\$'000	\$'000	\$'000	\$'000
- Singapore				
• Trade receivables	47,244	455	1,396	49,095
• Contract assets	3,058	-	-	3,058
- Socialist Republic of Vietnam				
• Trade receivables	2,551	-	26	2,577
• Contract assets	143	-	-	143
- Malaysia				
• Trade receivables	5,231	350	216	5,797
• Contract assets	7,455	-	-	7,455
- People's Republic of China				
• Trade receivables	775	-	-	775
	66,457	805	1,638	68,900

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

32. FINANCIAL RISK MANAGEMENT (cont'd)

(b) Credit risk (cont'd)

Trade receivables and contract assets (cont'd)

	Group 2021			
	Current and not due	Past due under 3 months	Past due over 3 months	Total
	\$'000	\$'000	\$'000	\$'000
- Singapore				
• Trade receivables	64,471	2,156	163	66,790
• Contract assets	3,425	-	-	3,425
- Socialist Republic of Vietnam				
• Trade receivables	1,906	-	140	2,046
• Contract assets	212	-	-	212
- Malaysia				
• Trade receivables	17,828	221	598	18,647
• Contract assets	7,146	-	-	7,146
- People's Republic of China				
• Trade receivables	1,272	-	-	1,272
	96,260	2,377	901	99,538

The amount of trade receivables that are past due for more than 3 months are immaterial. Accordingly, the Group's trade receivables and contract assets are subject to immaterial credit loss.

Cash and cash equivalents

The Group and the Company held cash and cash equivalents with reputable banks which are assessed to be of lower credit risk. The cash balances are measured on 12-month expected credit losses and subject to immaterial credit loss.

Finance lease receivables and other receivables

Finance lease receivables, loans to a related party, a joint venture and subsidiaries, notes issued by an associate, and other receivables are measured on 12-month expected credit losses and subject to immaterial credit loss, except for loan to an associate as disclosed in Note 14 and loan to a subsidiary as disclosed in Note 23. An allowance for credit loss, measured on 12-month expected credit loss basis amounting to \$7,208,000 (2021: \$6,156,000) has been made against the loan to a subsidiary of \$21,638,000 (2021: \$21,841,000) (Note 23).

The Group monitors the credit risk of the associate based on the past due information to assess if there is any significant increase in credit risk. An allowance for credit loss, measured on 12-month expected credit loss basis amounting to \$5,027,000 (2021: \$4,049,000) has been made against the loan to an associate of \$17,685,000 (2021: \$17,840,000) (Note 14).

Financial guarantee

As at 31 March 2021, the Company has issued financial guarantees to banks for borrowings of a related party. The Company has assessed that its related party have strong financial capacity to meet the contractual cash flow obligations in the near future and hence, does not expect significant credit losses arising from these guarantees.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

32. FINANCIAL RISK MANAGEMENT (cont'd)

(c) Liquidity risk

Prudent liquidity risk management includes maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. At the balance sheet date, assets held by the Group and the Company for managing liquidity risk included cash and short-term bank deposits as disclosed in Note 13.

Management monitors rolling forecasts of the liquidity reserve (comprises undrawn borrowing facilities and cash and cash equivalents (Note 13)) of the Group and the Company on the basis of expected cash flow. This is generally carried out at the local level in the operating companies of the Group in accordance with the practice and limits set by the Group. In addition, the Group's liquidity management policy involves considering the level of liquid assets necessary to meet projected cash flows, monitoring liquidity ratios and maintaining debt financing plans.

The table below analyses non-derivative financial liabilities of the Group and the Company into relevant maturity groupings based on the remaining period from the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months approximate their carrying amounts as the impact of discounting is not significant. The maximum amount of the financial guarantee contracts is allocated to the earliest period in which the guarantee could be called.

	Less than 1 year	Between 2 and 5 years	Over 5 years
	\$'000	\$'000	\$'000
Group			
At 31 March 2022

Loans from subsidiaries	264,730	-	-
Financial guarantees	2,972	-	-

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

32. FINANCIAL RISK MANAGEMENT (cont'd)

(d) Capital risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

Management monitors capital based on gearing ratios and the level of total net tangible assets, which are in tandem with the requirements of the banks. The banks require the Group to have minimum total net tangible assets of \$120,000,000, a maximum total liability gearing ratio of 275% and a maximum consolidated gearing of 1.5 times. The Group's strategy which was unchanged from 2021, is to maintain gearing ratios and minimum level of total net tangible assets within the banks' requirements.

The total liability gearing ratio is calculated as a percentage of consolidated total liabilities divided by the consolidated tangible net worth and the maximum consolidated gearing ratio is calculated as total bank debts divided by tangible net worth. Tangible net worth is calculated as the sum of share capital and retained profits.

The Group is in compliance with all externally imposed capital requirements for the financial years ended 31 March 2022 and 31 March 2021.

(e) Financial instruments by category

The carrying amount of the different categories of financial instruments is as disclosed in Note 17 to the financial statements, except for the following:

	Group		Company	
	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000
Financial assets, at amortised cost	403,553	500,351	370,113	417,424
Financial liabilities, at amortised cost	188,410	193,266	104,130	287,393

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

32. FINANCIAL RISK MANAGEMENT (cont'd)

(f) Fair value measurements

The table below presents assets and liabilities recognised and measured at fair value and classified by level of the following fair value measurement hierarchy:

- (a) quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- (b) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
- (c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

32. FINANCIAL RISK MANAGEMENT (cont'd)

(f) Fair value measurements (cont'd)

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy level as at the end of the reporting period.

There were no transfers between the levels of fair value hierarchy during the financial year.

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at each balance sheet date. In infrequent circumstances, where a valuation technique for these instruments is based on significant unobservable inputs, such instruments are classified as Level 3.

The following table presents the changes in Level 3 instruments:

	Financial asset, at FVPL \$'000	Financial asset, at FVOCI \$'000
2022		
Beginning of financial year	-	31,421
Addition	58,500	-
Fair value gain recognised in		
- profit or loss within "other gains- nets"	3,777	-
- other comprehensive income within "fair value gain"	-	240
End of financial year	62,277	31,661
2021		
Beginning of financial year	-	31,315
Fair value loss recognised in other comprehensive income within "fair value gain"	-	106
End of financial year	-	31,421

Valuation techniques and inputs disclosed in Note 17 to the financial statements.

33. IMMEDIATE AND ULTIMATE HOLDING COMPANY

The Company's immediate and ultimate holding company is Boustead Singapore Limited, incorporated in the Republic of Singapore and listed on the Singapore Exchange.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

34. RELATED PARTY TRANSACTIONS

In addition to the information disclosed elsewhere in the financial statements, the following transactions took place between the Group and related parties at terms agreed between the parties:

(a) Sales and purchases of goods and services

	Group	
	2022 \$'000	2021 \$'000
Office expense to a fellow subsidiary (includes shared expenses such as IT, utilities and common area usage)	(59)	(89)
Lease payment to a joint venture	-	(631)
Lease payment to an associate	(806)	(69)
Rental rebate from a joint venture	-	249
Project and development management fees from joint ventures*	106	529
Construction contract revenue from joint ventures*	7,053	29,444
Assets, property and lease management and performance fees from joint ventures	3,638	2,527
Assets, acquisition and property management fees from an associate*	3,243	1,116
Interest income from:		
- associate	4,836	716
- related party (a subsidiary of an associate)	142	338
- joint venture	-	164

* Transaction values disclosed are after elimination of the Group's shares in the transaction.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

34. RELATED PARTY TRANSACTIONS (cont'd)

(b) Disposal of property by a joint venture

On 30 November 2021, BP-Braddell LLP, a 50.0% joint venture of the Group, disposed its investment property to the Group's associate, Boustead Industrial Fund ("BIF").

The Group's share of the consideration from the disposal amounted to \$20,636,000 which had been fully received.

The Group used part of the cash consideration to subscribe for notes amounting to \$13,750,000 and 25% equity units amounting to \$3,150,000 issued by BIF.

Total gains on the transaction, net of unrealised gain arising from retained interest in BIF, recognised by the Group during the financial year ended 31 March 2022 are as follows:

	Group
	2022
	\$'000
Share of gain on disposal of property by a joint venture	11,338
Less: unrealised gain due to retained interest in BIF	(2,835)
	8,503

After considering tax, the net gain on the transaction recognised by the Group during the financial year 31 March 2022 is \$6,875,000.

(c) Disposal/partial disposal of properties, a subsidiary and joint ventures to Boustead Industrial Fund ("BIF")

On 3 March 2021, the Group (including two joint ventures of the Group) disposed properties, 49.0% equity interest of its wholly-owned subsidiary, BP-TN Pte. Ltd. ("BP-TN"), 49.0% interest of its joint venture, BP-SF Turbo LLP ("Turbo") and 49.0% interest of its joint venture, BP-CA3 LLP to Boustead Industrial Fund ("BIF").

The Group's share of the consideration from the disposals amounted to \$332,874,000. As at 31 March 2021, consideration due to the Group amounting \$517,000 in relation to sale of interest in BP-TN, \$12,000 in relating to sale of interest in Turbo and \$3,800,000 in relation to sale of a property, remained outstanding, subject to the finalisation of certain conditions. During the financial year ended 31 March 2022, all amounts had been received except for the amount of \$3,800,000 relating to the sale of a property. The receipt of this amount is subject to certain conditions as agreed between BIF and the Group.

The Group used part of the cash consideration to subscribe for notes amounting to \$59,000,000 and 25% equity units amounting to \$13,675,000 issued by BIF.

After the transaction, BP-TN ceased to be a subsidiary and became a joint venture of the Group, and BIF became an associate of the Group. In addition, a wholly-owned subsidiary of the Group, Boustead Industrial Fund Management Pte. Ltd. became the Fund Manager of BIF.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

34. RELATED PARTY TRANSACTIONS (cont'd)

(c) Disposal/partial disposal of properties, a subsidiary and joint ventures to Boustead Industrial Fund ("BIF") (cont'd)

Total gains on the transaction, net of rental guarantee and unrealised gain arising from retained interest in BIF, recognised by the Group during the financial year ended 31 March 2021 are as follows:

	Group
	2021 \$'000
Gain on disposal of properties	162,960
Gain on partial disposal of a subsidiary	12,723
Gain on partial disposal of a joint venture	1,473
Less: unrealised gain on disposal/partial disposal of properties, a subsidiary and joint ventures	(44,657)
Gain on disposal/partial disposal of properties, a subsidiary and joint ventures	132,499
Share of gain on disposal of properties by joint ventures	14,920
Less: unrealised gain on share of gain on disposal of properties by joint ventures	(3,730)
	143,689

After considering tax, the net gains on the transaction recognised by the Group during the financial year 31 March 2021 were \$134,759,000.

As part of the disposal, the Group provided a rental guarantee to BIF of up to \$25,500,000 to cover monthly rental shortfall for a period of 12 months from the transaction completion date on 3 March 2021. The Group estimated and recognised a provision for rental guarantee payable amounting to \$2,793,000 as at 31 March 2021. \$1,759,000 were paid to BIF during the financial year ended 31 March 2022 with \$271,000 remaining as unpaid as at 31 March 2022.

BIF is committed to acquire the Group's 50% interest in BP-CA3 LLP after the expiry of assignment prohibition period imposed by JTC Corporation in 2025.

(d) Key management personnel compensation

Key management personnel compensation is as follows:

	Group	
	2022 \$'000	2021 \$'000
Wages and salaries	2,296	2,591
Employer's contribution to defined contribution plans, including Central Provident Fund	87	87
Share-based compensation expense	948	14
Share-based payment to non-executive directors	189	-
Director's fees to non-executive directors	265	252
	3,785	2,944

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

35. SEGMENT INFORMATION

Segment information is presented in respect of the Group's reportable segment provided to the senior management which comprises the Executive Deputy Chairman, Managing Director, Chief Financial Officer and Chief Operation Officer for the purpose of resource allocation and assessment of segment performance.

The senior management considers the business from both a business and geographical segment perspective.

The Group's businesses comprise the following:

- (i) Engineering & Construction: Provision of turnkey Engineering & Construction services.
- (ii) Real Estate: Developing, owning, managing, leasing and sale of properties, and real estate fund management.
- (iii) HQ Activities: Management of financial assets and other investments.

(a) Segment revenue and results

The segment information for the reportable segments is as follows:

	Engineering & Construction		Real Estate		HQ Activities		Group	
	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000

Consolidated total liabilities							280,292	299,170

For the purposes of monitoring segment performance and allocating resources between segments, the senior management monitors the tangible and financial assets, as well as the financial liabilities attributable to each segment.

All assets are allocated to reportable segments other than deferred income tax assets.

All liabilities are allocated to reportable segments other than income tax payable and deferred income tax liabilities.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

35. SEGMENT INFORMATION (cont'd)

(c) Geographical information

The Group operates primarily in Singapore and has operations in Malaysia and the Socialist Republic of Vietnam. The Group's revenue from external customers and non-current assets (excluding financial assets and deferred income tax assets) by geographical locations are as follows:

	Revenue from external customers		Non-current assets	
	2022 \$'000	2021 \$'000	2022 \$'000	2021 \$'000
Singapore	263,900	226,691	105,300	129,316
Malaysia	64,013	67,501	64	150
Socialist Republic of Vietnam	4,556	3,734	42,491	36,508
Other countries	6,620	3,479	2,744	2,717
Group	339,089	301,405	150,599	168,691

(d) Information about major customers

For the financial year ended 31 March 2022, there are four (2021: three) customers from the Group's Engineering & Construction segment that each contributed more than 10% of the Group's revenue. The customers contributed \$33,966,000, \$42,000,000, \$64,507,000, and \$65,835,000 (2021: \$30,483,000, \$58,057,000 and \$65,120,000) respectively in revenue to the Group.

36. NEW OR REVISED ACCOUNTING STANDARDS AND INTERPRETATIONS

Below are the mandatory standards, amendments and interpretations to existing standards that have been published, and are relevant for the Group's accounting periods beginning on or after 1 April 2022 and which the Group has not early adopted.

Amendments to SFRS(I) 1-1 Presentation of Financial Statements: Classification of Liabilities as Current or Non-current (effective for annual periods beginning on or after 1 January 2023)

The narrow-scope amendments to SFRS(I) 1-1 Presentation of Financial Statements clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant). The amendments also clarify what SFRS(I) 1-1 means when it refers to the 'settlement' of a liability.

The amendments could affect the classification of liabilities, particularly for entities that previously considered management's intentions to determine classification and for some liabilities that can be converted into equity.

The Group does not expect any significant impact arising from applying these amendments.

Amendments to SFRS(I) 1-16 Property, Plant and Equipment: Proceeds before Intended Use (effective for annual periods beginning on or after 1 January 2022)

The amendment to SFRS(I) 1-16 Property, Plant and Equipment (PP&E) prohibits an entity from deducting from the cost of an item of PP&E any proceeds received from selling items produced while the entity is preparing the asset for its intended use. It also clarifies that an entity is 'testing whether the asset is functioning properly' when it assesses the technical and physical performance of the asset. The financial performance of the asset is not relevant to this assessment.

Entities must disclose separately the amounts of proceeds and costs relating to items produced that are not an output of the entity's ordinary activities.

The Group does not expect any significant impact arising from applying these amendments.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

36. NEW OR REVISED ACCOUNTING STANDARDS AND INTERPRETATIONS (cont'd)

Amendments to SFRS(I) 1-37 Provisions, Contingent Liabilities and Contingent Assets: Onerous Contracts – Cost of Fulfilling a Contract (effective for annual periods beginning on or after 1 January 2022)

An onerous contract is a contract in which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the costs of fulfilling it and any compensation or penalties arising from failure to fulfil it. The amendment to SFRS(I) 1-37 clarifies that the direct costs of fulfilling a contract include both the incremental costs of fulfilling the contract and an allocation of other costs directly related to fulfilling contracts.

The Group does not expect any significant impact arising from applying these amendments.

37. EVENTS OCCURRING AFTER BALANCE SHEET DATE

On 5 May 2022, the Company's wholly-owned subsidiary, BP-Vietnam Development Pte. Ltd. ("BP-VD") entered into strategic collaboration arrangements with Khai Toan Joint Stock Company ("KTG") to acquire, develop and own a portfolio of logistics and industrial properties in Vietnam. Pursuant to the collaboration, BP-VD will acquire 60.0% of the issued and paid-up share capital in KTG & Boustead Joint Stock Company ("KBJS"), which owns a portfolio of logistics and industrial properties in Vietnam, from KTG. The consideration for 60.0% stake in KBJS approximates \$38,070,000 and was arrived at on a willing-buyer, willing seller basis. The consideration would be settled subject to the finalisation of certain conditions.

On 24 June 2022, the Group's newly incorporated 50%-owned joint venture, Bideford House Pte. Ltd. entered into a sale and purchase agreement to acquire a mixed development property for a consideration of \$515,000,100. See further details in Note 17(a). The consideration will be funded by Bideford House Pte. Ltd. via external bank financing as well as shareholders' loans.

38. AUTHORISATION OF FINANCIAL STATEMENTS

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors of Boustead Projects Limited on 30 June 2022.

Resolution 5

Note:

Mr Tam Chee Chong will, upon re-election as a director of the Company, remain as the Chairman of the Audit & Risk Committee and member of Nominating Committee. He will be considered independent for the purposes of Rule 704(8) of the Listing Manual of the Singapore Exchange Securities Trading Limited (“SGX-ST”).

Professor Yong Kwet Yew will, upon re-election as a director of the Company, remain as member of the Audit & Risk Committee*, member of the Nominating Committee and member of the Remuneration Committee. He will be considered independent for the purposes of Rule 704(8) of the Listing Manual of the SGX-ST.

** Professor Yong Kwet Yew was appointed as a member of the Audit & Risk Committee with effect from 1 July 2022.*

5. To approve directors’ fees of up to \$300,000 for the financial year ending 31 March 2023, payable quarterly in arrears (2022: \$280,000).

[See Explanatory Note 1]

Resolution 6

6. To re-appoint Messrs PricewaterhouseCoopers LLP as auditors of the Company to hold office until the next Annual General Meeting and to authorise the directors to fix their remuneration.

Resolution 7

AS SPECIAL BUSINESS

To consider and, if thought fit to pass with or without modifications, the following ordinary resolutions:

7. **Authority to allot and issue shares pursuant to Section 161 of the Companies Act 1967 of Singapore (“Companies Act”)**

That authority be and is hereby given to the directors of the Company (“Directors”) to:

- (i) (a) issue shares in the capital of the Company (“shares”) whether by way of rights, bonus or otherwise; and/or
- (b) make or grant offers, agreements or options (collectively, “instruments”) that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

- (ii) (notwithstanding the authority conferred by this resolution may have ceased to be in force) issue shares in pursuance of any instrument made or granted by the Directors while this resolution was in force,

Notice of Annual General Meeting

BOUSTEAD PROJECTS LIMITED

(Incorporated in the Republic of Singapore)
(Company Registration Number: 199603900E)

provided that:

- (i) the aggregate number of shares to be issued pursuant to this resolution (including shares to be issued in pursuance of instruments made or granted pursuant to this resolution) does not exceed fifty per cent (50%) of the total number of issued shares (excluding any treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (ii) below), of which the aggregate number of shares to be issued other than on a pro-rata basis to shareholders of the Company (including shares to be issued in pursuance of instruments made or granted pursuant to this resolution) does not exceed twenty per cent (20%) of the total number of issued shares (excluding any treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (ii) below);
- (ii) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (i) above, the percentage of issued shares shall be based on the total number of issued shares (excluding any treasury shares and subsidiary holdings) in the capital of the Company at the time this resolution is passed, after adjusting for:
 - (a) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this resolution is passed; and
 - (b) any subsequent bonus issue or consolidation or subdivision of shares;
- (iii) in exercising the authority conferred by this resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (iv) (unless revoked or varied by the Company in general meeting) the authority conferred by this resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

[See Explanatory Note 2]

Resolution 8

8. The proposed renewal of the Share Buy-Back Mandate

All capitalised terms used in this resolution which are not defined herein shall have the same meaning ascribed to them in the Addendum to Shareholders dated 5 July 2022.

That:

- (i) for the purposes of the Companies Act and such other laws and regulations as may for the time being be applicable, approval be and is hereby given for the exercise by the Directors of all the powers of the Company to purchase or otherwise acquire issued ordinary shares in the share capital of the Company ("Shares") not exceeding in aggregate the Prescribed Limit (as hereafter defined), at such price(s) as may be determined by the Directors from time to time up to the Maximum Price (as hereafter defined), whether by way of:
 - (a) on-market share purchases ("On-Market Share Purchase"), transacted on the SGX-ST; and/or
 - (b) off-market share purchases ("Off-Market Share Purchase") (if effected otherwise than on the SGX-ST) in accordance with an equal access scheme(s) as may be determined or formulated by the Directors as they may consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Companies Act,

and otherwise in accordance with all other laws, regulations and rules of the SGX-ST as may for the time being be applicable ("Share Buy-Back Mandate");
- (ii) any Share that is purchased or otherwise acquired by the Company pursuant to the Share Buy-Back Mandate shall, at the discretion of the Directors, either be cancelled or held as treasury shares and dealt with in accordance with the Companies Act;

Notice of Annual General Meeting

BOUSTEAD PROJECTS LIMITED
(Incorporated in the Republic of Singapore)
(Company Registration Number: 199603900E)

- (iii) unless varied or revoked by the Company in general meeting, the authority conferred on the Directors pursuant to the Share Buy-Back Mandate may be exercised by the Directors at any time and from time to time during the period commencing from the passing of this Ordinary Resolution and the expiring on the earlier of:
 - (a) the date on which the next Annual General Meeting of the Company is held or required by law to be held;
 - (b) the date on which the purchases or acquisitions of Shares pursuant to the Share Buy-Back Mandate are carried out to the full extent mandated; or
 - (c) the date on which the authority contained in the Share Buy-Back Mandate is varied or revoked;

- (iv) for the purposes of this Ordinary Resolution:

“Prescribed Limit” means ten per cent (10%) of the total issued ordinary share capital of the Company (excluding any treasury shares and subsidiary holdings) as at the date of passing of this Ordinary Resolution, unless the Company has effected a reduction of the share capital of the Company in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period, in which event the total number of Shares of the Company shall be taken to be the total number of issued Shares of the Company as altered after such capital reduction (excluding any treasury shares and subsidiary holdings);

“Relevant Period” means the period commencing from the date on which the last Annual General Meeting of the Company was held and expiring on the date of the next Annual General Meeting of the Company is held or is required by law to be held, or the date on which the purchases of the Shares are carried out to the full extent mandated, whichever is earlier, unless prior to that, it is varied or revoked by resolution of the shareholders of the Company in general meeting;

“Maximum Price” in relation to a Share to be purchased, means an amount (excluding brokerage, commission, stamp duties, applicable goods and services tax, clearance fees and other related expenses) not exceeding:

- (a) in the case of an On-Market Share Purchase, 105% of the Average Closing Price;
- (b) in the case of an Off-Market Share Purchase, 120% of the Average Closing Price,

where:

“Average Closing Price” means the average of the closing market prices of a Share over the last five (5) Market Days, on which transactions in the Shares were recorded, immediately preceding the date of making the On-Market Share Purchase or, as the case may be, the day of the making of the offer pursuant to the Off-Market Share Purchase, and deemed to be adjusted for any corporate action that occurs during the relevant five (5) Market Day period and the day on which the purchases are made;

“day of the making of the offer” means the day on which the Company announces its intention to make an offer for the purchase of Shares from the shareholders of the Company, stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Share Purchase; and

“Market Day” means a day on which the SGX-ST is open for trading in securities;

- (v) the Directors and/or any of them be and are hereby authorised to complete and do all such acts and things (including, without limitation, executing such documents as may be required) as they and/or he may consider desirable, expedient or necessary to give effect to the transactions contemplated by this Ordinary Resolution.

[See Explanatory Note 3]

Resolution 9

Notice of Annual General Meeting

BOUSTEAD PROJECTS LIMITED
(Incorporated in the Republic of Singapore)
(Company Registration Number: 199603900E)

9. **Authority to grant awards and issue shares pursuant to the Boustead Projects Restricted Share Plan 2016**

That authority be and is hereby given to the Directors to grant awards in accordance with the provisions of the Boustead Projects Restricted Share Plan 2016 and to allot and issue from time to time such number of shares in the capital of the Company as may be required to be issued pursuant to the grant of awards under the Boustead Projects Restricted Share Plan 2016, provided that the aggregate number of new shares to be issued pursuant to the Boustead Projects Restricted Share Plan 2016 shall not exceed fifteen per cent (15%) of the issued ordinary share capital of the Company (excluding any treasury shares and subsidiary holdings) from time to time.

[See Explanatory Note 4]

Resolution 10

10. **Authority to allot and issue shares pursuant to the Boustead Projects Limited Scrip Dividend Scheme**

That authority be and is hereby given to the Directors to allot and issue from time to time such number of shares in the capital of the Company as may be required to be issued pursuant to the application of the Boustead Projects Limited Scrip Dividend Scheme.

[See Explanatory Note 5]

Resolution 11

11. To transact any other business of the Company which may arise.

NOTICE OF RECORD AND PAYMENT DATE FOR FINAL AND SPECIAL DIVIDENDS

NOTICE IS HEREBY GIVEN that the Transfer Books and Register of Members of the Company will be closed from 5.00 p.m. on 5 August 2022 for the purpose of determining shareholders' entitlements to the final and special dividends to be paid on 18 August 2022, subject to and contingent upon shareholders' approval for the proposed dividends being obtained at the forthcoming Annual General Meeting of the Company.

Duly completed transfers received by the Company's Registrar, Boardroom Corporate & Advisory Services Pte Ltd at 1 Harbourfront Avenue, #14-07 Keppel Bay Tower, Singapore 098632 up to 5.00 p.m. on 5 August 2022 will be registered before entitlements to the dividends are determined.

By Order of the Board

Tay Chee Wah
Company Secretary
5 July 2022

Notice of Annual General Meeting

BOUSTEAD PROJECTS LIMITED
(Incorporated in the Republic of Singapore)
(Company Registration Number: 199603900E)

Explanatory Notes on Ordinary and Special Business to be transacted

1. The Ordinary Resolution 6 is to allow the Company to pay directors' fees to all non-executive directors in arrears on a quarterly basis.
2. The Ordinary Resolution 8 is to enable the Directors to issue shares in the Company up to fifty percent (50%) of the total number of issued shares excluding any treasury shares and subsidiary holdings in the capital of the Company (in the case of issuance other than on a pro-rata basis to existing shareholders, such aggregate number of shares not to exceed twenty per cent (20%) of the total number of issued shares excluding any treasury shares and subsidiary holdings in the capital of the Company) for such purposes as they consider to be in the interests of the Company.
3. The Ordinary Resolution 9 is to empower the Directors from the date of the Annual General Meeting until the date of the next Annual General Meeting is to be held or is required by law to be held, whichever is the earlier, to make purchases (whether by way of On-Market Share Purchases or Off-Market Share Purchases on an equal access scheme) from time to time of up to ten per cent (10%) of the total number of Shares (excluding treasury shares and subsidiary holdings) at prices up to but not exceeding the Maximum Price. The rationale for, the authority and limitation on, the source of funds to be used for the purchase or acquisition including the amount of financing and the financial effects of the purchase or acquisition of Shares by the Company pursuant to the Share Buy-Back Mandate are set out in greater detail in the Addendum accompanying this Notice of Annual General Meeting.
4. The Ordinary Resolution 10 is to allow the Directors to grant awards and issue shares pursuant to the Boustead Projects Restricted Share Plan 2016.
5. The Ordinary Resolution 11 is to allow the directors to issue shares pursuant to the Boustead Projects Limited Scrip Dividend Scheme.

Notes:

(1) Pre-Registration

The Annual General Meeting ("AGM") is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Alternative arrangements relating to, among others, attendance, submission of questions in advance and/or voting by proxy at the AGM are set out in this Notice of AGM which has been uploaded on SGXNet and the Company's website on the same day. The announcement and this Notice of AGM together with the Addendum to the Notice of AGM may also be accessed at <https://www.sgx.com/securities/company-announcements> and <https://www.bousteadprojects.com>.

A member will be able to participate at the AGM by watching the AGM proceedings via a "live" audio-visual webcast and audio-only feed via mobile phones, tablets or computers. In order to do so, a member must pre-register by 10.30 a.m. on 25 July 2022, at <https://go.lumiengage.com/bousteadprojectsagm> for the Company to authenticate his/her/its status as a member. Authenticated members will receive email instructions on how to access the "live" webcast of the proceedings of the AGM by 12.00 p.m. on 27 July 2022. Members who do not receive an email by 12.00 p.m. on 27 July 2022, but have registered by the 25 July 2022 deadline, may contact the Company's Share Registrar at agm.teame@boardroomlimited.com.

Investors holding Shares through relevant intermediaries (as defined in Section 181 of the Companies Act 1967 of Singapore) ("Investors") (other than CPF/SRS investors) will not be able to pre-register at <https://go.lumiengage.com/bousteadprojectsagm> for the "live" webcast of the AGM. An Investor (other than CPF/SRS investors) who wish to participate in the "live" webcast of the AGM should instead approach his/her/its relevant intermediary as soon as possible in order for the relevant intermediary to make the necessary arrangements to pre-register. The relevant intermediary is required to submit a consolidated list of participants (setting out in respect of each participant, his/her/its name, email address and NRIC/Passport number) to the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte Ltd, via email to agm.teame@boardroomlimited.com no later than 10.30 a.m. on 25 July 2022.

Notice of Annual General Meeting

BOUSTEAD PROJECTS LIMITED

(Incorporated in the Republic of Singapore)
(Company Registration Number: 199603900E)

(2) Submission of Proxy Form

As a precautionary measure due to the current COVID-19 situation in Singapore, a member will not be able to attend the AGM in person, and may only attend the AGM by observing and listening to the proceedings of the AGM by electronic means. A member will also not be able to vote online on the resolutions to be tabled for approval at the AGM. A member (whether individual or corporate) must appoint the Chairman of the AGM ("Chairman") as his/her/its proxy to attend, speak and vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM. The Chairman, as proxy, need not be a member of the Company. The instrument for the appointment of proxy ("proxy form") may be accessed at the Company's website at <https://www.bousteadprojects.com> or the SGXNet. Where a member (whether individual or corporate) appoints the Chairman as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the proxy form, failing which, the appointment of the Chairman as proxy for that resolution will be treated as invalid.

The proxy form is not valid for use by Investors (including CPF/SRS investors) and shall be ineffective for all intents and purposes if used or purported to be used by them. An Investor who wishes to vote should instead approach his/her/its relevant intermediary as soon as possible to specify his/her/its voting instructions. A CPF/SRS investor who wishes to vote should approach his/her CPF Agent Bank or SRS Operator by 5.00 p.m. on 18 July 2022, being seven (7) working days before the date of the AGM to submit his/her voting instructions.

The proxy form must be submitted to the Company in the following manner:

- (a) if submitted by post, be lodged with the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte Ltd, at 1 Harbourfront Avenue, #14-07 Keppel Bay Tower, Singapore 098632; or
- (b) if submitted electronically, be submitted via email to agm.teame@boardroomlimited.com,

in either case, by 10.30 a.m. on 26 July 2022, being forty-eight (48) hours before the time appointed for holding this AGM.

A member who wishes to submit the proxy form must complete and sign the proxy form attached with this booklet or download it from the Company's website or the SGXNet, before submitting it by post to the address provided above, or scanning and sending it by email to the email address provided above.

Members are strongly encouraged to submit completed proxy forms electronically via email.

The instrument appointing a proxy must be signed by the appointer or his attorney duly authorised in writing. Where the instrument appointing a proxy is executed by a corporation, it must be executed either under its common seal or under the hand of any officer or attorney duly authorised. Where an instrument appointing a proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company), if the instrument appointing a proxy is submitted electronically via email, be emailed with the instrument of proxy, failing which, the instrument may be treated as invalid.

The Company shall be entitled to reject the instrument appointing the Chairman as proxy if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing the Chairman as proxy (including any related attachment) (such as in the case where the appointor submits more than one instrument appointing the Chairman as proxy).

In the case of members of the Company whose Shares are entered against his/her/its names in the Depository Register, the Company may reject any proxy form submitted if such members are not shown to have Shares entered against his/her/its names in the Depository Register (as defined in Section 81SF of the Securities and Futures Act 2001 of Singapore), as at seventy-two (72) hours before the time appointed for holding this AGM as certified by The Central Depository (Pte) Limited to the Company.

Notice of Annual General Meeting

BOUSTEAD PROJECTS LIMITED
(Incorporated in the Republic of Singapore)
(Company Registration Number: 199603900E)

(3) Submission of Questions

Members and Investors will be able to ask questions “live” during the webcast of this AGM via an online chat box.

However, as Members will not be able to vote online on the resolutions to be tabled for approval at the AGM but must appoint the Chairman of the AGM his/her/its proxy to vote on his/her/its behalf at the AGM, Members and Investors may submit questions relating to the business of this AGM by 10.30 a.m. on 18 July 2022:

- (a) via the pre-registration website at <https://go.lumiengage.com/bousteadprojectsgam>;
- (b) by email to bousteadprojects.agm2022@boustead.sg; or
- (c) by post to the Company’s Share Registrar, Boardroom Corporate & Advisory Services Pte Ltd, at 1 Harbourfront Avenue, #14-07 Keppel Bay Tower, Singapore 098632.

Members and Investors are strongly encouraged to submit their questions via the pre-registration website or by email. The Company will endeavour to answer all substantial and relevant questions (as may be determined by the Company in its sole discretion) received from Members and Investors prior to or during the AGM. However, as there may not be sufficient time to address all such questions during the AGM itself, the Company may also publish responses to questions which the Company is unable to address during the AGM on the Company’s corporate website and on SGX’s website at least seventy-two (72) hours prior to the closing of the proxy submission to the Company. Please note that “live” questions will only be available for “live” audio-visual webcast but not “live” audio-only webcast.

(4) Annual Report and other documents:

The Annual Report for the financial year ended 31 March 2022 (“Annual Report 2022”) which was issued and released on 5 July 2022 can be accessed at SGXNet and at the Company’s website at <https://www.bousteadprojects.com>.

(5) Further Information

For further information on the conduct of the AGM and the alternative arrangements, shareholders can refer to the Company’s website at <https://www.bousteadprojects.com>. Shareholders who wish to remotely observe the AGM proceedings are reminded that the AGM is private. The invitation to attend the AGM via “live” audio-visual webcast or “live” audio-only stream is not to be forwarded to anyone who is not a shareholder or who is not authorised to attend the AGM.

Recording of the AGM proceedings in whatever form is also strictly prohibited. The Company seeks shareholders’ patience and understanding during the AGM proceedings in the event of any technical disruptions.

- (6) Due to the constantly evolving COVID-19 situation in Singapore, the Company may be required to change the arrangements for the AGM at short notice. Shareholders should check the Company’s website at <https://www.bousteadprojects.com> or SGXNet for the latest updates on the status of the AGM.

PERSONAL DATA PRIVACY

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member’s personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the “Purposes”), (ii) warrants that where the member discloses the personal data of the member’s proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member’s breach of warranty.

(Company Registration Number: 199603900E)

**Annual General Meeting to be held on
28 July 2022 at 10.30 a.m.**
(Before completing this form, please see notes overleaf)

IMPORTANT:

1. The Annual General Meeting ("AGM") is being convened, and will be held, by way of electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020.
2. Alternative arrangements relating to attendance at the AGM via electronic means (in particular, arrangements by which the meeting can be electronically accessed via "live" audio-visual webcast or audio-only stream), submission of questions to the Chairman of the AGM in advance of the AGM, addressing of substantial and relevant questions at the AGM and voting by appointing the Chairman of the AGM as proxy at the AGM, are set out in the Notice of AGM dated 5 July 2022. The Notice of AGM may be accessed at the Company's website at <https://www.bousteadprojects.com>, and will also be made available on SGXNet at <https://www.sgx.com/securities/company-announcements>.
3. As a precautionary measure due to the current COVID-19 situation in Singapore, a member will not be able to attend the AGM. A member (whether individual or corporate) must appoint the Chairman of the AGM as his/her/its proxy to attend, speak and vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM.
4. This proxy form is not valid for use by investors holding shares in the Company ("Shares") through relevant intermediaries (as defined in Section 181 of the Companies Act 1967 of Singapore ("Investors") (including investors holding through Central Provident Fund ("CPF") and Supplementary Retirement Scheme ("SRS") ("CPF/SRS investors")) and shall be ineffective for all intents and purposes if used or purported to be used by them. An investor who wishes to vote should instead approach his/her/its relevant intermediary as soon as possible to specify voting instructions. A CPF/SRS investor who wishes to vote should approach his/her CPF Agent Bank or SRS Operator by 5.00 p.m. on 18 July 2022, being seven (7) working days before the date of the AGM to submit his/her voting instructions.
5. By submitting an instrument appointing the Chairman of the AGM as proxy, the member accepts and agrees to the personal data privacy terms set out in the Notice of the AGM dated 5 July 2022.
6. Please read the notes overleaf which contain instructions on, inter alia, the appointment of the Chairman of the AGM as a member's proxy to attend, speak and vote on his/her/its behalf at the AGM.

I/We _____ (Name) _____ (NRIC/Passport/Co. Reg. No.)
of _____

being a member/members of the above-named Company, hereby appoint the Chairman of the Annual General Meeting of the Company as my/our proxy/proxies to vote for me/us on my/our behalf at the Annual General Meeting of the Company to be convened and held by way of electronic means on Thursday, 28 July 2022 at 10.30 a.m. and at any adjournment thereof in the manner indicated below:

	Ordinary Resolutions:	For	Against	Abstain
Resolution 1	To receive and adopt the Directors' Statement and Audited Financial Statements for the year ended 31 March 2022 and the Independent Auditors' Report thereon.			
Resolution 2	To approve a final tax-exempt (one-tier) dividend of 0.2 cents per ordinary share for the year ended 31 March 2022.			
Resolution 3	To approve a special tax-exempt (one-tier) dividend of 0.8 cents per ordinary share for the year ended 31 March 2022.			
Resolution 4	To re-elect Mr Tam Chee Chong as a director of the Company.			
Resolution 5	To re-elect Professor Yong Kwet Yew as a director of the Company.			
Resolution 6	To approve directors' fees of up to \$300,000 for the financial year ending 31 March 2023, payable quarterly in arrears.			
Resolution 7	To re-appoint Messrs PricewaterhouseCoopers LLP as auditors of the Company and to authorise the directors to fix their remuneration.			
Resolution 8	To authorise the directors to allot and issue shares pursuant to Section 161 of the Companies Act 1967 of Singapore.			
Resolution 9	To approve the proposed renewal of the Share Buy-Back Mandate.			
Resolution 10	To authorise the directors to grant awards and issue shares pursuant to the Boustead Projects Restricted Share Plan 2016.			
Resolution 11	To authorise the directors to allot and issue shares pursuant to the Boustead Projects Limited Scrip Dividend Scheme.			

(You may tick (✓) within the relevant box to vote for or against, or abstain from voting, in respect of all your Shares for each resolution. Alternatively, you may indicate the number of Shares that you wish to vote for or against, and/or abstain from voting, for each resolution in the relevant box. **In the absence of specific directions in respect of a resolution, the appointment of the Chairman as your proxy for that resolution will be treated as invalid.**)

BOUSTEAD PROJECTS LIMITED

(Incorporated in the Republic of Singapore)
(Company Registration Number: 199603900E)

Notes:

1. Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (maintained by The Central Depository (Pte) Limited), you should insert that number of shares. If you only have shares registered in your name in the Register of Members (maintained by or on behalf of the Company), you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the shares held by you.
2. As a precautionary measure due to the current COVID-19 situation in Singapore, a member will not be able to attend in person, and may only attend the AGM by observing and listening to the proceedings of the AGM by electronic means. A member (whether individual or corporate) must appoint the Chairman of the AGM as his/her/its proxy to attend, speak and vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM. This proxy form may be accessed at the Company's website at <https://www.bousteadprojects.com>, and will also be made available on SGXNet at <https://www.sgx.com/securities/company-announcements>. Where a member (whether individual or corporate) appoints the Chairman of the AGM as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstention from voting, in respect of a Resolution in the form of proxy, failing which, the appointment of the Chairman of the AGM as a proxy for that Resolution will be treated as invalid.

CPF or SRS investors who wish to appoint the Chairman of the AGM as proxy should approach their respective Agent Banks or SRS Operators to submit their votes by 5.00 p.m. on 18 July 2022.

3. The Chairman of the AGM, as proxy, need not be a member of the Company.
4. The instrument appointing the Chairman of the AGM as proxy must be submitted to the Company in the following manner:
 - (a) if submitted by post, be lodged with the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte Ltd, at 1 Harbourfront Avenue, #14-07 Keppel Bay Tower, Singapore 098632; or
 - (b) if submitted electronically, be submitted via email to agm.teame@boardroomlimited.com,

in either case, by 10.30 a.m. on 26 July 2022, being forty-eight (48) hours before the time appointed for holding this AGM.

A member who wishes to submit the proxy form must complete and sign the proxy form attached with this booklet or download it from the Company's website or the SGXNet, before submitting it by post to the address provided above, or scanning and sending it by email to the email address provided above.

Members are strongly encouraged to submit completed proxy forms electronically via email.

5. The instrument appointing the Chairman of the AGM as proxy must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing the Chairman of the AGM as proxy is executed by a corporation, it must be executed either under its common seal or under the hand of an officer or attorney duly authorised. Where an instrument appointing the Chairman of the AGM as proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company), if the instrument appointing the Chairman of the AGM as proxy is submitted electronically via email, be emailed with the instrument of proxy, failing which, the instrument may be treated as invalid.
6. The Company shall be entitled to reject the instrument appointing the Chairman of the AGM as proxy if it is incomplete, improperly completed or illegible or where the true intentions of the appointor is not ascertainable from the instructions of the appointor specified in the instrument (including any related attachment) appointing the Chairman of the AGM as proxy. In addition, in the case of a member whose shares are entered against his name in the Depository Register, the Company may reject any instrument appointing the Chairman of the AGM as proxy lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register seventy-two (72) hours before the time appointed for holding the AGM as certified by The Central Depository (Pte) Limited to the Company.

Personal Data Privacy :

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 5 July 2022.
